Cedar Birds David McGehee,2017-08-31 Cedar Birds is a fictional work that ordains the beliefs of the coastal Carolina Indian through their worship of the spirits their connection with and nurturing of all that lives These beliefs and behaviors are compared with the brutal killing of the docile right whales by the white man and his destructive selfish domination of and exploitation of the earth in general For example the whale is killed for nothing more than the melting down of the huge carcass to render oil to fuel their lanterns But darkness always returns Cedar Birds reveals its magic through the eyes and voice of the sensitive coastal boy Davey He also appears as a changed man who years later returns to his coastal home town after the horrors and his losses in Vietnam Killing of any kindwhether of whales or of other humansmakes him ponder the mystical wisdom and spiritualistic practices of the shaman Davey eventually comes to understand that he is of the Coree shaman bloodline his extraordinary senses and instincts were responsible for saving him in Vietnam The mystical connection with the spirits also delivers him from his deadly drug addiction and gives him the power to save others Davey visits the site of the old Indian village Cwarioc His senses have told him that the shaman has died He comes to open the portal through which the shamans spirit is to be delivered to the ancients where he becomes one of the faces in the windinto the mystic But will the spirit be delivered Have we killed it all or can the spirits bring the healing Has the last whale died Is this the beginning or the ending Will the ending become the beginning

Fish on Friday (EasyRead Large Bold Edition) Brian M. Fagan,2007 In this book the author tells a new story of the discovery of America In his view that discovery is the product of the long sweep of history the spread of Christianity and the radical cultural changes it brought to Europe the interaction of economic necessity with a changing climate and generations of unknown fishermen who explored the North Atlantic in the centuries before Columbus The Church s tradition of not eating meats on holy days created a vast market for fish that could not be fully satisfied by fish farms better boats or new preservation techniques Then when climate change in the thirteenth and fourteenth centuries diminished fish stocks off Norway and Iceland fishermen were forced to range ever farther to the west eventually discovering incredibly rich shoals within sight of Newfoundland Dust jacket
