From these beginnings : a biographical approach to American history. 1 Roderick Nash, 1984 *From These Beginnings* Addison-Wesley Longman, Incorporated, 1999-08-01 From These Beginnings Roderick Nash, Gregory Graves, 2005 From *These Beginnings* looks at history through engaging biographical portraits of well known men and women whose contributions helped to create the nation and society Each biography offers a uniquely personal and provocative glimpse into the lives of these Americans and shows how their experiences are linked to historical events covering everything from the environment to popular culture **From These Beginnings** Roderick Nash, Gregory Graves, 1995-07-01 Key Thinkers on the Environment Joy A. Palmer Cooper, David E. Cooper, 2017-09-14 *Key Thinkers on the Environment* is a unique guide to environmental thinking through the ages Joy A Palmer Cooper and David E Cooper themselves distinguished authors on environmental matters have assembled a team of expert contributors to summarize and analyse the thinking of diverse and stimulating figures from around the world and from ancient times to the present day Among those included are philosophers such as Rousseau Kant Spinoza and Heidegger activists such as Chico Mendes and Wangari Maathai literary giants such as Virgil Goethe and Wordsworth major religious and spiritual figures such as Buddha and St Francis of Assisi eminent scientists such as Darwin Lovelock and E O Wilson Lucid scholarly and informative the essays contained within this volume offer a fascinating overview of humankind s view and understanding of the natural world Jonathan Edwards's Interpretation of Revelation 4:1-8:1 Glenn R. Kreider, 2004 The Bible was at the center of Jonathan Edwards intellectual and ministerial life As an eighteenth century theologian pastor the Scriptures were the focus of his work and the perspective through which he viewed his world Edwards had a particular interest in the interpretation of the Apocalypse devoting a notebook to the collection of observations and thoughts from his reading and reflection This book examines Edwards interpretation of Revelation 4 8 as seen in his working notebooks and theological treatises and sermons and then compares his views with some of his major contemporary biblical interpreters **Transatlantic History** Steven G. Reinhardt, Dennis Reinhartz, 2006 The transatlantic world has had immense influence on the direction of world history The six illuminating studies in *Transatlantic History* address cultural exchanges and intercontinental developments that contribute to our modern understanding of global communities *Transatlantic history* encompasses a variety of scholarly problems and approaches from multiple disciplines and volume editors Steven G Reinhardt and Dennis P Reinhartz have assembled a collection of essays that reflect the diversity within the field Introducing the book William McNeill provides a unifying overview of the concept and practice of transatlantic history by placing it within the larger context of world history The chapter authors bring distinctive styles and methods to the investigation of the processes of interaction and adaptation among Africans Native Americans and Europeans Their studies range from the Spanish imperial crisis in the 1600s to the urbanization of Europe

and the Americas from graphic portrayals of the Atlantic world to the settlement of Ireland America and South Africa and the recent diaspora of West Africans Readers interested in world history communication and cultural studies will find Transatlantic History provocative and challenging as it convincingly argues for the importance of this new field **The 1930s** J.B. Bennington,Zenia Sacks DaSilva,2016-04-26 In 2010 Hofstra University celebrated its 75th anniversary inviting scholars to the campus to discuss the world as it was in the year Hofstra was founded The conference 1935 The Reality and the Promise provided a wide ranging exploration of the 1930s with presentations discussions and events highlighting the arts entertainment society politics literature and science in that momentous decade This volume encompasses a selection of the most interesting and enlightening papers from this conference providing both depth and breadth of coverage By any measure the 1930s was a pivotal decade in modern history a time when the reality of current events and the foreshadowing of events to come tempered all promise The tension between reality and promise is a recurrent theme in the chapters brought together here as well as in the personalities and faces that came to define this decade [Writers Directory](#) NA NA,2016-03-05
