The Law of the Canadian Constitution William Henry Pope Clement, 1904 **Canada Today**, 1971 "The" Statutes: Revised Edition, 1878 **A History of Law in Canada, Vol. 1** Philip Girard, Jim Phillips, R. Blake Brown, 2018-01-01. A History of Law in Canada is the first of two volumes. Volume one begins at a time just prior to European contact and continues to the 1860s while volume two will start with Confederation and end at approximately 2000. The history of law includes substantive law, legal institutions, legal actors and legal culture. The authors assume that since 1500 there have been three legal systems in Canada: the Indigenous, the French and the English. At all times these systems have co-existed and interacted with the relative power and influence of each being more or less dominant in different periods. The history of law cannot be treated in isolation and this book examines law as a dynamic process shaped by and affecting other histories over the long term. The law guided and was guided by economic developments, was influenced and moulded by the nature and trajectory of political ideas and institutions and variously exacerbated or mediated intercultural exchange and conflict. These themes are apparent in this examination and through most areas of law including land settlement and tenure and family, commercial, constitutional and criminal law.
