

SOLIDARITY

DEFINITION

Solidarity is the unity or agreement of feeling or action among individuals with a common interest or goal. It signifies mutual support within a group or community, often driven by shared values or beliefs.

EXAMPLES

- **Labor Strikes:** Workers uniting to demand better conditions, wages, or rights.
- **Civil Rights Movement:** People of all backgrounds coming together to fight racial discrimination.

From Selfdevelopment To Solidarity

Carol C. Gould

From Selfdevelopment To Solidarity:

"Electricity is Life" Özge Dolunay, This work presents a phenomenological approach to interdisciplinary energy research from a bottom up perspective The life world methodology sheds light on multilevel off grid energy governance in Namibia by exploring the process of modernization through its four dimensions differentiation rationalization individualization and domestication This research concludes that a shift in off grid energy governance is occurring in tandem with the meaning of electricity is Life experienced through the energy practices of everyday life *The Routledge International Handbook of Posttraumatic Growth* Roni Berger, 2023-12-08 The Routledge International Handbook of Posttraumatic Growth offers a rich covering of approaches to different traumatic and stressful experiences in relation to posttraumatic growth PTG This handbook explores the benefits that individuals couples families organizations and communities can experience following the struggle with highly stressful and potentially traumatic events Split into seven parts and written by a diverse international team of multidisciplinary contributors who provide a comprehensive overview of PTG topics include religious and spiritual aspects of PTG gender in PTG PTG in LGBTQ perinatal bereavement and more The Routledge International Handbook of Posttraumatic Growth represents an essential resource for students researchers and professionals including social workers psychologists nurses mental health counselors and psychiatrists Chapter 1 of this book is freely available as a downloadable Open Access PDF at <http://www.taylorfrancis.com> under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4.0 license

Solidarity's Secret Shana Penn, 2005 Drawing on a decade of interviews Penn Union Theological Center in Berkeley California pieces together the huge largely unstudied contributions of the Polish women whose pro democracy work was obscured by the more public successes of their male counterparts While prominent men like Lech Walesa were underground or in jail during the 1980s

Psychology of Sustainability Marcel Hunecke, 2022-10-19 This book analyzes key findings and developments of psychology for sustainable development The starting point is a discussion of the established literature of environmental psychology in regards to which factors influence environment related behavior Afterwards the author discusses strategies and interventions that can promote sustainable behavior It is very important that in order to increase the effectiveness of environmental psychological interventions these must be first contextualized socially Furthermore interventions that aim to bring about a socio ecological transformation should also focus on the goal of subjective well being Overall the findings of environmental psychology are brought together with theories from positive psychology and the approach of psychological resources from positive psychology and the approach of psychological resources from health psychology to answer the question How can the socio ecological transformation of a consumer society be supported by an inner transformation of human beings An answer to this question is provided by the promotion of six psychological resources for sustainable lifestyles mindfulness capacity for pleasure self acceptance self efficacy construction of meaning and solidarity can both promote individual well being and increase motivation for sustainable behavior

Leadership and Change Management Daphne Halkias, Joseph C. Santora, Nicholas Harkiolakis, Paul W.

Thurman, 2017-03-16 A leader's role in the management of change is a critical issue for successful outcomes of strategic initiatives. Globalization and economic instability have prompted an increase in organizational changes related to downsizing and restructuring in order to improve financial performance and organizational competitiveness. Researchers agree that a leader's inability to fully understand what is needed in order to guide their organization through successful change can be a reason for failure. Proper planning and management of change can reduce the likelihood of failure, promote change effectiveness, and increase employee engagement. Yet change in organizations must be viewed as a continuous activity that affects both organizational and individual outcomes. If change management can be considered as an event induced by socio-cultural factors, the cultural variable gains greater significance when applied to the quality of the relationship between a leader and their team. Many organizations today are on the verge of internationalization. It is here that the cultural context can affect behaviors and in the same way leadership style. The research presented in this book by an eminent group of scholars explores the influence of culture, ethnic, regional, religious on how leaders manage change within organizations. **A**

Configuration Approach to Mindset Agency Theory Maurice Yolles, Gerhard Fink, 2021-07-29 This book presents a new agency paradigm that can resolve complex socio-political situations in cross-cultural environments. **The Speaker**, 1894

Perspectives and Theories of Social Innovation for Ageing Population Andrzej Klimczuk, Łukasz Tomczyk, 2020-03-25

From Terrorism to Politics Dr Anisseh Van Engeland, Ms Rachael M Rudolph, 2013-03-28 How do terrorists become politicians? This book embraces a series of comparative case studies in order to examine important issues regarding the relationship between terrorism and political processes. It identifies the characteristics necessary for the transition from a terrorist organization to a political party and situates this within broader debates about substantive ethical concerns motivating the distinction between legitimate politics and illegitimate violence. The volume offers a presentation of how some terrorist groups see the world in which they live. It also provides an understanding of how established democracies such as the US react to the phenomenon of the terrorist politician transition. This is a useful resource for students and scholars of international relations, political ethics, and comparative politics. **Theorizing Cohesive Development** Sunil Ray, Neetu Choudhary, Rajeev K Kumar, 2020-05-07 This volume proposes an alternative development paradigm to the existing capitalist extant one and studies how it is distinctly different from the older system. Rooted in the principles of solidarity between humans as well as between humans and nature, this alternative paradigm replaces the methodological individualism of capitalism by reciprocal altruism, a new logic of capital to give pace and direction to the development process. The essays in this volume highlight instances of various forms of solidarity that have emerged in the contemporary world such as resistance movements of informal workers, the formation of an autonomous cooperative of self-employed waste pickers in India called SWaCH, and Brazil and Cuba's experiments with Social and Solidarity Economy (SSE) to achieve long-sustaining

cohesive development They also provide recommendations as to how the State can mold its development process to the benefit of marginalized communities especially in India and Bangladesh Featuring insights from leading experts in the field Theorizing Cohesive Development will be an indispensable read for students and researchers of development studies economics political economy political science and sociology minority studies and Asian studies

Congressional Record United States. Congress,1982 The Congressional Record is the official record of the proceedings and debates of the United States Congress It is published daily when Congress is in session The Congressional Record began publication in 1873 Debates for sessions prior to 1873 are recorded in The Debates and Proceedings in the Congress of the United States 1789 1824 the Register of Debates in Congress 1824 1837 and the Congressional Globe 1833 1873

Turning to the World Carl N. Still, Gertrude Rompré, 2018-12-30 The Second Vatican Council 1962 1965 was a watershed event in the history of the Catholic Church a critical self examination that sought at once to rediscover the most ancient sources of Christian thought and practice and to bring these traditions into the modern world While few question the idealism and vision of Vatican II its legacy is contested Has the Catholic Church fulfilled the promise of the council Has it successfully reclaimed the scriptural call to justice Has it truly shifted its gaze to the joys and hopes grief and anguish of our troubled world Reflecting on both the vision of the council and its uneven reception Turning to the World ponders the impact of Vatican II on interreligious dialogue peace building and care for the environment Focusing specifically on the Canadian and Latin American experiences contributors work from diverse disciplinary perspectives to examine developments in the Catholic Church s understanding of freedom conscience and the common good The volume also appraises the effects of the Church s turn to the world in its hope to voice the pressing needs of the human family especially in contexts of great poverty and injustice and among peoples adversely affected by the modern and postmodern economies of greed Exploring the legacy of Vatican II Turning to the World offers a unique perspective on the influence reception developments and applications of the council from the 1960s to the teachings of Pope Francis

Interactive Democracy Carol C. Gould, 2014-08-21 How can we confront the problems of diminished democracy pervasive economic inequality and persistent global poverty Is it possible to fulfill the dual aims of deepening democratic participation and achieving economic justice not only locally but also globally Carol C Gould proposes an integrative and interactive approach to the core values of democracy justice and human rights looking beyond traditional politics to the social conditions that would enable us to realize these aims Her innovative philosophical framework sheds new light on social movements across borders the prospects for empathy and solidarity with distant others and the problem of gender inequalities in diverse cultures and also considers new ways in which democratic deliberation can be enhanced by online networking and extended to the institutions of global governance Her book will be of great interest to scholars and upper level students of political philosophy global justice social and political science and gender studies

Passion for Justice Harlan Beckley, 1992-01-01 This valuable book explores how theology ethics and public policy are related in the

thoughts and lives of Walter Rauschenbusch John A Ryan and Reinhold Niebuhr three individuals who have each had a great impact on Christian thinking about justice **The Activation Dilemma** Amilcar Moreira,2008-06-20 This important book explores the meaning of social justice and examines how it translates into the everyday concerns of public and social policy

The Heart of Community Engagement Patricia Wilson,2019-06-06 Drawing on first hand accounts of action research in the Americas Africa and Asia The Heart of Community Engagement illustrates the transformative learning journeys of exemplary catalysts for community based change Practitioners stories of community engagement for social justice in the Global South elucidate the moments of insight and transformation that deepened their practice how to deal with uncertainty recognize their own blind spots become aware of what is emergent and possible in the moment and weave an inclusive bond of love respect and purpose Each successive narrative adds a deeper level of understanding of the inner practice of community engagement The stories illuminate the reflective or inner practice of the outside change agent whether a planner designer participatory action researcher or community development practitioner From a shantytown in South Africa to a rural community in India or an informal settlement in peri urban Mexico the stories focus attention on the greatest leverage point for change that we as engaged practitioners have our own self awareness By the end of the book the practitioners are not only aware of their own conditioned beliefs and assumptions but have opened their minds and hearts to the complex and dynamic patterns of emergent change that is possible This book serves as a much needed reader of practice stories to help instructors and students find the words concepts and examples to talk about their own subjective experience of community engagement practice The book applies some of the leading edge concepts from organizational development and leadership studies to the fields of planning design and community engagement practice Key concepts include the deep dive of sensing the social field seeing the whole and presencing the emergent future The book also provides a creative bridge between participatory action research and design thinking user based design rapid prototyping and learning from doing From Urbanization to Cities Murray Bookchin,2021-11-01 In this far reaching work social ecologist and historian Murray Bookchin takes the reader on a voyage through the evolution of the city Cities are not just monumental social and political facts they are tremendous ecological facts as well Far from seeing them as an inherent adversary of the natural world though Bookchin uncovers a hidden history of cities as eco communities that fostered diversity and interconnection living in balance with and awareness of nature Just as ecosystems rely on participation and mutualism so must cities and their citizens rediscover these qualities establishing harmonious ethical social relations as a basis for a healthy ecological relationship to the natural world Published for the one hundredth anniversary of Murray Bookchin s birth Urbanization Without Cities is the first in a series of his books that AK Press is reprinting and bringing to a new audience Feminist Freedom Warriors Chandra Talpade Mohanty,Linda Carty,2018-06-05 Born out of an engagement with anti racist feminist struggles as women of color from the Global South Feminist Freedom Warriors FFW is a project showcasing cross generational histories of feminist activism

addressing economic anti racist social justice and anti capitalist issues across national borders This feminist reader is a companion to the FFW video archive project that is currently available online Using text and images the book presents short narratives from the women featured in the FFW project and illustrates the intersecting struggles for justice in the fight against oppression These are stories of sister comrades whose ideas words actions and visions of economic and social justice continue to inspire a new generation of women activists

The Thorn in the Chrysanthemum Mamoru Iga, 2024-06-14 Japanese society is frequently held up to the Western world as a model of harmony and efficiency but the price it pays tends to be overlooked In a searching analysis that will fascinate students and admirers of Japan as much as it will inform psychologists and suicidologists Mamoru Iga discusses the precise nature of the thorn in the chrysanthemum a thorn that may hurt both the Japanese and the outsider who conducts business with them The author who was reared and educated in Japan is uniquely qualified to interpret the value orientations of a society in which suicide is all too common He finds that the traits leading to homogeneity and extreme adaptability in that society as a whole are the very traits that can produce painful reactions in the individual Those traits are described as monism groupism authoritarianism familism and accommodationism and together they comprise the Japanese social character Because the individual s behavior is based on the images assumptions and ideas about the world that make up his or her culture conformism in the individual is one major manifestation of Japan s social character In Japan the need to fill one s socially prescribed role may make it doubly difficult to think independently and creatively and to find solutions for the resulting stress Suicide notes and other personal documents reveal the painful cost of modern Japan s success story as the examination of individual suicides is related both to the theoretical framework of Durkheim s types of suicide and to the sociological patterns that characterize suicide in Japan It is in personal value orientations however that Iga finds the common ground between suicide and economic success American readers will find especially interesting the contrast between value orientations in Japan and in the United States Nearly the opposite of the Japanese traits described above American values of rationalism individualism competition and change create their own problems There is much to be learned from this expert analysis of the problem of suicide in Japan This title is part of UC Press s Voices Revived program which commemorates University of California Press s mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1986

Catholic Social Teaching as Theology Catta, Grégoire, SJ, 2019 Explores the theological dimension of Catholic social teaching by showing how magisterial documents dealing with social issues are a path to enter into the mystery of the Christian God and to produce theo logy a reasoned discourse about the divine
