confidential interaction With this trust the physician may be witness to extraordinary challenges dramatic events and remarkable courage often in remote and isolated locations These vivid characters who speak to you in *Lion in the Night* have a hard earned truth to tell the readers Some of these truths are spoken outright but most are acted out in the drama of their decisions and lives I hope the characters voices and my witness to their struggles may add a new lens to the reader s eye into the meaning of life      *Supernatural North* Darren W. Ritson,2009-10-15 The latest exciting title from Darren Ritson offers a wealth of paranormal tales and legends from all over the north of the country      *When Love Is Not Enough* D. S. Brown,2016-03-16 Lawrence Chelton loved hard but at the same time it was all soft deep and lasting filled with a belief that soul mates really do exist He would do anything for the woman he loved He was tender caring strong and protective He knew how to stand and be the man a good woman would truly wantor so he believed When the woman he loved left him at the altar he changed He lost his belief in love He lost his respect for women He lost his ability to be decent to be a good man He no longer believed love was enough He didnt know what was enough what was life fulfilling However after the altar he felt it was only right to take advantage of as many women as possible in a depraved attempt to find the truth To him they deserved nothing but his contempt      **Storytime in India** Helen Priscilla Myers,Umesh Chandra Pandey,2019-06-14 Stories are the backbone of ethnographic research During fieldwork subjects describe their lives through stories Afterward ethnographers come home from their journeys with stories of their own about their experiences in the field Storytime in India is an exploration of the stories that come out of ethnographic fieldwork Helen Priscilla Myers and Umesh Chandra Pandey examine the ways in which their research collecting Bhojpuri wedding songs became interwoven with the stories of their lives their work together and their shared experience reading *The Eustace Diamonds* by Anthony Trollope Moving through these intertwined stories the reader learns about the complete Bhojpuri wedding tradition through songs sung by Gangajali and access to the original song recordings and their translations In the interludes Pandey reads and interprets *The Eustace Diamonds* confronting the reader with the ever present influence of colonialism both in India and in ethnographic fieldwork Interwoven throughout are stories of the everyday highlighting the ups and downs of the ethnographic experience Storytime in India combines the style of the Victorian novel with the structure of traditional Indian village tales in which stories are told within stories This book questions how we can and should present ethnography as well as what we really learn in the field As Myers and Pandey ultimately conclude writers of scholarly books are storytellers themselves and scholarly books are a form of art just like the traditions they study      *The Book of the Thousand Nights and One Night* Joseph Charles Mardrus,Edward Powys Mathers,1986 Volume four of this translation of the wonderful tales of the Arabian nights      *Here Comes the Guide: Northern California* Lynn Broadwell,Jan Brenner,2000 This guide describes 300 sites from wineries to quaint Victorian inns for weddings special events and business functions Thorough and up to date descriptions and charts help save countless hours in selecting a location 300 illustrations      *Tales Told at Midnight* Liam Spinage,2024-09-11 Some stories are told in

the warm light of a merry summer afternoon with echoes of friendly laughter or a single tear shed in compassionate sorrow These are not those stories These are tales only whispered of when the sun has set and darkness has descended on the land Tales told gathered round a warm fire for protection and comfort against the chill of their contents A deal with the devil A doomed expedition The restless dead Cursed objects Cosmic horrors beyond mortal comprehension from the depths of the oceans and distant realities Some will make you shudder Some will make you think Some will leave you afraid Some will leave you contemplating the frailty of existence These are no ordinary tales these are TALES TOLD AT MIDNIGHT **Soul**

Bouton,2011-01-01 In January 1847 a grain convoy passed through Buzan ais an obscure village in a remote region of central France that was suffering from hunger high prices and widespread unemployment Villagers intercepted the shipment invaded granaries and mills and forced resale of the grain at a just price set by the people What started as a classic subsistence movement however triggered two days of rioting and class hostility punctuated by uncommon property damage and death Disorder soon spread throughout the region The Buzan ais riot quickly became an evocative symbol of the rights of the people and stories about the riot have survived into the twenty first century In *Interpreting Social Violence in French Culture* Cynthia A Bouton traces how the production and marketing of the Buzan ais riot story served political commentators publishers authors illustrators and local enthusiasts enabling them to draw upon key points from the 1847 uprising to negotiate issues relevant to their own times Bouton argues that over time especially from the 1970s the persistent integration of stories of social protest into a widening variety of media has helped shape French political identity as one in which the politics of the street has become as customary as the politics of political assemblies Bouton examines representations of the riot in newspapers novels illustrations popular and scholarly historical narratives cartoons television local spectacles and on the Internet She analyzes power relations embedded in texts and in images the ways in which texts and images complement complicate and contradict each other and the ways in which history memory and fiction intersect Both in 1847 and subsequently she shows efforts to reorder the disorder at Buzan ais have exposed aspects of French social and cultural attitudes and practices She demonstrates that the particular media employed to tell the Buzan ais story both constrained and empowered the messages conveyed by textual and visual narratives of it perhaps as much as the ideological positions of authors illustrators or producers By probing the relationship between medium and story in relation to the Buzan ais riot *Interpreting Social Violence in French Culture* offers a new interpretation of this defining
