saw Webb's performance and cast him in Laura in 1944 Webb began to write his autobiography but he said that he eventually had gotten bogged down in the process However he did complete six chapters and left a hefty collection of notes that he intended to use in the proposed book His writing is as witty and sophisticated as his onscreen persona Those six chapters information and voluminous notes and personal research by coauthor David L Smith provide an intimate view of an amazingly talented man's life and times

Rethinking School-University Partnerships Prentice T. Chandler, Lisa Barron, 2021-05-01 Rethinking School University Partnerships A New Way Forward provides educational leaders in K 12 schools and colleges of education with insight advice and direction into the task of creating partnerships In current times colleges of education and local school districts need each other like never before School districts struggle with pipeline recruitment and retention issues Colleges of education face declining enrollment and a shifting educational landscape that fundamentally changes the way that teachers are trained and what local school districts expect their teachers to be able to do It is with these overlapping constraints and converging interests that partnerships emerge as a foundational strategy for strengthening the education of our teachers With nearly 80 contributors from 16 states and Jamaica representing 39 educational institutions the partnerships described in this book are different from the ways in which colleges of education and school districts have traditionally worked with one another In the past these loose relationships centered primarily on student teaching and or field experience placements In this arrangement the relationship was directed towards ensuring that the local schools were amenable to hosting students from the college of education so that the student candidate could complete the requirements to earn a teaching license In our view this paradigm needs to be enlarged and shifted
