From The East Conflict And Partition In Cyprus:

From the East Costas Yennaris, 2003 This account of Turkish policy towards Cyprus since the 1950s was first published in Greece to considerable critical acclaim What makes the book of such particular interest is the author's detailed study often from primary sources of Turkish ambitions to create a legal basis for the Turkish Cypriots demand for separate self determination and sovereignty The often painful consequences of cultivating mistrust between the Turkish and Greek Cypriot population are fully explained The author also considers the implications of creating reunification of Cyprus as a bi communal member state of the European Union where the human rights of all Cypriots are fully safeguarded **Protectorate Cyprus**

Gail Dallas Hook, 2015-02-17 A strategic outpost in the Eastern Mediterranean Cyprus was vital to British imperial ambitions in the East as the Ottoman Empire grew increasingly fragile in the nineteenth century Here Gail Dallas Hook describes the British occupation of Cyprus from 1878 to 1914 during which British government science and capital investment were installed alongside a new British colonial community building British Cyprus long before the island became a formal part of the British Empire Protectorate Cyprus further demonstrates how the British attempted to bring good government to Cyprus yet failed to resolve the issues of Muslim and Greek Orthodox divisions It is a unique representation of Britain's informal empire before World War I that has been little studied Protectorate Cyprus is a crucial addition to the history of the British Empire
