## **Frontera Sur Southern Border:**

**Voices of the Border** Tobin Hansen, María Engracia Robles Robles, 2021 Powerful personal accounts from migrants crossing the US Mexico border provide an understanding of their experiences as well as the consequences of public policy

**Refuge beyond Reach** David Scott FitzGerald, 2019-03-14 Why do people seeking asylum often break immigration laws Refuge Beyond Reach shows how rich democracies deliberately and systematically shut down most legal paths to safety An architecture of repulsion in the air at sea and on land keeps most refugees far away from places where they can ask for sanctuary

**States, the Law and Access to Refugee Protection** Maria O'Sullivan, Dallah Stevens, 2017-03-23 This timely volume seeks to examine two of the most pertinent current challenges faced by asylum seekers in gaining access to international refugee protection first the obstacles to physical access to territory and second the barriers to accessing a quality asylum procedure which the editors have termed access to justice To address these aims the book brings together leading commentators from a range of backgrounds including law sociology and political science It also includes contributions from NGO practitioners This allows the collection to offer interdisciplinary analysis and to incorporate both theoretical and practical perspectives on questions of immense contemporary significance While the examination offers a strong focus on European legal and policy developments the book also addresses the issues in different regions Europe North America the Middle East Africa and Australia Given the currency of the questions under debate this book will be essential reading for all scholars in the field of asylum law

*The Mediterranean In The Age Of Globalization* Natalia Ribas Mateos, The Mediterranean in the Age of Globalization is a welcome corrective to the tendency to present globalization as a homogenous concept and the failure to describe how it operates in specific regions Ribas Mateos examines globalization and migration across the Mediterranean using an innovative integrated framework so as to map social places by describing how social political cultural and economic forces are embedded within a globalizing environment The author articulates an original and compelling narrative mapping the Mediterranean as a global place where international and regional forces are intertwined in multiple threads In doing so she identifies two key components of globalization affecting specifically forms of welfare and issues of mobility in the context of a weakening European welfare state and the relocation and reinforcement of Mediterranean borders Nine Mediterranean cities are investigated as gateway cities which shape two major effects of globalization welfare and mobility The book challenges conventional North South perspectives and focuses and systematizes the way international migration should be conceptualized The originality of the book results from the author's fieldwork which is rich in descriptive detail and from a theory centered around global perspectives Seven case studies in Southern Europe Algeciras Athens Barcelona Lisbon Naples Turin and Thrace deal with issues related to migration and the welfare state She also includes two ethnographies that represent two Mediterranean gateways in the North South Mediterranean division Tangiers in Morocco and Durrës in Albania which are mapped as border cities in the global Mediterranean context

Because of its intrinsically multidisciplinary nature this superb volume will be of particular interest to academics and social science researchers as well as policymakers and international agencies Natalia Ribas Mateos is a Marie Curie fellow at the Mediterranean Laboratory of Sociology Aix en Provence France Among her recent books are *Una invitacin a las sociologa de las migraciones* and *El debate sobre la globalizacin*

**Rebuilding the State Institutions** Juan Antonio Le Clercq, Jose Pablo Abreu Sacramento, 2019-11-29 Contemporary Mexico faces a complex crisis of violence and insecurity with high levels of impunity and the lack of an effective rule of law These weaknesses in the rule of law are multidimensional and involve elements of institutional design the specific content of the laws particularities of political competition and a culture of legality in a country with severe social inequalities This book discusses necessary institutional and legal reforms to develop the rule of law in a context of democratic social and economic transformations The chapters are organized to address 1 The concept of the rule of law and its measurement 2 The fragility of the rule of law in Mexico 3 Structural reforms and implementation challenges 4 Social exclusion and the culture of legality The book addresses decision makers civil servants consultants scholars lecturers and students focusing on public policy rule of law sociology of law legislative studies and practice impunity and areas of political philosophy The book presents an interdisciplinary and integrated approach for understanding the rule of law in Mexico taking into account national particularities the regional context and global comparisons Chapters discuss recent institutional reforms in Mexico from a critical point of view and explore possible next steps to achieve effective implementation This book addresses the links between a weak rule of law and social phenomena like insecurity violence corruption and democratic deficits

**Symbolism 17: Latina/o Literature** Rüdiger Ahrens, Florian Kläger, Klaus Stierstorfer, 2017-10-10 The complex nature of globalization increasingly requires a comparative approach to literature in order to understand how migration and commodity flows impact aesthetic production and expressive practices This special issue of *Symbolism An International Journal of Critical Aesthetics* explores the trans American dimensions of Latina o literature in a trans Atlantic context Examining the theoretical implications suggested by the comparison of the global North global South dynamics of material and aesthetic exchange this volume highlights emergent Latina o authors texts and methodologies of interest in for comparative literary studies In the essays literary scholars address questions of the transculturation translation and reception of Latina o literature in the United States and Europe In the interviews emergent Latina o authors speak to the processes of creative writing in a transnational context This volume suggests how the trans American dialogues found in contemporary Latina o literature elucidates trans Atlantic critical dialogues

**Migration Governance in North America** Kiran Banerjee, Craig Damian Smith, 2024-05-14 Millions of people arrive in North America each year including highly skilled immigrants and temporary workers refugees and international students Migration border control and asylum are ongoing flashpoints in Canadian American and Mexican relations and deeply affect the domestic politics and economies of each country While migration has emerged as an only increasingly charged topic in public

discourse research has largely focused on North America's lack of regional integration around mobility often neglecting aspects of regional cooperation hierarchy and global engagement Migration Governance in North America advances that conversation by examining the complex dynamics of mobilities across the continent through contemporary analysis and historical context Situating North America within the global migration landscape contributors from Canada the United States Mexico and Europe unpack such issues as temporary labour mobility border security asylum governance refugee resettlement and the role of local actors and activists in coping with changing policies and politics In the wake of a series of significant and likely enduring changes across the continent this flagship volume puts policy developments and migrant organizing in conversation across borders investigates often contentious domestic regional and global migration politics and reveals how intersecting policy frameworks affect the movement of people

Twenty-First Century Arab and African Diasporas in Spain, Portugal and Latin America Cristián H. Ricci, 2022-12-30 This volume considers the Arabic and African diasporas through the underexplored Afro Hispanic Luso Africans and Mahjari South American and Mexican authors of Arab descent experiences in Spain Portugal and Latin America Utilizing both established and emerging approaches the authors explore the ways in which individual writers and artists negotiate the geographical cultural and historical parameters of their own diasporic trajectories influenced by their particular locations at home and elsewhere At the same time this volume sheds light on issues related to Spain Portugal and Latin American racial ethnic and sexual boundaries the appeal of images of the Middle East and Africa in the contemporary marketplace and the role of Spanish Portuguese and Latin American economic crunches in shaping attitudes towards immigration This collection of thought provoking chapters extends the concepts of diaspora and transnationalism forcing the reader to reassess their present limitations as interpretive tools In the process Afro Hispanic Afro Portuguese and Mahjaris are rendered visible as national actors and transnational citizens

**The Dispossessed** John Washington, 2020-04-03 The first comprehensive in depth book on the Trump administration's assault on asylum protections Arnovis couldn't stay in El Salvador If he didn't leave a local gangster promised that his family would dress in mourning that he would wake up with flies in his mouth It was like a bomb exploded in my life Arnovis said The Dispossessed tells the story of a twenty four year old Salvadoran man Arnovis whose family's search for safety shows how the United States in concert with other Western nations has gutted asylum protections for the world's most vulnerable Crisscrossing the border and Central America John Washington traces one man's quest for asylum Arnovis is separated from his daughter by US Border Patrol agents and struggles to find security after being repeatedly deported to a gang ruled community in El Salvador traumatic experiences relayed by Washington with vivid intensity Adding historical literary and current political context to the discussion of migration today Washington tells the history of asylum law and practice through ages to the present day Packed with information and reflection The Dispossessed is more than a human portrait of those who cross borders it is an urgent and persuasive case for sharing the country we call home

Applying Nonideal Theory to

Bioethics Elizabeth Victor, Laura K. Guidry-Grimes, 2021-08-03 This book offers new essays exploring concepts and applications of nonideal theory in bioethics Nonideal theory refers to an analytic approach to moral and political philosophy especially in relation to justice according to which we should not assume that there will be perfect compliance with principles that there will be favorable circumstances for just institutions and right action or that reasoners are capable of being impartial Nonideal theory takes the world as it actually is in all of its imperfections Bioethicists have called for greater attention to how nonideal theory can serve as a guide in the messy realities they face daily Although many bioethicists implicitly assume nonideal theory in their work there is the need for more explicit engagement with this theoretical outlook A nonideal approach to bioethics would start by examining the sociopolitical realities of healthcare and the embeddedness of moral actors in those realities How are bioethicists to navigate systemic injustices when completing research giving guidance for patient care and contributing to medical and public health policies When there are no good options and when moral agents are enmeshed in their sociopolitical viewpoints how should moral theorizing proceed What do bioethical issues and principles look like from the perspective of historically marginalized persons These are just a few of the questions that motivate nonideal theory within bioethics This book begins in Part I with an overview of the foundational tenets of nonideal theory what nonideal theory can offer bioethics and why it may be preferable to ideal theory in addressing moral dilemmas in the clinic and beyond In Part II authors discuss applications of nonideal theory in many areas of bioethics including reflections on environmental harms racism and minority health healthcare injustices during incarceration and detention and other vulnerabilities experienced by patients from clinical and public health perspectives The chapters within each section demonstrate the breadth in scope that nonideal theory encompasses bringing together diverse theorists and approaches into one collection

**Just Immigration in the Americas** Allison B. Wolf, 2020-09-22 This book proposes a pioneering interdisciplinary feminist approach to immigration justice which defines immigration justice as being about identifying and resisting global oppression in immigration structures policies practices and norms In contrast to most philosophical work on immigration which begins with abstract ideas and philosophical debates and then makes claims based on them this book begins with concrete cases and immigration policies from throughout the United States Mexico Central America and Colombia to assess the nature of immigration injustice and set us up to address it Every chapter of the book begins with specific immigration policies practices or sets of immigrant experiences in the U S and Latin America and then explores them through the lens of global oppression to better identify what makes it unjust and to put us in a better position to respond to that injustice and improve immigrants lives It is one of the first sustained studies of immigration justice that focuses on Central and South America in addition to the U S and Mexico

Research Handbook on International Solidarity and the Law Cecilia M. Bailliet, 2024-04-12 This comprehensive and insightful Research Handbook addresses the interpretation of international solidarity within topical legal regimes and regional systems as well as in relation to decolonization and the

concepts of Ummah and Ubuntu It examines the way in which international solidarity enables the global community to respond to intercontinental challenges including climate change forced migration health emergencies and inequality

**Beyond Drugs, Smuggling and Trafficking** Gabriella Sanchez, Sheldon X. Zhang, 2021-09-27 Graphic depictions of crime in Mexico abound in the global imagination fueled not merely by media representations but also by an abundant body of scholarship that reproduces grotesque simplistic characterizations of Mexico's people cities and towns as crime ridden and almost inherently violent These representations however often lack evidence and forgo important contextual analyses not to mention fail to incorporate the perspectives of its actors in the research development process This collection of essays shows how community based research efforts to examine practices like kidnapping migrant smuggling human trafficking sex work and citizen led forensics in Mexico can effectively correct methodological and conceptual gaps present in Mexico's dominant organized crime narrative while providing effective mechanisms to inform academic and policy debates This easy to read volume provides a much needed re assessment of Mexico's organized crime rhetoric and also outlines a pathway for those interested in developing critical empirical research on illicit and criminalized practices The chapters in this book were originally published as a special issue of the journal *Victims Offenders* **Debunk This!** Matt Palumbo, 2019-08-20

Countless studies have proven that over 90 percent of Trump related news coverage is negative and the percentage of journalists that identify as Republicans are in the single digits When liberals are running the show you can bet that their narrative has gone unchallenged If you tell a lie long enough people will begin to believe it and that's certainly the case with so many liberal myths that have become accepted as conventional wisdom In this book you'll learn among many other facts What happened to non gun mass killings when Australia enacted strict gun control The truth about Scandinavian socialism How Obama twisted the numbers to appear tough on immigration Why Mexico has stricter immigration laws than the US How Bill Clinton faked the Clinton surplus That the US doesn't have the majority of the world's mass shootings Why statistics claiming that illegal aliens commit fewer crimes than the general public are bogus The countless lies the media simply made up about the Trump administration If you're in need of ammunition to shoot down liberal lies this is the book for you *How to Deal with Refugees?* Gerhard Besier, Katarzyna Stoklosa, 2018 2015 was without any doubt the year of migrations Over the subsequent two years we have certainly seen the migration flows reduce but it was never going to be possible to halt them altogether From the outset of this phenomenon numerous academics and researchers have dedicated themselves to the topic They analyse the causes the course of the migration flows parallels and impacts as well as possible scenarios of the migration movement A wide reaching debate has evolved on the topic of migration to which the authors in this anthology were also keen to contribute conflict regulations attempts In this publication historians political scientists philosophers sociologists geographers human geographers economists literary scientists legal scholars theologians and psychiatrists from a range of European and Non European countries have each contributed from their individual standpoints *Solidarity Mobilizations*

*in the 'Refugee Crisis'* Donatella della Porta, 2018-02-21 This edited collection introduces conceptual innovations that critically engage with understanding refugee movements as part of the broader category of poor people's movements. The empirical focus of the work lies on the protest events related to the so-called long summer of migration of 2015. It traces the route followed by the migrants from the places of first arrival to the places of passage and on to the places of destination. Through qualitative and quantitative data, the authors map within a cross-national comparative perspective the wide set of actions and initiatives that are being created in solidarity with refugees who have made their journey seeking asylum to the European Union either travelling across the Mediterranean Sea or through South Eastern Europe. It explores these cases from the perspective of social movement studies alongside critical studies on migration and citizenship. **Emigrant**

**Dreams, Immigrant Borders** Raquel Vega-Durán, 2016-09-30 *Emigrant Dreams Immigrant Borders* Migrants Transnational Encounters and Identity in Spain offers a new approach to the cultural history of contemporary Spain, examining the ways in which Spain's own self-conceptions are changing and multiplying in response to migrants from Latin America and Africa. In the last twenty-five years, Spain has gone from being a country of net emigration to one in which immigrants make up nearly 12 percent of the population. This rapid growth has made migrants increasingly visible in both mass media and in Spanish visual and literary culture. This book examines the origins of media discourses on immigration and takes the analysis of contemporary Spanish culture as its primary framework while also drawing insights from sociology and history. *Emigrant Dreams Immigrant Borders* introduces readers to a wide range of recent films, journals, novels, photography, paintings, and music to reconsider contemporary Spain through its varied encounters with migrants. It follows the stages of the migrant's own journey beginning outside Spanish territory, continuing across the border either at the barbed wire fences of Ceuta and Melilla or the waters of the Atlantic or the Strait of Gibraltar, and then considers what happens to migrants after they arrive and settle in Spain. Each chapter analyzes one of these stages in order to illustrate the complexity of contemporary Spanish identity. This examination of Spanish culture shows how Spain is evolving into a new space of imagination, one that can no longer be defined without the migrant, a space in which there is no unified identity but rather a new self-understanding is being born. Vega-Durán both places Spain in a larger European context and draws attention to some of the features that from a comparative perspective make the Spanish case interesting and often unique. She argues that Spain cannot be understood today outside the Transatlantic and Mediterranean spaces, both real and imaginary, where Spaniards and migrants meet. *Emigrant Dreams Immigrant Borders* offers a timely study of present-day Spain and makes an original contribution to the vibrant debates about multiculturalism and nation formation that are taking place. **State, Foreign Operations, and Related Programs Appropriations for 2017** United States. Congress. House. Committee on Appropriations. Subcommittee on State, Foreign Operations, and Related Programs, 2016 *Lives in Transit* Wendy A. Vogt, 2018-11-06 *Lives in Transit* chronicles the dangerous journeys of Central American migrants in transit through Mexico. Drawing on fieldwork in

humanitarian aid shelters and other key sites Wendy A Vogt examines the multiple forms of violence that migrants experience as their bodies labor and lives become implicated in global and local economies that profit from their mobility as racialized and gendered others She also reveals new forms of intimacy solidarity and activism that have emerged along transit routes over the past decade Through the stories of migrants shelter workers and local residents Vogt encourages us to reimagine transit as a site of both violence and precarity as well as social struggle and resistance Governing Migration for Development from the Global Souths ,2022-09-12 The 14th thematic volume of International Development Policy provides perspectives through case studies from the global Souths focusing on the challenges and opportunities of governing migration on the subnational national regional and international levels Bringing together some thirty authors from Africa Latin America and Asia the book explores existing and new policies and frameworks in terms of their successes and best practices and looks at them through the lens of additional challenges such as those brought on by the COVID 19 pandemic the rise of nationalisms and an increase in xenophobia The chapters also take the 5 Ps approach to sustainable development people planet prosperity peace and partnerships and assess how migration policies serve sustainable development in a rapidly evolving context Contributors are Yousra Abourabi Gabriela Agosto Belkis Aracena Andrea Fernandez Benitez Macarena Chepo Amanda Coffie Jonathan Crush Mar a del Consuelo D vila Prez D lidji Eric Degila Jenny Lind Elmaco Ren Leyva Flores Luisa Feline Freier Silvia Nez Garcia Marcela Pezoa Gonzalez Binod Khadria Ariel Gonzalez Levaggi Wei Li Meixin Liu Ling Ma Ratnam Mishra Daniel Naujoks Claudia Padilla Karol Rojas Fabiana Rubinstein Yining Tan Narender Thakur Gerasimos Tsourapas Valeria Marina Valle and Josette Iribarne Wiff
