From Superman to Man (1917) J. A. Rogers, 2020-06-23 Racism has surfaced time and again through the course of American history Men and women have attempted to justify their absurd opinions through a variety of arguments from religion to science to history and culture J A Rogers's brilliant polemic *From Superman to Man* uncovers how truly weak racist arguments are Set in a train carriage the plot revolves around the debate between a white racist Southern politician and an African American Pullman porter Every stereotypical argument that is put forward by the politician is rebuffed by the porter

J. A. Rogers, 2014-09-15 In the Sex and Race series first published in the 1940s historian Joel Augustus Rogers questioned the concept of race the origins of racial differentiation and the root of the color problem Rogers surmised that a large percentage of ethnic differences are the result of sociological factors and in these volumes he gathered what he called the bran of history the uncollected unexamined history of black people in the hope that these neglected parts of history would become part of the mainstream body of Western history Drawing on a vast amount of research Rogers was attempting to point out the absurdity of racial divisions Indeed his belief in one race humanity precluded the idea of several different ethnic races The series marshals the data he had collected as evidence to prove his underlying humanistic thesis that people were one large family without racial boundaries Self trained and self published Rogers and his work were immensely popular and influential during his day even cited by Malcolm X The books are presented here in their original editions **The Crisis** ,1924-05 The Crisis founded by W E B Du Bois as the official publication of the NAACP is a journal of civil rights history politics and culture and seeks to educate and challenge its readers about issues that continue to plague African Americans and other communities of color For nearly 100 years The Crisis has been the magazine of opinion and thought leaders decision makers peacemakers and justice seekers It has chronicled informed educated entertained and in many instances set the economic political and social agenda for our nation and its multi ethnic citizens **100 Amazing Facts About the Negro with Complete Proof** J. A. Rogers, 2012-07-25 White supremacy busting facts that ran in the black publication the Pittsburgh Courier written by the renowned African American author and journalist First published in 1934 and revised in 1962 this book gathers journalist and historian Joel Augustus Rogers columns from the syndicated newspaper feature titled Your History Patterned after the look of Ripley s popular Believe It or Not the multiple vignettes in each episode recount short items from Rogers s research The feature began in the Pittsburgh Courier in November 1934 and ran through the 1960s I have been intrigued by this book and by its author since I first encountered it as a student in an undergraduate survey course in African American history at Yale Sometimes Rogers was astonishingly accurate at other times he seems to have been tripping a bit shall we say Henry Louis Gates Jr The Root Rogers made great contribution to publishing and distributing little know African history facts through books and pamphlets such as 100 Amazing Facts About the Negro with Complete Proof and The Five Negro Presidents The common thread in Roger s research was his unending aim to counter white supremacist propaganda that prevailed in segregated communities across the United States against people of African descent Black History Heroes The Open Society in Theory and Practice D. Germino, K. van Beijme, 2012-12-06 From June 28 until July 4 1972 a group of scholars all of them academics committed to the critical study of man and society which may be called political theory met at The Rockefeller Foundation s Villa Serbelloni in Bellagio Italy to present papers on and discuss the subject of The Open Society These papers as revised are published here most of them for the first time They reflect no consensus of view nor were they intended to do so That such a consensus did not emerge from the conference is not in our

judgment a cause for regret it may rather be regarded as a manifestation of a healthy and desirable plurality of approaches which itself indirectly tells us something important about the nature of the open society All the papers deal in different contexts and from a variety of philosophical and theoretical perspectives with the interrelated themes of openness and the open society Some of the panelists are skeptical of the capacity of modern industrial or post industrial society with its heavy emphasis upon technological rationality to foster authentic openness under currently prevailing assumptions about man and nature
