Frontier Justice Martha Martha

Andy Lamey

Frontier Justice Martha Martha:

Frontier Justice Don Helper, 1996 *Frontier Justice* Andy Lamey, 2013-08-27 *Frontier Justice* is a gripping eye opening exploration of the world wide refugee crisis Combining reporting history and political philosophy Andy Lamey sets out to explain the story behind the radical increase in the global number of asylum seekers and the effects of North America and Europe s increasing unwillingness to admit them He follows the extraordinary efforts of a set of Yale law students who sued the U S government on behalf of a group of refugees imprisoned at Guant namo Bay he recounts one refugee family s harrowing journey from Saddam Hussein s Iraq to contemporary Australia via the world s most dangerous ocean crossing and he explores the fascinating case of Ahmed Ressay the so called Millennium bomber who filed a refugee claim in Canada before attempting to blow up the Los Angeles airport Lamey casts new light on a host of broader subjects from the reasons why terrorists who pose as refugees have an overwhelming failure rate to the hidden benefits of multiculturalism Throughout Lamey s account he focuses on the rights of people in search of asylum and how those rights are routinely violated But *Frontier Justice* does not merely point out problems This book offers a bold case for an original solution to the international asylum crisis one which draws upon Canada s unique approach to asylum seekers At the centre of the book is a new blueprint for how the rights of refugees might be enforced and a vision of human rights that is ultimately optimistic and deeply affirmative In exploring one of the most pressing questions of our age Lamey provides an absorbing and unsettling look at a world in which as he notes there are many rights for citizens few for human beings **Frontier Justice** Javier Cikota, 2025-03-18 *Frontier Justice* looks beyond the lawlessness and violence of frontiers to reveal instead the intricate tapestry of relationships that underpinned the development of civil society there The book looks at northern Patagonia which was military annexed to Argentina between 1878 and 1885 The Argentine government sought to develop in the region the kind of practices and institutions that would turn barbarism into civilization Using court cases to reconstruct the partnerships between prominent neighbors and the police among neighbors themselves and between police judges and prosecutors the book argues that settlers were active stakeholders in the establishment and continued functioning of the frontier state The book centers on an unusual cast of frontier denizens tackling issues of gender race patronage and colonialism to better understand the competing sources of legitimacy in a newly incorporated area By the time the national government finally sought to assert its presence more forcefully in the 1930s and 1940s the population in northern Patagonia had developed its own pioneer political culture built on patronage and informal legal arrangements and reliant on grassroots legitimacy **Frontier Justice in the Wild West** R. Michael Wilson, 2007-06-01 *Frontier Justice* highlights eighteen crimes and subsequent punishments of the most interesting controversial and unusual executions from an era when hangings and shootings were a legal means of capital punishment Chapters include the bungled hanging of Tom Ketchum who was beheaded by the noose the unique trigger for the trapdoor used to hang Tom Horn Big Nose George Parrott who was skinned

pickled and made into a pair of shoes the double trials of Jack McCall assassin of Wild Bill Hickok the hanging of a woman Elizabeth Potts the shooting of John D Lee of Mountain Meadows Massacre infamy and the only use of a double twitch up gallows etc Each action packed chapter includes biographical information the pursuit the investigation legal maneuvers trial information and rarely seen photographs

Murder in Montague Glen Sample Ely, 2020-08-27 On a sweltering August night in 1876 Methodist minister William England his wife Selena and two of her children were brutally slaughtered in their North Texas home Acting on Selena's deathbed testimony a neighbor his brother in law and a friend were arrested and tried for the murders Murder in Montague tells the story of this gruesome crime and its murky aftermath In this engrossing blend of true crime reporting social drama and legal history author Glen Sample Ely presents a vivid snapshot of frontier justice and retribution in Texas following the Civil War The sheer brutality of the Montague murders terrified settlers already traumatized by decades of chaos violence and fear from the deadly raids of Comanche and Kiowa Indians to the terrors of vigilantes lynchings and Reconstruction lawlessness But the crime's aftermath involving five Texas governors five trials at Montague and Gainesville five appeals to the Texas Court of Appeals and three life sentences at hard labor in the state's abominable and inhumane prison system offered little in the way of reassurance or resolution Viewed from any perspective the 1876 England family murders were both a human tragedy and a miscarriage of justice Combining the long view of history and the intimate detail of true crime reporting Murder in Montague deftly captures this moment of reckoning in the story of Texas as vigilante justice grudgingly gave way to an established system of law and order

Frontier Justice J.R. Roberts, The Changing Trail Tracy Dunham, 1998-06 Mythmaker her son Whistle and the Monroes find themselves in danger by a wounded outlaw being chased by vigilantes

Rattlesnake Gulch Marjorie M. McGinley, 1999 Dan Turner sheriff of a small town in Northern California in 1869 is a busy man Criminals tend to think they can rob the townspeople of River Grove and then hide out in the mountains behind town But maybe they're wrong

Gamblers and Dreamers Charlene Porsild, 2011-11-01 The popular image of the Klondike is of a rush of white male adventurers who overcame great physical and geographical obstacles in their quest for gold Young white single American men carried forward the ideals and structures of the western frontier It was a man's world made respectable only after the turn of the century with the arrival of white middle class women who miraculously swept out the corners of dirt and vice and civilized the society These impressions endure despite recent attempts to correct them Gamblers and Dreamers tackles some of the myths about the history of the North in the era of the gold rush Though many inhabitants came and went Charlene Porsild focuses on the concept of community commitment to show that many put down roots This in depth study of Dawson City at the turn of the century reveals that the city had a cosmopolitan character a stratified society and a definite permanence It examines the lives of First Nations peoples miners and other labourers professionals merchants dance hall performers and sex trade workers providing fascinating detail about those who left homes and jobs to strike it rich in the last great gold rush of the

nineteenth century In the process Gamblers and Dreamers puts a human face on this compelling period of history **Serials and Series** Buck Rainey,2015-06-08 While many fans remember The Lone Ranger Ace Drummond and others fewer focus on the facts that serials had their roots in silent film and that many foreign studios also produced serials though few made it to the United States The 471 serials and 100 series continuing productions without the cliffhanger endings from the United States and 136 serials and 37 series from other countries are included in this comprehensive reference work Each entry includes title country of origin year studio number of episodes running time or number of reels episode titles cast production credits and a plot synopsis **Peacemaker Bounty** Clifford Blair,1998 *Reparations and War* Luke Moffett,2022-12-21 War devastates the lives of those who are caught up in it For thousands of years reparations have been used to secure the end of war and alleviate its deleterious consequences More recently human rights law has established that victims have a right to reparations Yet in the face of conflicts that last for decades with millions of victims how feasible are reparations And what are the obstacles to delivering them Using interviews with hundreds of victims ex combatants government officials and civil society actors from six post conflict countries *Reparations and War* examines the history theoretical justifications and practical challenges of implementing reparations after war It examines the role of non state armed groups in making reparations the role of victim mobilisation the evolving use of reparations and the political instrumentalization of redress Luke Moffett offers a measured and honest account of what reparations can and cannot do This book sheds new light on how reparations can be politically manipulated or used to reward those loyal to the State rather than to achieve justice for the victims who suffer The Law and the Lawless Art Downs,2015-04-01 At the end of the nineteenth century Canada s prairies were still sparsely populated Crimes such as horse theft random murders and prison escapes were the order of the day and the North West Mounted Police continued to rely on their horses their contacts and their wits to apprehend the culprits By the mid 1930s a sea change in technology and police science had changed the game Major advances in transportation communications and sleuthing techniques made crime solving a new art but the criminals also had access to the new ways The US had Bonnie and Clyde and John Dillinger but Canada had its fair share of bad apples committing equally vicious crimes a serial rapist and strangler who most often chose female proprietors of rooming houses as his victims a father and son murder team tracked by an enterprising detective all the way to Kentucky and a group of murderous youths who sparked a manhunt across two provinces and a bloody shootout resulting in the deaths of four policemen These stories offer an intriguing look at the skill determination and bravery of Prairie law enforcers as they risked their all to bring ruthless outlaws to justice From French Community to Missouri Town Bonnie Stepenoff,2006-09-01 A small French settlement thrived for half a century on the west bank of the Mississippi River before the Louisiana Purchase made it part of the United States in 1803 But for the citizens of Ste Genevieve becoming Americans involved more than simply acknowledging a transfer of power Bonnie Stepenoff has written an engaging history of Missouri s oldest permanent

settlement to explore what it meant to be Americanized in our country's early years. Picking up where other studies of Ste Genevieve leave off, she traces the dramatic changes wrought by the transfer of sovereignty to show the process of social and economic transformation on a young nation's new frontier. Stepenoff tells how French and Spanish residents, later joined by German immigrants and American settlers, made necessary compromises to achieve order and community, forging a democracy that represented different approaches to such matters as education, religion, property laws, and women's rights. By examining the town's historical circumstances, its legal institutions, and especially its popular customs, she shows how Ste Genevieve differed from other towns along the Mississippi. Stepenoff has plumbed the town's voluminous archives to share previously untold stories of Ste Genevieve citizens that reflect how Americanization affected their lives. In these pages we meet a free woman of color who sued a prominent white family for support of her children, a slave who obtained her own freedom and then purchased her daughters' freedom, a local sheriff who joined Aaron Burr's conspiracy, and a doctor who treated cholera victims and later became a U.S. senator. More than colorful characters, these are real people shown pursuing justice and liberty under a new flag. The story of Ste Genevieve serves as a testament to Tocqueville's observations on American democracy while also challenging some of the commonly held beliefs about that institution. From French Community to Missouri Town, provides a better understanding not only of how democracy works but also of what it meant to become American when America was still young.

The Main Enterprise of the World Philip Kitcher, 2022. Introduction. Part 1: Overload, Individuality, Fulfillment, Citizens, Moral Development, A Role for Religion. Part 2: The Natural Sciences, The Arts, Understanding Ourselves. Part 3: Social Change, Utopia. *The O'Malley Saga* Tom Austin, 1998.

Visual Culture Revisited Ralf Adelman, Andreas Fahr, Ines Katenhusen, Nic Leonhardt, Dimitri Liebsch, 2014-12-05. Is there one visual culture or are there multiple visual cultures? On the one hand, it is obvious that images do not exist and cannot be understood independently. Rather, they are embedded in institutions and cultural contexts. This common ground suggests an understanding of visual culture as a singular phenomenon. On the other hand, the plurality of pictorial representations, from sitcoms to illustrations in children's books, from cartoons to satellite photos, from high art to everyday life, suggests the conception of visual culture as a singular phenomenon to be misleading. The visual world is a field of conflict and tension between self and other, mainstream and counterculture. The articles in this book include both theoretical reflections on the dialectics of visual culture's as well as case studies. The focus lies on examples from the U.S. American context, from the focusing on Native Americans as the Vanishing Race in the 19th century, Photography to the TV coverage of the Columbia Space Shuttle Disaster in February 2003. This book is therefore highly recommendable to both students and scholars of American Studies, as well as those interested in the interdisciplinary debate on visual culture's.

Confederates and Comancheros James Bailey Blackshear, Glen Sample Ely, 2021-09-30. A vast and desolate region, the Texas-New Mexico borderlands have long been an ideal setting for intrigue and illegal dealings, never more so than in the lawless early days of

cattle trafficking and trade among the Plains tribes and Comancheros This book takes us to the borderlands in the 1860s and 1870s for an in depth look at Union Confederate skullduggery amid the infamous Comanche Comanchero trade in stolen Texas livestock In 1862 the Confederates abandoned New Mexico Territory and Texas west of the Pecos River fully expecting to return someday Meanwhile administered by Union troops under martial law the region became a hotbed of Rebel exiles and spies who gathered intelligence disrupted federal supply lines and plotted to retake the Southwest Using a treasure trove of previously unexplored documents authors James Bailey Blackshear and Glen Sample Ely trace the complicated network of relationships that drew both Texas cattlemen and Comancheros into these borderlands revealing the urban elite who were heavily involved in both the legal and illegal transactions that fueled the region s economy Confederates and Comancheros deftly weaves a complex tale of Texan overreach and New Mexican resistance explores cattle drives and cattle rustling and details shady government contracts and bloody frontier justice Peopled with Rebels and bluecoats Comanches and Comancheros Texas cattlemen and New Mexican merchants opportunistic Indian agents and Anglo arms dealers this book illustrates how central these contested borderlands were to the history of the American West *The Confederate* John W. Flores,2020-11-29 The life and times of legendary Texas oilman and liberal Democratic benefactor nationally Lucien Flournoy He was born in 1919 and died 2003 **In the Nick of Time** William C. Cline,1997-12-15 By the famous Big Reel columnist the story of serials from Universal s 1930 *The Indians Are Coming* to Columbia s 1956 *Blazing the Overland Trail* Fifteen fascinating chapters explain the importance of cliffhangers to the industry as audience builders and product leaders The serials provided training for actors and served as a technical university for people who later made the television industry work An appendix lists in order of release all of the sound serials from 1930 through 1956 showing titles releasing companies chapter titles directors and several cast members Superb photographs
