## **From Slavery To Prophecy:**

*From Slavery to Prophecy* G. Alan Holland, 2003-08      *The Curse of Ham in the Early Modern Era* David M. Whitford, 2017-07-05 This book explores the biblical story of the Curse of Ham and its relationship to the defence of slavery It shows how during the Reformation period the story began to be interpreted in new ways that provided justification for the rapidly expanding and extremely lucrative Trans Atlantic slave trade Skilfully weaving together elements of theology literature and history this book not only provides a fascinating insight into the ways that issues of religion economics and race could collide in the Reformation world but also provides essential reading for anyone wishing to try to comprehend the origins of arguments used to justify slavery and segregation right up to the 1960s      *The Prophetic Tradition and Radical Rhetoric in America* James Darsey, 1999-09-01 This expansive volume traces the rhetoric of reform across American history examining such pivotal periods as the American Revolution slavery McCarthyism and today s gay liberation movement At a time when social movements led by religious leaders from Louis Farrakhan to Pat Buchanan are playing a central role in American politics James Darsey connects this radical tradition with its prophetic roots Public discourse in the West is derived from the Greek principles of civility diplomacy compromise and negotiation On this model radical speech is often taken to be a symptom of social disorder Not so contends Darsey who argues that the rhetoric of reform in America represents the continuation of a tradition separate from the commonly accepted principles of the Greeks Though the links have gone unrecognized the American radical tradition stems not from Aristotle he maintains but from the prophets of the Hebrew Bible

**The Prophecy Connection** Margaret Canmore, 2006-06-13 An investigation of the biblical prophecies of Daniel and Revelations which suggest the Millennium is nearly over rather than just beginning      *The Handbook for Prophetic Ministry* Jeremy S. Witherow, 2021-02-23 The Handbook for Prophetic Ministry equips leaders and believers for prophetic roles in the Church today It offers one of the most detailed treatments available of the biblical theological and historical foundations and the practical concerns for prophetic ministry It not only answers key questions regarding prophecy and the role of the contemporary Christian prophet it is designed to bring the reader into their own activation into prophecy Jeremy Witherow s volume is the modern comprehensive classic on prophetic ministry      **Nurturing the Prophetic Imagination** Jamie Gates, Mark Mann, 2012-11-06 Nurturing the Prophetic Imagination searches through biblical scholarship theology economics sociology politics ecology and history to discern the strands of God s justice and reconciliation at work in the contemporary world Nurturing the Prophetic Imagination challenges Christians to engage the most troubling social problems of our time by first drinking deeply from the well of the historic prophetic traditions Nurturing the Prophetic Imagination witnesses to a God that raises up prophets to speak at critical moments in every time and to what it might look like for the Church to nurture the soil from which such prophetic voices spring Rarely do such a wide variety of authors from such different backgrounds and vocations get together to name what the prophetic work of God looks like in our midst The radical justice

and reconciliation of God can be found in every corner of life if we know where to look for it Nurturing the Prophetic Imagination provides some guidance in this direction Nurturing the Prophetic Imagination celebrates and seeks to build upon the legacy of eminent biblical scholar Walter Brueggemann s seminal work The Prophetic Imagination first published in 1978 by assessing the core insights and themes he develops through a number of different lenses These include contemporary biblical scholarship theology economics sociology politics ecology and church history Nurturing the Prophetic Imagination also discusses the extent to which the Christian prophetic tradition continues to speak meaningfully within the contemporary world and thereby seeks to be a source for inspiring future generations of Christian prophets to do likewise Prophetic Remembrance Erica Still,2014-12-17 Using the term prophetic remembrance to articulate the expression of a constituent faith in the performative capacity of language Erica Still shows how black subjectivity is born of and interprets cultural trauma She brings together African American neo slave narratives and Black South African postapartheid narratives to reveal the processes by which black subjectivity accounts for its traumatic origins names the therapeutic work of the present and inscribes the possibility of the future The author draws on trauma studies black theology and literary criticism as she considers how writers such as Toni Morrison Charles Johnson John Edgar Wideman David Bradley Sindiwe Magona K Sello Duiker and Zakes Mda explore the possibilities for rehearsing a traumatic past without being overcome by it Although both African American and South African literary studies have addressed questions of memory narrative and trauma little comparative work has been done Prophetic Remembrance offers this comparative focus in reading these literatures together to address the question of what it means to remember and to recover from racial oppression *The Messiah According to Bible Prophecy* Tony Alamo Christian Ministries Worldwide,1980 **Prophetic Statesmanship** Edward J. Erler,2025-06-10 In Prophetic Statesmanship Harry V Jaffa Abraham Lincoln and the Gettysburg Address Edward J Erler presents the lesser known late life scholarship of renowned Lincoln scholar Harry Victor Jaffa Through a deep reading of Lincoln s Gettysburg Address and Second Inaugural Erler considers some of Jaffa s startling discoveries about Lincoln Aquinas Aristotle and America s political founding discoveries that sometimes seem to contradict Jaffa s own prior writing and often contradict the existing scholarly consensus In 1959 Jaffa established himself as a foremost Lincoln scholar when he published Crisis of the House Divided a revolutionary breakthrough in the understanding of Lincoln s political philosophy But by the time Jaffa published A New Birth of Freedom 2000 he had developed a deeper understanding of what is known as the theological political question the conflict between theology and politics in philosophical thought Jaffa referred to this development as his second sailing Jaffa was never able to flesh out his evolving ideas about the theological political question as it concerns Abraham Lincoln while he was alive At the behest of Jaffa his student Edward Erler wrote this book to do just that With his own scholarly aplomb Erler explores Jaffa s scholarship on Aristotle s presence in the American founding Abraham Lincoln and Thomas Aquinas s surprising shared albeit concealed vision of participatory government the union of divine law and

natural law in the American founding and the primacy of prudence as supreme political virtue among other topics This is a book for anyone interested in the past and future of American political thought      **Prophetic Voices Concerning America**

Charles Sumner,1874      *The Christian Observer* ,1828      **The Prophetic Advantage** Michelle McClain-Walters,2012

What is God saying to us TODAY What does He want to tell the NEXT GENERATION The world is in desperate need of the voice of God If the church is to be a force in the world If Christians are to be a transformative voice to the next generation We need to be tuned in to what God wants to tell us In *The Prophetic Advantage* Michelle McClain delivers a practical comprehensive and balanced look at the role of the prophetic ministry in today s world Using the lion as an example she encourages believers to rise up in boldness power and strength as she Provides a clear understanding of the biblical mandates and mission of the prophetic Outlines the function and focus that prophets should exhibit Tackles the issues of prophetic operation and balance Gives one hundred advantages that come to those who receive a revelation from God through the voice of the prophetic The world needs prophetic people who will declare righteousness We need the prophetic advantage and we will not see breakthrough in our jobs churches families financial situations health and homes without it

*The Prophetic Call to Love and Justice* Arnold H. De Graaff,2025-06-20 Scripture s compelling message of love and justice is powerfully relevant for today The implications of the Amsterdam way of interpreting Scripture are evident throughout the book It is both a personal and timely way of speaking to our disintegrating society *The Prophetic Call to Love and Justice* provides a meaningful and radical yet simple way of re connecting with the Bible As one of the founders of the Amsterdam way of interpretation Karel Deurloo stated The opportunity to learn anew and understand the language of the Bible has been taken away Often the focus is on the assumed origin and history of a text a historical literary approach or a fundamentalist view creating a fragmented moralistic and doctrinaire emphasis which has alienated many from churches Instead Deurloo and others focused on the prophetic meaning that speaks to all of us as the living word of God today This alternative is rooted in the Hebrew Scriptures Its abiding prophetic message of love and justice is reiterated in the Gospels and apostolic letters Hence the choice of subtitle *Rediscovering the Old Testament* It is a joyful journey of discovery finding new meaning in the Bible for our lives      *Prophetic Insight* Earnest N. Bracey,1999 *Prophetic Insight* explores contentious issues in higher education concerning black students relative to larger society while providing the competing perspectives needed to understand and evaluate multiculturalism and the diverging exigencies facing the higher education system in America Ernest N Bracey invites conversation about the pedagogy of blacks discusses the current state of Black Studies the W E B DuBois and Booker T Washington debate and Afrocentricity He invites an appreciation of the beginnings and roots of black education in America recognizing the debate over affirmative action and explores the uniqueness of historically black colleges and universities Most importantly Bracey provides constructive and analytical information on the necessary methods of examining African American politics and higher education within the context of historical and contemporary issues      **Black**

**Prophetic Fire** Cornel West, Christa Buschendorf, 2014-10-07 An unflinching look at nineteenth and twentieth century African American leaders and their visionary legacies In an accessible conversational format Cornel West with distinguished scholar Christa Buschendorf provides a fresh perspective on six revolutionary African American leaders Frederick Douglass W E B Du Bois Martin Luther King Jr Ella Baker Malcolm X and Ida B Wells In dialogue with Buschendorf West examines the impact of these men and women on their own eras and across the decades He not only rediscovers the integrity and commitment within these passionate advocates but also their fault lines West in these illuminating conversations with the German scholar and thinker Christa Buschendorf describes Douglass as a complex man who is both the towering Black freedom fighter of the nineteenth century and a product of his time who lost sight of the fight for civil rights after the emancipation He calls Du Bois undeniably the most important Black intellectual of the twentieth century and explores the more radical aspects of his thinking in order to understand his uncompromising critique of the United States which has been omitted from the American collective memory West argues that our selective memory has sanitized and even Santaclausified Martin Luther King Jr rendering him less radical and has marginalized Ella Baker who embodies the grassroots organizing of the civil rights movement The controversial Malcolm X who is often seen as a proponent of reverse racism hatred and violence has been demonized in a false opposition with King while the appeal of his rhetoric and sincerity to students has been sidelined Ida B Wells West argues shares Malcolm X's radical spirit and fearless speech but has often become the victim of public amnesia By providing new insights that humanize all of these well known figures in the engrossing dialogue with Buschendorf and in his insightful introduction and powerful closing essay Cornel West takes an important step in rekindling the Black prophetic fire

This volume comprehensively examines all texts dealing with social justice in the Prophecy of Amos It also provides evidence of contemporary systemic social injustice The volume then reflects on how biblical social justice is relevant to the contemporary quest for social justice This volume demonstrates that irrespective of the hermeneutical challenges the principles gleaned from the pages of the Hebrew Bible can dialogue effectively with modern issues and deduce living principles that could enable us to deal with issues that confront us today It is thus a framework by which biblical social justice illuminates the contemporary quest for social justice      **Prophetic Encounters** Dan McKanan,2012-11-06
