From The Island:

Memoir of a Chart from the Strait of Allas to the Island Bouro, and Description of Carimata, Manevasa, Maragolong Islands, and Sciao George Palmer,1799 *Notes on a Collection of Fishes from the Island of Formosa* David Starr Jordan,1902 *From Beneath the Island* Hepi Anesti,2020-01-21 Gagah left his tropical hometown of Indonesia for Sandoy an island in the heart of Faroes Amidst the unfamiliarity of his new home he found himself a new best friend he hadn't had for a long time But then the dark came trying to devour the whole island and it was in their hands to set things right

Signals From the Falklands John Winton,1995-06-26 As John Winton the best and most authoritative writer on current naval matters says in the foreword to this book The Navy has never been well known for its flair for publicity Again and again during the Falklands War it seemed to me that the chances of giving the Navy a chuck up were being fumbled so when the ships began to come home I let it be known that I was going to compile a book on the Navy's part in the Falklands The response was overwhelming and this sadly is only a skimming from the cream of the response to his appeals Nevertheless it gives without a doubt as vivid an impression as we are likely to have of the feelings and experiences of those of all ranks and trades who served with the Royal Navy and the Royal Fleet Auxiliary on that brief but remarkably successful campaign Some of the contributors like the aptly named Sam Salt will be familiar to many others are not well known Individuals though it may seem to give pride of place to any one contribution on an anthology such as this it must be said that the words of Reverend Charles Stewart do stand out In trying to resolve the virtually insoluble dilemma between Love Thy Neighbour and Justifiable War he succeeds where more famous theologians have often failed All who served on board any ship which went south in that strange nut epic endeavour in 1982 must be grateful to John Winton for having compiled this lasting tribute to tier bravery and perhaps more characteristics their abiding sense of humour **United States Coast Pilot** ,1998

History of the island of St. Helena, from its discovery by the Portuguese to 1823 Thomas H. Brooke,1824

The Progress of America from the Discovery by Columbus to the Year 1846 John MacGregor,1847 Songs from the Second Float Richard Moyle,2007-07-31 This book based on fieldwork spanning a decade gives a comprehensive analysis of the musical life of a unique Polynesian community whose geographical isolation together with a local ban on missionaries and

churches combine to allow its 600 members to maintain a level of traditional cultural practices unique to the region Tak is arguably the only location where traditional Polynesian religion continues to be practiced This book explores the many ways in which spirit activities impact on both domestic and ritual life how group singing and dancing give audible and visible expression to a variety of religious beliefs and how spirit mediums relay songs and dances from the recent dead Tak s community is well able to articulate the significance of their own strong performance tradition and this book allows expert singers and dancers to speak passionately for themselves on subjects they understand intimately Musical ethnographies from the Pacific are rare Like Moyle s earlier landmark volumes on Samoan and Tongan music and also his trilogy on Australian Aboriginal music this work will be of immense value to Pacific studies and will assume a place among the recognized staples of ethnomusicological research
