From Rabin To Netanyahu Israel's Troubled Agenda:

From Rabin to Netanyahu Efraim Karsh, 2013-11-05 Benjamin Netanyahu's 1996 election victory marked a major turnaround in his fortunes for only a few months earlier his political career had seemed finished This book examines what his victory means both domestically and internationally **Special Issue From Rabin to Netanyahu** Efraim Karsh, 1997

Israel Clive Jones, Emma C. Murphy, 2005-07-25 Often regarded as the only true manifestation of political pluralism in the contemporary Middle East the state of Israel has dominated the history and politics of the region for over fifty years Yet despite its position as a regional superpower Israel continues to struggle with the whole issue of its own identity the complexities of which have exposed deep clefs throughout Israeli society that threaten to undermine the collective ideal of a viable Jewish polity in the Middle East The authors explore the complex challenges facing Israel and the extent to which its present state structures and institutions can adapt and accommodate themselves to the diversity of security threats that it now faces This book will be of interest to those who wish to understand the dynamics that have shaped and continue to shape the state of Israel and the extent to which these have influenced its search for security in the modern Middle East H.V. Evatt and the Establishment of Israel Daniel Mandel, 2004 This book provides a valuable study of Evatt the Zionist as well as illuminating a fascinating political figure Israel at the Polls, 1996 Daniel J. Elazar, Shmuel Sandler, 2014-04-08 The 1996 Israeli elections were the first elections by direct vote for the position of prime minister in which a newcomer Binyamin Netanyahu defeated the most veteran Israeli politician Shimon Peres The result indicated not only a transition of power from the left centre to the right centre but also the decline of the major parties and the ascendance of the smaller parties Israel at the Polls 1996 looks at the parties election campaigns and the processes that determined this outcome Major issues such as religion and politics Israel as a Jewish state the peace process and the new politics are analysed by outstanding Israeli political scientists Identity and Foreign Policy in the Middle East Shibley Telhami, Michael N. Barnett, 2002 Shibley Telhami and Michael Barnett together with experts on Egypt Iran Iraq Israel Jordan and Syria explore how the formation and transformation of national and state identities affect the foreign policy behavior of Middle Eastern states **Israel** Efraim Karsh, 2002 Israeli-Egyptian Relations, 1980-2000 Ephraim Dowek, 2016-09-17 A memoir by former diplomat Ephraim Dowek which provides a comprehensive study of the relations between Egypt and Israel from peace until the present day This is an informative account of the author's time in Egypt as a high level Israeli diplomat he was eventually appointed Ambassador and as a senior participant in a vital and important aspect of Arab Israeli relations in the modern era providing a personal insight into the period when Egypt and Israel entered into an era of peace **Israel** David Levi-Faur, Gabriel Sheffer, David Vogel, 2014-02-04 These essays examine changes in Israel's political social and economic institutions and describe how Israeli culture and institutions are resisting convergence They are in four categories political institutions and organizations political economy ethnicity and religion and public policy **Jerusalem Divided** Raphael Israeli, 2014-05-22

Traces the background to the history of the Armistice Regime established in 1947 to combat the fighting between Jews and Arabs in Jerusalem The author details the Armistice Commission which governed its application and the many in built problems that thwarted their proper functioning The A to Z of the Arab-Israeli Conflict P R Kumaraswamy,2009-07-24 For over a century the conflict between the Arabs and Jews has remained the most intractable problem confronting the world Hardly a day passes that the Arab Israeli Conflict is not headlined in the media It has turned the Arabs and Israelis against one another and embittered relations within the two communities while drawing the rest of the world into the circle of disruption The A to Z of the Arab Israeli Conflict provides factual background through an introductory essay a chronology a bibliography and hundreds of cross referenced dictionary entries on the more significant persons places and events including the various wars and negotiations The history religion culture and archeology that this rivalry has sparked between the Arabs and Israelis over the same piece of territory is traced in this book which offers the essential details using neutral terms and thereby allowing readers to draw conclusions for themselves *Trapped Fools* Shlomo Gazit,2004-11-23 Based upon the author's own experiences this study explores the Israeli government's attitude to the West Bank and Gaza over a period of 30 years The fools in the book's title refers not only to the Arabs who rejected Israeli peace offers but to the Israelis themselves

War in Palestine, 1948 David Tal,2004-06-24 Arab involvement in the Jewish Palestine conflict had started during the late 1930s but it was only in the wake of the UN Partition Resolution of 29 November 1947 that active military intervention was considered The Arab League tried to form a unified army that would prevent the implementation of the Partition Resolution but failed In Egypt the government and the army opposed the idea of dispatching an expeditionary force to Palestine but the pressure of public opinion and King Farouq's insistence carried the day The order was given and in May 1948 Egyptian forces crossed the international border with Palestine The author analyses the reasons for the decisive victory enjoyed by Israel over a larger opponent and the successes and failures that were sealed in the Egyptian Israeli General Armistice Agreement signed in Rhodes in March 1948 **Military, State, and Society in Israel** ד"ר ניצחון מאמרי, Eyal

Ben-Ari,Zeev Rosenhek, There have been many books on the place of war security or military service in Israeli society The Military State and Society in Israel makes contributions to the debate theoretical empirical and polemical that are related to the Israeli case and to wider debates about the place of war and the military in contemporary industrialized societies The Israeli case is important in the development of more macro approaches to the study of things military as war has played a central role in Israel's history and continues to do so The book encapsulates in a very explicit manner tensions in the relationships between the military state and society and stands at the core of contemporary debates between two fundamental approaches to the study of the relations between the military society and the state the armed forces and society school and the state making and war perspective Contemporary Israel is the site of debates about many of the fundamental assumptions that have undergirded the Jewish nation state the ethnic character of nationhood and statehood the role of the

Jewish diaspora vis vis Israel the legitimacy of Jewish ethnic pluralism the meaning of the Holocaust privatization of social life and the spread of consumerism and weakening of the centralized state as the agent of social transformation affecting housing language health technology production dress and child rearing One important consequence of these internal conflicts and struggles has been a significant erosion in the almost sacred status once enjoyed by state institutions and especially the military among the majority of Jewish population Theoretical and Comparative Perspectives situates Israel in its wider theoretical and comparative context and shows how the study of Israel contributes to the theoretical understanding of contemporary changes in civil military relations The Politics of Civil Military Relations concentrates on current changes in Israeli politics the character of the conflict with the Palestinians and the place of military in society The State and War Making Creating Citizens Soldiers and Men and Women indicates how war and the military are not only instruments for state making but are also important factors in the formation of individual identities The Notion of National Security Institutions and Concepts raises the basic question of whether the institutional mechanisms and the strategic conceptions crystallized during the first 50 years of Israel's existence are still relevant in a changing post cold war world The Armed Forces as Organization Continuity and Change focuses on the lines of continuity and trends of change in several aspects of the Israeli Defense Forces internal organizational structure Studies based on Israeli cases data and scholarship have been central to the development of expertise in such fields as applied psychology and psychotherapy This volume contributes to these areas of study and will be of central importance to professionals interested in civil military

Israel: the First Hundred Years Efraim Karsh, 2014-02-25 The Zionist Movement was born in the wake of Jewish emancipation in Western Europe and at a time of increased persecution in Eastern Europe This volume addresses the intellectual social and political ramifications of Jewish settlement in Eretz Israel before the creation of the State of Israel

The Middle East and South Asia 2020-2022 Elisabeth Yarbakhsh, 2021-09-15 The World Today Series The Middle East and South Asia More than a quarter of the world's population live in the Middle East and South Asia yet our knowledge and understanding of the region is often limited to news updates about the latest conflicts and crises This edition of the annually updated volume of the World Today Series provides important insights that take the reader beyond the headlines It offers detailed and up to date information about the politics economies and societies of the twenty four states that make up the region Contemporary events are placed in their historical context through an examination of major civilizations and key historical events This volume introduces major themes that have shaped the region including the struggles of ordinary people to achieve democratic rights the role of oil in shaping society burgeoning environmental threats and the rise and fall of the Islamic State caliphate While there is reason for optimism in regards to the Middle East and South Asia this is tempered by the very real challenges that confront the region The general reader will gain an understanding of these challenges and opportunities through an exploration of current and past developments

The Israeli Palestinians Alexander Bligh, 2004-08-02 One of the most crucial issues to affect national

policy in the state of Israel is that of relations between its Jewish and Arab citizens This edited collection offers a comprehensive analysis of the most significant factors to have contributed to current conditions **Rethinking the Middle East** Efraim Karsh, 2003 Karsh contends that the influence of the Great Powers has not been the primary force behind the Middle East's political development nor the main cause of its famous volatility Developments in Israeli Public Administration Moshe Maor, 2014-02-25 The Israeli History Politics and Society series comprises multidisciplinary studies that range from elections and the Yom Kippur war to the search for a true Israeli identity and the various initiatives to foment or prevent the peace process This volume brings together a set of articles that try to estimate the direction of developments in Israeli public administration whether ministries will remain under the ambit of the Weberian model follow the New Public Management model or move towards a mix of the two Each essay focuses on a specific factor which may inhibit reforms such as the weakness of mechanisms for policy control monitoring and evaluation lack of co ordination between the different ministries lack of effective accountability mechanisms an administrative culture that is characterized by frequent infringements of moral integrity a high level of politicization and a Supreme Court which plays a paramount role by routinely intervening in the practices of public administration as well as in the business of other governmental and non governmental institutions Each article probes how these distinctive features of Israeli public administration reflect underlying traits of the nation's history culture and geography and gauges the extent to which formal structures provide an indication of how policy making and programme implementation really operate A Dissenting Democracy Magnus Norell, 2013-10-23 A Dissenting Democracy explores the tension between the will of the whole of Israeli society and the right of the individual conscience to take precedence over that collective will The author explores the dilemmas that stem from such an individual stance in relation to Jewish political culture
