From Ulster To Carolina Migration Of The Scotch I:

From Ulster to Carolina Tyler Blethen,1998 *From Ulster to Carolina* H. Tyler and Curtis W. Wood Jr Blethen,1998

Scotch Irish Pioneers in Ulster and America Charles Knowles Bolton,1910 George Galphin and the Transformation of the Georgia-South Carolina Backcountry Michael P. Morris,2014-12-05 The focus of this work is a reconstruction of the life and career of an Ulster Scot fur trader George Galphin pronounced Golfin who immigrated to South Carolina in the colonial period The thesis of this work is that his life and career helped to shape the history of the backcountry of Georgia and South Carolina in three distinct ways First his support of a for profit Indian trade as opposed to a for stability trade shaped Anglo Indian relations between frontier settlers and their Indian neighbors Ultimately men like Galphin helped the United States move away from the British policy towards Native Americans in favor of a uniquely American policy which ran the gamut from exploitation to land seizures and finally toward Indian Removal itself The book involves a look at the histories of the Muskogee Creeks and Cherokees who were his clients and has a heavy Native American component Galphin s second major influence on the Southeast came with the creation of the Ulster Scot communities he sponsored in both South Carolina and Georgia The relocation plans catered strictly to the Scots Irish Protestants and located them in danger zones between coastal settlements of Anglo Saxon British settlers and the Indian frontiers of the two colonies Galphin s third major influence came during the American Revolution when he was appointed as a Patriot Indian Commissioner fighting to control the southeastern tribes and keep them out of the war In that role he made his contribution as did so many others that helped secure a Patriot victory This part of his story would be of note to an audience interested in the American Revolution in the South from the perspective of the backcountry Finally his family life included the creation of a large multi racial family which helped establish the Creole society of the Eastern Georgia Western South Carolina His spouses and children included Caucasians Native Americans and African Americans Two of Galphin s daughters were his slaves until his death **Irish Immigration to America** Stephen Szabados,2021-06-23 This is a fantastic resource and a must have when writing your Irish family history When did your Irish ancestors immigrate where did they leave why did they leave how did they get here The author hopes you find the answer to some of these questions The book will give insight into the immigration of your ancestors Irish immigration had many factors and the Great Potato Famine only magnified the main causes The Latino Migration Experience in North Carolina, Revised and Expanded Second Edition Hannah Gill,2018-07-18 Now thoroughly updated and revised with a new chapter on the Dreamer movement and the Deferred Action for Childhood Arrivals Program DACA this book offers North Carolinians a better understanding of their Latino neighbors illuminating rather than enflaming debates on immigration In the midst of a tumultuous political environment North Carolina continues to feature significant in migration of Mexicans and Latin Americans from both outside and inside the United States Drawing on the voices of migrants as well as North Carolinians from communities affected by migration Hannah Gill explains how larger social forces are

causing demographic shifts how the state is facing the challenges and opportunities presented by these changes and how migrants experience the economic and social realities of their lives Gill makes connections between our hometowns and the globalization of people money technology and culture by shedding light on the many diverse North Carolina residents who are such a vital part of the state s population but are often unrecognized in many ways This book is essential for everyone including students and teachers who wants to understand what is at stake for all parties and wants to work toward solutions

A History of the Ozarks, Volume 1 Brooks Blevins, 2018-06-28 Winner of the Missouri History Book Award from the State Historical Society of Missouri Winner of the Arkansiana Award from the Arkansas Library Association Geologic forces raised the Ozarks Myth enshrouds these hills Human beings shaped them and were shaped by them The Ozarks reflect the epic tableau of the American people the native Osage and would be colonial conquerors the determined settlers and on the make speculators the endless labors of hardscrabble farmers and capitalism of visionary entrepreneurs The Old Ozarks is the first volume of a monumental three part history of the region and its inhabitants Brooks Blevins begins in deep prehistory charting how these highlands of granite dolomite and limestone came to exist From there he turns to the political and economic motivations behind the eagerness of many peoples to possess the Ozarks Blevins places these early proto Ozarkers within the context of larger American history and the economic social and political forces that drove it forward But he also tells the varied and colorful human stories that fill the region s storied past and contribute to the powerful myths and misunderstandings that even today distort our views of the Ozarks places and people A sweeping history in the grand tradition A History of the Ozarks Volume 1 The Old Ozarks is essential reading for anyone who cares about the highland heart of America

Wandering Souls S. Scott Rohrer, 2010-03-01 Popular literature and frontier studies stress that Americans moved west to farm or to seek a new beginning Scott Rohrer argues that Protestant migrants in early America relocated in search of salvation Christian community reform or all three In Wandering Souls Rohrer examines the migration patterns of eight religious groups and finds that Protestant migrations consisted of two basic types The most common type involved migrations motivated by religion economics and family in which Puritans Methodists Moravians and others headed to the frontier as individuals in search of religious and social fulfillment The other type involved groups wanting to escape persecution such as the Mormons or to establish communities where they could practice their faith in peace such as the Inspirationists Rohrer concludes that the two migration types shared certain traits despite the great variety of religious beliefs and experiences and that secular values infused the behavior of nearly all Protestant migrants Religion s role in transatlantic migrations is well known but its importance to the famed mobility of Americans is far less understood Wandering Souls demonstrates that Protestantism greatly influenced internal migration and the social and economic development of early America

Immigrants in American History Elliott Robert Barkan, 2013-01-17 This encyclopedia is a unique collection of entries covering the arrival adaptation and integration of immigrants into American culture from the

1500s to 2010 Few topics inspire such debate among American citizens as the issue of immigration in the United States Yet it is the steady influx of foreigners into America over 400 years that has shaped the social character of the United States and has favorably positioned this country for globalization Immigrants in American History Arrival Adaptation and Integration is a chronological study of the migration of various ethnic groups to the United States from 1500 to the present day This multivolume collection explores dozens of immigrant populations in America and delves into major topical issues affecting different groups across time periods For example the first author of the collection profiles African Americans as an example of the effects of involuntary migrations A cross disciplinary approach derived from the contributions of leading scholars in the fields of history sociology cultural development economics political science law and cultural adaptation introduces a comparative analysis of customs beliefs and character among groups and provides insight into the impact of newcomers on American society and culture *Irish Presbyterians and the Shaping of Western Pennsylvania, 1770-1830* Peter E.

Gilmore, 2018-10-30 *Irish Presbyterians and the Shaping of Western Pennsylvania 1770 1830* is a historical study examining the religious culture of Irish immigrants in the early years of America Despite fractious relations among competing sects many immigrants shared a vision of a renewed Ireland in which their versions of Presbyterianism could flourish free from the domination of landlords and established church In the process they created the institutional foundations for western Pennsylvanian Presbyterian churches Rural Presbyterian Irish church elders emphasized community and ethnoreligious group solidarity in supervising congregants morality Improved transportation and the greater reach of the market eliminated near subsistence local economies and hastened the demise of religious traditions brought from Ireland Gilmore contends that ritual and daily religious practice as understood and carried out by migrant generations were abandoned or altered by American born generations in the context of major economic change **The Dividing Paths** M. Thomas Hatley, 1995

Focusing on the American Cherokee people and the South Carolina settlers this book traces the two cultures and their interactions from 1680 when Charleston was established as the main town in the region until 1785 when the Cherokees first signed a treaty with the United States Hatley retrieves the unfamiliar dimensions of a world in which Native Americans were at the center of Southern geopolitics and in which radically different social assumptions about the obligations of power the place of women and the use of the land fed the formative cultural psychology of the colonial South Weaving together firsthand accounts journals and letters to give a human reality to the facts of war politics and the economy he pinpoints the revolutionary decade from the little known but decisive Cherokee war through the Revolution itself in which both societies struggled over their own identities Rather than focusing on the Cherokees and Carolinians separately this book focuses on contacts encounters exchanges intersections their mutual history Hatley argues that Cherokee and colonial histories cannot be understood separately that they are inextricably linked and that the origins of distinctive features of Native American and colonial ethnicity and seemingly unrelated twists in the political history of each society are rooted in this encounter

Appalachia Inside Out: Conflict and change Robert J. Higgs,1995 An anthology of Appalachia writings

Descendants of Caleb & James Osborne & Patrick Cragun Gaylynne Heiner Hone,2013-05-21 History of Caleb Hannah Osborne from Rowan County North Carolina including information on his son James Osborne and Mary Whitaker his wife from Russell County Virginia James was a successful business man and land owner I have lots of documentation on James showing his various land and military activities during the Revolutionary War Info with land records explaining about James Osborne living in Daniel Boone home after Daniel moved to Kentucky I also will have info on Patrick Cragun his neighbors with his land record Also info on his neighbors the fact that most of his neighbors came from Pennsylvania before arriving in Tennessee Were they family or friends of Patrick How are they connected *Moonshiners and Prohibitionists* Bruce E. Stewart,2011-04-22 Homemade liquor has played a prominent role in the Appalachian economy for nearly two centuries The region endured profound transformations during the extreme prohibition movements of the nineteenth century when the manufacturing and sale of alcohol an integral part of daily life for many Appalachians was banned In *Moonshiners and Prohibitionists* The Battle over Alcohol in Southern Appalachia Bruce E Stewart chronicles the social tensions that accompanied the region s early transition from a rural to an urban industrial economy Stewart analyzes the dynamic relationship of the bootleggers and opponents of liquor sales in western North Carolina as well as conflict driven by social and economic development that manifested in political discord Stewart also explores the life of the moonshiner and the many myths that developed around hillbilly stereotypes A welcome addition to the New Directions in Southern History series *Moonshiners and Prohibitionists* addresses major economic social and cultural questions that are essential to the understanding of Appalachian history *Making Music* William C. Allsbrook Jr.,2023-06-23 The banjo has been emblematic of the Southern Appalachian Mountains since the late twentieth century *Making Music The Banjo in a Southern Appalachian County* takes a close look at the instrument and banjo players in Haywood County North Carolina Author William C Allsbrook Jr MD presents the oral histories of thirty two banjo players all but two of whom were born in Haywood County These talented musicians recount in their own words their earliest memories of music and of the banjo as well as the appeal of the banjo They also discuss learning to play the instrument including what it feels like playing the banjo many describing occasional flow states In the book Allsbrook explores an in home musical folkway that developed along the colonial frontier By the mid 1800s frontier expansion had ceased in Haywood County due to geographic barriers but the in home musical tradition including the banjo survived in largely isolated areas Vestiges of that tradition remain to this day although the region has undergone significant changes over the lifetimes of the musicians interviewed As a result the survival of the in home tradition is not guaranteed Readers are invited into the private lives of the banjo players and asked to consider the future of the banjo in the face of contemporary trends The future will be shaped by how this remarkable mountain culture continues to adapt to these challenges Still this thriving community of banjo players represents the vibrant legacy of the

banjo in Haywood County and the persistence of tradition in the twenty first century *British Emigration, 1603-1914 A. Murdoch*,2004-10-15 The idea of Britain has been understood largely in terms of sectarian conflict and state formation whereas emigration has most often been explored in terms of economic and social history This book explores the relationship between two subjects normally studied in isolation and includes emigration from Ireland as a social phenomenon which cannot be understood in isolation from modern British History as well as the impact of British emigration on the ethos and identity of the British Empire at its zenith at the turn of the Nineteenth and Twentieth centuries **Three Dobbins Generations at Frontiers** Robert Z. Callaham,James F. McConnell,2012-01-01 James Dobbins b 1740 Ireland story begins in Augusta Co Va James and Elizabeth Stephenson Dobbins spent their formative years were married and began their family Their sons Robert Boyd and John were b 1783 85 The family migrated to Abbeville Pendleton SC James Elizabeth had seven children Four daughters and their husbands were Mary w John H Morris emigrated to Franklin Co TN Elizabeth w George H Hillhouse emig to Giles Co Lawrence Co TN Sarah w Hugh F Callaham emig to St Clair Co Ala Jane w George Liddell emig to Noxubee Co Winston Co MS Their last born James Jr b 1790 died young at home They their spouses families were Scotch Irish settlers in backcountry of SC Ten families representing two generations were pioneers and products of history geography and culture of frontiers in SC Six children migrated west north south to new frontiers Grandchildren of James Elizabeth became the third Dobbins generation at farther frontiers **The Scotch-Irish and Charles Scott's Descendants and Related Families** Orion Cotton Scott,1917 Charles Scott 1751 1840 married Annis Porter and they emigrated from County Donegal Ireland to Washington Co Pennsylvania Descendants scattered over the United States though predominantly in midwestern states The Undiscovered Country Paul Andrew Hutton,2025-08-05 New York Times Bestseller From the author of The Apache Wars the true story of the American West revealing how American ambition clashed with the realities of violence and exploitation The epic of the American West became a tale of progress redemption and glorious conquest that came to shape the identity of a new nation Over time a darker story emerged one of ghastly violence and environmental spoliation that stained this identity The Undiscovered Country strips away the layers of myth to reveal the true story of this first epoch of American history From the forests of Pennsylvania and Kentucky to the snow crested California Sierras and from the harsh deserts of the Southwest to the buffalo range of the Great Plains Paul Andrew Hutton masterfully chronicles a story that defined America and its people From Braddock s 1755 defeat to the 1890 Wounded Knee massacre he unfolds a grand narrative steeped in romantic impulses and tragic consequences Hutton uses seven main protagonists Daniel Boone Red Eagle Davy Crockett Mangas Coloradas Kit Carson Sitting Bull and William Buffalo Bill Cody as the biographical threads by which to weave a tapestry across seven generations revealing a story of heroic conquest and dark tragedy of sacrifice and greed and of man made wonders and environmental ruin The American frontier movement has proven eternally fascinating around the world the subject of countless books paintings poems television shows and films The

Undiscovered Country reveals the truth behind America's great creation myth
[second Series]: Records of the Executive Council, 1735-1754, 1963
