From Out Of The Shadows:

From Out of the Shadows Vicki L. Ruiz, 2008-11-05 *From Out of the Shadows* was the first full study of Mexican American women in the twentieth century. Beginning with the first wave of Mexican women crossing the border early in the century, historian Vicki L. Ruiz reveals the struggles they have faced and the communities they have built. In a narrative enhanced by interviews and personal stories, she shows how, from labor camps, boxcar settlements, and urban barrios, Mexican women nurtured families, worked for wages, built extended networks, and participated in community associations' efforts that helped Mexican Americans find their own place in America. She also narrates the tensions that arose between generations as the parents tried to rein in young daughters eager to adopt American ways. Finally, the book highlights the various forms of political protest initiated by Mexican American women, including civil rights activity and protests against the war in Vietnam. For this new edition of *From Out of the Shadows*, Ruiz has written an afterword that continues the story of the Mexican experience in the United States as well as outlines new additions to the growing field of Latina history.

From Out of the Shadows A.G.V. McPherson, Believe me when I say if you do not fear Dark Elves you are a fool for there is much to be afraid of. Silmanus and Mara are the unlikelyst of allies: an elfen wizard and a human outlaw. Plunged together in a struggle for survival, desperation and necessity form an uneasy alliance between elf and human, an alliance challenged by the most lethal warriors in Aeternerras: the sinister Dark Elves. Much to his astonishment, Silmanus discovers his lowly views towards humans are misplaced as he fights side by side with them as equals. But could a wizard and a human have anything in common? As you are not an Arcanist—that is, someone who uses magic—you are probably under the impression that living things have souls or spirits. On the other side of the world, companions Amber and Jeddo, dwarf and gnome, have devoted their lives to hunting down monsters that escape The Fell Lands, naturally reaping the profits that this profession brings. Their ventures become far more trouble than they are worth when the two are taken captive by Dark Elves, becoming entangled in a web of death and deceit. Growling, Amber pushed herself to her feet, but Mordasine's boot shoved her back down. On your knees, filth, he hissed. In *From Out of the Shadows*, blood is spilled and tears are shed as these four fight for freedom. Many questions remain: questions of trust, motivations, and uncertainty. One question supersedes them all: What are the Dark Elves plotting, and what other evils are lurking in the shadows?

From Out of the Shadows Linda Mooney, 2010-06-15 Croat was a Lupan, one of the half-man, half-beast creatures long thought to be extinct or fabricated from fairy tales. Lupans were folklore, nothing more than a myth. Tora was a Sensitive. Her kind really existed, and normal people feared Sensitive because it was common knowledge that all Sensitive were evil and practiced the dark magicks. Captured and thrown together inside Baron Agrino's dungeon, they discovered a connection between them that defied all reason and a love that transcended all boundaries. But is their love strong enough to stop the baron from what he'll do with every Lupan he plans to capture? Or worse, what he'll do with Tora once he learns what she is.
