**Freeing God from Religion** Clifford Ratzlaff, 2012-07 If you tend to shake your head when you read religious literature please read this book I invite being disagreed with I welcome debate and do not object to being told I am wrong The question remains Who has the right religion Despite being an octogenarian when presumably all should be settled and nailed down I now challenge the theology I nodded to so vigorously in a previous time of my life What I once assumed as truth is now open to the kind of tough scrutiny I had never dared engage in My theological life scripts were deeply rooted and beyond challenge Born and raised in a fundamentalist Mennonite conservative evangelical community doubting and questioning were considered acts of sin Even though we were good ethical people we were repaganized every year by visiting English speaking evangelists and getting saved was an annual event I know I did it three times before I was fifteen I include a simple caveat Once you start critiquing and investigating your beliefs even the most cherished you will find that you cannot go back The very act of questioning intensifies the importance of the question Millions of books exist about God every book written by a human being mostly men Over twenty five miles of shelves with books about God are in the archives under the Vatican I had fifteen shelves with many books that talk about God

**Christ Actually** James Carroll, 2015-10-06 What can we believe about and how can we believe in Jesus Christ in light of the atrocities of the twentieth century and the drift from religion that followed Here James Carroll traces centuries of religious history and theology to face this core challenge to modern faith Carroll s search is a highly personal one beginning with a crucial received memory of Jesus that separates him from his essential identity as a Jew and therefore as a human The divinity of Jesus trumped his humanity including his Jewishness Yet if Jesus was not taken as divine he would be of no interest to believers Thus Carroll takes the God man question head on restoring its perennial answer but in a new way Drawing on a wide range of scholarship as well as his own acute searching Carroll shows how faith in Jesus evolved in the first place His fresh reading of the Gospels reinstates the context of the Romans effectively genocidal war against the Jews a first Holocaust that profoundly distorted the Christian memory of Jesus In this retrieval the great characters in Jesus story from John the Baptist and Peter to Paul and the various Marys come to life in a new context Far from another book about the historical Jesus Christ Actually takes the challenges of secularism seriously The new fact of the human condition that we are capable now of bringing about the extinction of our species must change the meaning of faith Humans of all stripes continue to long for the transcendent and it is as a figure of transcendence that Jesus Christ most compellingly stands Finally Carroll retrieves the power of Jesus profound ordinariness his simple life and his call to imitate him all suggesting an answer to Carroll s own last question what is the future of Jesus Christ This book points the way From publisher description
