**From William Morris to Sergeant Pepper** Peter Stansky, 1999 Peter Stansky writes with wit and perception about areas of British life that he has made his own **BOOK JACKET** William Morris' Position between Art and Politics Grzegorz Zinkiewicz, 2017-06-23 This volume re evaluates the position of William Morris regarding contemporary perspectives on his artistic and political endeavours Special emphasis is placed on the concepts and territories that lie in between both literally and metaphorically This in between ess is the most remarkable quality of Morris and secures him a unique position among his contemporaries as well as inspiring new generations of scholars Paradoxically however this aspect also contributes to a certain marginalization of Morris in studies devoted to Eminent Victorians Instead of speaking of ruptures gaps or lacunas the point of view adopted here explores the undefined terrenes situated between art and politics viewing them as vantage points and departure planes which cement Morris s universe At the same time the book also argues that this universe has always existed in its specific shape and form while the poetic upholster as Morris was ironically labelled only discovered and explored different points on the map of a space that could have no limits and boundaries The book offers new insights and avenues to supplement existing scholarship on Morris including spatiotemporal aspects of his work and the relationship between art and politics The Cambridge Companion to William Morris Marcus Waithe, 2024-05-23 A vibrant gathering of influential voices who have participated in the critical political and curatorial revival of William Morris s work **A Companion to the Anthropology of the Body and Embodiment** Frances E. Mascia-Lees, 2011-03-29 A Companion to the Anthropology of the Body and Embodiment offers original essays that examine historical and contemporary approaches to conceptualizations of the body In this ground breaking work on the body and embodiment the latest scholarship from anthropology and related social science fields is presented providing new insights on body politics and the experience of the body Original chapters cover historical and contemporary approaches and highlight new research frameworks Reflects the increasing importance of embodiment and its ethnographic contexts within anthropology Highlights the increasing emphasis on examining the production of scientific technological and medical expertise in studying bodies and embodiment George Orwell and the Radical Eccentrics K. Bluemel, 2016-04-30 George Orwell and the Radical Eccentrics celebrates the lives literature and politics of a group of four radical eccentrics the Tory anarchist poet Stevie Smith the Marxist Indian nationalist Mulk Raj Anand and the glamour girl turned socialist Inez Holden who formed a friendly circle around the famously radical and eccentric George Orwell Demonstrating that Smith Anand and Holden matter for literary history just as they mattered for Orwell George Orwell and the Radical Eccentrics gives name and shape to a neglected movement within interwar and wartime English writing It focuses on the lives and texts of Smith Anand and Holden in order to argue that these three writers throw into question limiting assumptions about art and politics about standard relations between literary form and sex gender race class and empire in ways that their group s most influential radical Orwell cannot Embarking upon a kind of

biographical political cultural literary criticism this book brings the radical eccentrics vital potentially transformative conversation to the attention of scholars of English literature for the first time suggesting fascinating new approaches to the study of literary London during the thirties and forties      **Virginia Woolf and the Nineteenth-Century Domestic Novel** Emily Blair, 2012-02-16 In *Virginia Woolf and the Nineteenth Century Domestic Novel* Emily Blair explores how nineteenth century descriptions of femininity saturate both Woolf's fiction and her modernist manifestos Moving between the Victorian and modernist periods Blair looks at a range of nineteenth and early twentieth century sources including the literature of conduct and household management as well as autobiography essay poetry and fiction She argues for a reevaluation of Woolf's persistent yet vexed fascination with English domesticity and female creativity by juxtaposing the novels of Elizabeth Gaskell and Margaret Oliphant two popular Victorian novelists against Woolf's own novels and essays Blair then traces unacknowledged lines of influence and complex interpretations that Woolf attempted to disavow While reconsidering Woolf's analysis of women and fiction Blair simultaneously deepens our appreciation of Woolf's work and advances our understanding of feminine aesthetics      *Virginia Woolf in Context* Bryony Randall, Jane Goldman, 2012-12-17 Covering a wide range of historical theoretical critical and cultural contexts this collection studies key issues in contemporary Woolf studies      *The Journal of the William Morris Society*, 2000      *Radicalism in British Literary Culture, 1650-1830* Timothy Morton, Nigel Smith, 2002-01-03 This study examines the radical tradition in British literary culture from the English Revolution to the French Revolution It charts continuities between the two periods and examines the recuperation of ideas and texts from the earlier period in the 1790s and beyond The volume argues that the radical agendas of the mid seventeenth century intended to change society fundamentally did not disappear throughout the long eighteenth century only to be resuscitated at its close Rather through close textual analysis these essays indicate a more continuous transmission      *The Cambridge Companion to the Bloomsbury Group* Victoria Rosner, 2014-05-26 Provides a comprehensive guide to the storied Bloomsbury Group a social circle of prominent intellectuals active during the interwar period      *Jerusalem Transformed* Professor Emeritus of Modern Jewish History Richard I Cohen, Richard I Cohen, 2024-10 The symposium that kicks off the latest volume of *Studies in Contemporary Jewry* focuses on the city that is at the very center of contemporary Jewish life both geographically and culturally Jerusalem is an extremely engaging and beautiful city as well as a source of continual controversy and contestation The authors in the symposium discuss a wide range of topics with a focus on politics and culture offering readers provocative views on the city over the last 120 years Essays by historians and cultural scholars in the volume engage with such issues as visions of the city among Jews and non Jews and musical and literary imaginings of the city while other scholars bring original interpretations of the city's political evolution in the past century that will both surprise and intrigue readers The extensive book review section illustrates the consistent interest in modern Jewish history and culture      *Critical Craft* Clare M. Wilkinson-Weber, Alicia Ory DeNicola, 2020-05-26 From Oaxacan wood carvings to

dessert kitchens in provincial France Critical Craft presents thirteen ethnographies which examine what defines and makes craft in a wide variety of practices from around the world Challenging the conventional understanding of craft as a survival or revival or something that resists capitalism the book turns instead to the designers DIY enthusiasts traditional artisans and technical programmers who consider their labor to be craft in order to comprehend how they make sense of it The authors ethnographic studies focus on the individuals and communities who claim a practice as their own bypassing the question of craft survival to ask how and why activities termed craft are mobilized and reproduced Moving beyond regional studies of heritage artisanship the authors suggest that ideas of craft are by definition part of a larger cosmopolitan dialogue of power and identity By paying careful attention to these sometimes conflicting voices this collection shows that there is great flexibility in terms of which activities are labelled craft In fact there are many related ideas of craft and these shape distinct engagements with materials people and the economy Case studies from countries including Mexico Nigeria India Taiwan the Philippines and France draw together evidence based on linguistics microsociology and participant observation to explore the shifting terrain on which those engaged in craft are operating What emerges is a fascinating picture which shows how claims about craft are an integral part of contemporary global change
