**From the Boer War to the Cold War: Essays on Twentieth-century Europe. Edited with an Introduction by Chris Wrigley** Alan John Percivale Taylor, 1995 1995 Massimo Mastrogregori, 2014-02-21 Annually published since 1930 the International bibliography of Historical Sciences IBOHS is an international bibliography of the most important historical monographs and periodical articles published throughout the world which deal with history from the earliest to the most recent times The works are arranged systematically according to period region or historical discipline and within this classification alphabetically The bibliography contains a geographical index and indexes of persons and authors **Britain and the Iranian Constitutional Revolution of 1906-1911** Mansour Bonakdarian, 2006-06-30 In this thoroughly researched account Mansour Bonakdarian provides an in depth exploration of the substantial British support for the Iranian constitutional and national struggle of 1906 1911 illuminating the opposition in Britain to Anglo Russian imperialist intervention in Iran In painstaking and compelling detail Bonakdarian analyzes in particular the role of the Persia Committee a lobbying group founded in 1908 for the sole purpose of changing Britain's policy toward Iran This book's strength lies in its coverage of how Sir Edward Grey's policy toward Iran was shaped and the extent to which this policy was affected by sustained criticism from a number of disparate groups including dissenters radicals socialists liberal imperialists and conservatives The volume and breadth of primary archival materials used is extensive Not only have all the standard collections been examined such as the Foreign Office files and the Cabinet and Grey papers but also numerous private archives in international libraries have been consulted Bonakdarian's deep understanding of the Iranian issues yields a rich and balanced approach to the literature in the field With clear and systematic arguments he offers an account of diplomatic history that is accessible and persuasive His scholarship is certain to reinvigorate dialogue on the subject of Anglo Iranian relations [Into the Heart of the Fire](#) James K. Hopkins, 1998 This book examines the experience of the British volunteers in the Spanish Civil War and places them in a broad intellectual political social and cultural framework **The White Man's World** Bill Schwarz, 2011-10-27 The White Man's World explores ideas of the white man during the last 100 years of the British Empire Working back from Enoch Powell's Rivers of Blood speech of 1968 it discusses the racial assumptions that accompanied the founding of colonial Australia South Africa and Rhodesia colonies which were popularly known as white men's countries [Rearming the RAF for the Second World War](#) Adrian Phillips, 2022-07-28 When the RAF rearmed to meet the growing threat from Nazi Germany's remorseless expansion in the late 1930s it faced immense challenges It had to manage a huge increase in size as well as mastering rapid advances in aviation technology To protect Britain from attack the RAF's commanders had to choose the right strategy and the right balance in its forces The choices had to be made in

peacetime with no guidance from combat experience These visions then had to be translated into practical reality A shifting cast of government ministers civil servants and industrialists with their own financial political and military agendas brought further dynamics into play The RAF's readiness for war was crucial to Britain's ability to respond to Nazi aggression before war broke out and when it did the RAF's rearmament was put to the acid test of battle Adrian Phillips uses the penetrating grasp of how top level decisions are made that he honed in his inside accounts of the abdication crisis and appeasement to dissect the process which shaped the RAF of 1940 He looks beyond the familiar legends of the Battle of Britain and explores in depth the successes and failures of a vital element in British preparations for war      **Bernard Shaw and the Webbs**

Royal Navy and Nuclear Weapons Richard Moore,2018-12-07 This work examines British thinking about nuclear weapons in the period up to about 1970 looking at the subject through the eyes of the Royal Navy in the belief that this can offer new insights in this field The author argues that the Navy was always sceptical about nuclear weapons both on practical grounds and because of wartime and pre war experiences He suggests that this scepticism can teach us a good deal about military technological innovation in general      *The King and the Cowboy* David Fromkin,2008-09-11 An intimate look at two

extraordinary figures and their secret collaboration one that turned the alliance structure of the political world upside down In this character driven study acclaimed historian and bestselling author David Fromkin reveals how two colorful figures Theodore Roosevelt and Edward the Seventh assumed leadership of the English speaking world at the beginning of the twentieth century As human beings the two men could hardly have been more different Edward a lover of fine food drink beautiful women and the pleasure seeking culture of Paris had previously been regarded as nothing more than a playboy Across the Atlantic Theodore Roosevelt the aristocrat from Manhattan and self made cowboy would rise above his critics to become one of the nation's most beloved presidents Together they wrote the agenda for the North Atlantic democracies of the twentieth century      **Rumors of the Great War** Nathan N. Orgill,2019-12-02 This study examines the role of British

newspapers during the July Crisis of 1914 The author argues that decision makers in Berlin and London framed their policies on a reading of the British press which expressed deep skepticism about involvement in a general European war after the Sarajevo murders British newspapers and journalists encouraged German hopes for British neutrality as well as the indecisive nature of Sir Edward Grey's foreign policy in 1914 helping spark the Great War      **War and Gold** Kwasi

Kwarteng,2014-05-27 The world was wild for gold After discovering the Americas and under pressure to defend their vast dominion the Habsburgs of Spain promoted gold and silver exploration in the New World with ruthless urgency But the great influx of wealth brought home by plundering conquistadors couldn't compensate for the Spanish government's extraordinary military spending which would eventually bankrupt the country multiple times over and lead to the demise of the great

empire Gold became synonymous with financial dependability and following the devastating chaos of World War I the gold standard came to express the order of the free market system Warfare in pursuit of wealth required borrowing a quickly compulsive dependency for many governments And when people lost confidence in the promissory notes and paper currencies issued during wartime governments again turned to gold In this captivating historical study Kwarteng exposes a pattern of war waging and financial debt bedmates like April and taxes that go back hundreds of years from the French Revolution to the emergence of modern day China His evidence is as rich and colorful as it is sweeping And it starts and ends with gold

**Radical Churchman** Graham Neville,1998 Historians of the Christian Social movement in the Church of England during the nineteenth and early twentieth centuries have paid little attention to its relation to the Liberal Party But from about 1886 to 1918 there were some socially concerned churchmen who firmly supported the Liberal Party in its new role as an agency of social reform and tried to exercise influence as a group taking Henry Scott Holland as leader and inspirer Edward Lee Hicks who succeeded Edward King as bishop of Lincoln in 1910 was a distinctive churchman associated with this group He was an outstanding classical scholar who combined a long pastoral experience with active support of movements for temperance reform improved housing women s education and enfranchisement and international peace This study shows how he developed these social concerns under the influence of such friends as John Ruskin and C P Scott and how he was drawn from his radical liberalism to the support of the incipient Labour Party without becoming a theoretical socialist

**The Crowe Memorandum** Jeffrey Stephen Dunn,2013-07-29 As we approach the 100th anniversary of the outbreak of the First World War students of history will revisit the causes conduct and aftermath of the war In each of these Sir Eyre Crowe played a very significant role Yet outside

academic and diplomatic circles his name is little known An outsider in the Foreign Office he neither attended an English public school nor university He was born and educated in Germany Yet he rose because of his unique expertise to be the Permanent Under Secretary from 1920 until his death in 1925 during which time he worked not always amicably with prime ministers and foreign secretaries such as Lloyd George Curzon Ramsay MacDonald and Austen Chamberlain On his death Stanley Baldwin called him our ablest public servant Eyre Crowe was a participant in events that led to the 1914-1918 war was one of the main organisers of the blockade of Germany helped to end the Ruhr crisis of 1923-24 and played a major role in the acceptance of the Dawes Plan at the 1924 London Conference Shortly before he died he persuaded a sceptical Cabinet to accept a policy that culminated in the Locarno Pact Yet Crowe played a strange role at the Paris Peace Conference of 1919 Britain's most knowledgeable expert on Germany he was marginalised by Lloyd George prior to the signing of the Versailles Treaty but then played a leading part as Ambassador Plenipotentiary Crowe's Memorandum of 1907 had a profound influence upon Foreign Office perceptions of Germany for more than forty years The Crowe line on Germany was opposed by Neville Chamberlain and the British Ambassador in Berlin Neville Henderson prior to the Second World War Crowe had believed that Germany was a great nation but that Britain had made too many concessions to its government when it needed to stand firm Foreign Office diplomats were even seen waving copies of the memorandum by then a published document in the faces of journalists from the pro appeasement Times newspaper This book focuses mainly on the 1907 Memorandum and Crowe's career after the war but it provides many insights into the characters talents and failings of a number of players in this extraordinary period of history

Milner Richard Steyn, 2022-04-20 Alfred Lord Milner was a brilliant public servant and one of Britain's most celebrated or notorious empire builders who left an indelible imprint on the history of South Africa Sent to southern Africa to bring President Paul Kruger's obstreperous Boers to heel Milner was primarily though not solely responsible for the Anglo-Boer War 1899-1902 a conflict that marked the beginning of the end of the British Empire In the aftermath of the war a determined Milner set out to reconstruct the former Boer republics but his policies stoked resentment among Afrikaners particularly in respect of language and education He left behind a coterie of young administrators the so called Kindergarten who contributed significantly to the unification of South Africa and the fostering of imperial ideals through the Round Table Movement In this biography the first by a South African Richard Steyn argues that Milner's reputation should not be defined

by his eight years service in South Africa alone Despite his controversial stance on the issue of Irish Home Rule Milner s legendary administrative ability made him the obvious choice for War Secretary in Lloyd George s five man War Cabinet and Milner did much to shape the Allied victory in the First World War If his personal qualities and beliefs made him the wrong man to send to South Africa where he failed to accomplish the over ambitious goals he set himself he was the right man in a far greater international conflict

**Protectionism to Liberalisation** Maurice Fitzgerald, 2018-02-06 This title was first published in 2000 This work examines Irish government towards European integration in the second post war decade by concentrating on crisis points or flash points it does this in a fairly subject oriented manner concerning Dublin s decision making processes The central themes of this study are concentrated on economic matters but they deal with other tenets when relevant too be they of a cultural diplomatic ideological military political or social nature
