**On the Wings of an Angel** Cyril Burcher, 2013      **From the Wings of an Angel** Sufur, 1996-08-01      *Angels and Angelology in the Middle Ages* David Keck, 1998-07-23 Recently angels have made a remarkable comeback in the popular imagination their real heyday however was the Middle Ages From the great shrines dedicated to Michael the Archangel at Mont St Michel and Monte Garano to the elaborate metaphysical speculations of the great thirteenth century scholastics angels dominated the physical temporal and intellectual landscape of the medieval West This book offers a full scale study of angels and angelology in the Middle Ages Seeking to discover how and why angels became so important in medieval society David Keck considers a wide range of fascinating questions such as Why do angels appear on baptismal fonts How and why did angels become normative for certain members of the church How did they become a required course of study Did popular beliefs about angels diverge from the angelologies of the theologians Why did some heretics claim to derive their authority from heavenly spirits Keck spreads his net wide in the attempt to catch traces of angels and angelic beliefs in as many portions of the medieval world as possible Metaphysics and mystery plays prayers and pilgrimages Cathars and cathedrals all these and many more disparate sources taken together reveal a society deeply engaged with angels on all its levels and in some unlikely ways      **The Mighty Angels of Revelation** Nathan E. Jones, 2019-11-03 A devastating car wreck nearly killed his parents If not for a lone biker who had stopped at the scene of the accident and administered first aid some say they would have died before medical help arrived The problem only one person could recollect the biker ever having been there Their rescuer had mysteriously disappeared without a trace The only survivor who could remember insisted they must have been rescued not by a mere man but by an actual angel sent from God This jolting event in the life of one family led author Nathan Jones to set off to explore the greatest source in the study of Angelology the book of Revelation With its whopping 72 instances of individual and entire groups of angels and demons Revelation stands apart from all of the other books in the Bible as the most prolific source for learning about angels Come and travel along with a man called the Elder and his angelic guide as the end times are revealed throughout the book of Revelation in stunning detail Along the way meet 72 of God's mighty angels as they proclaim God's messages of warning and hope to a lost world Together let us encounter the Mighty Angels of Revelation      **Angels: The Seen and Unseen** Joseph J. Randazzo, 2024-01-12 The Angels have not always existed GOD created them and He did so before He even made the universes Angels are beings who have greater power and ability than humankind They exist and appear in physical form or spiritual here on earth or in the heavens with a level of existence higher than the physical universe Thus some levels of Angels are also referred to as spirits and known as the Unseen When we observe and meet up with these messengers doing supernatural things there is no complete understanding how they do these miracles as heavenly beings However those who believe it GOD the Fathers know these private messengers work for the ultimate benefit to help evolve humans century after century and live and walk among us Angels may work hard to guard

the people they are assigned to protect from danger Stories about Angels rescuing people facing destructive overbearing situations are popular in our culture Some people from religious traditions like Catholicism believe that everyone has a guardian Angel divinely assigned to them for their entire life Angels in worldly religions such as Judaism Christianity and Islam state that an important part of the Angels work is to worship the GOD who created them such as by praising him in heaven Some religions such as Islam state that all Angels serve GOD faithfully Other religions such as Christianity state that some Angels are faithful to GOD while others have rebelled against him and are now known as demons and the evil ones Angels are mentioned 273 times in the Bible referencing special messages unique events unexplainable miracles promoting creational benevolence or following orders of death and destruction hence Sodom and Gomorrah The Bible states some Angels are GOD s messengers and likewise beware the Bible also states some Angels are GOD s Spiritual Army telling us about facts not to forget of such legions of warring Angels with unlimited capacities Some Angels have been described as participants in the creation and providential continuance of the cosmos though out the Heavens Clement of Alexandria influenced by Hellenistic cosmology mentioned that the functions and the moving of the stars and control the four elements such as earth air fire and water are controlled by GOD s assigned participating hierarchy of Angels There are NINE 9 distinct types of Angels identified in biblical scripture We know by popularity the Archangels are the most recognizable however reviled in the Bible are many more Angel types whose functions are assigned to protect care and inspire the humankind on earth Both in the Old and in the New Testament we see Angels have been named numerous times and each have a key position and chain of command in GOD s plan in addition to belonging to the army of GOD thought out the Universes Angels are interwoven within the culture of man regardless of religion or your belief system become informed in this study about Angels The Seen and Unseen The things visible and the things invisible Beware of a stranger you meet it may be an Angel by Joseph J Randazzo      Douglas R.
