Front Runner:

The Front-Runner of the Catholic Reformation Franz Posset, 2017-03-02 Johann von Staupitz is generally acknowledged as one of the most important influences on Martin Luther convincing him of the sin remitting grace of God. It was this revelation that was to spur Luther to formulate his theology of salvation by faith alone which was to lead to his break with the Catholic church. When Luther was brought to task by the church authorities for his heretical views it was Staupitz who was deputed to remonstrate with him and it was Staupitz who sent a copy of his theses on indulgences to the Pope. Despite Luther's defection from Rome he was to remain on good terms with the orthodox Staupitz who was consistently at the forefront of reformation within the Catholic Church. This book sheds light on the spiritual and theological beliefs of Staupitz placing him in the midst of the late medieval reform efforts in the Augustinian order. It argues that as reformer, sermonizer and friend of humanists Staupitz was a major player in the world of early sixteenth century theology who had a profound influence on the course of the Reformation.

The Front Runner Brendan O'Meara, 2025-05-20 On the 50th anniversary of American Track and Field icon Steve Prefontaine's tragic death comes an essential reappraisal of his life and legacy, a powerful work of narrative history exploring the forces and psychology that made Prefontaine great and separating the man from the myths. In the fifty years since his tragic death in a car crash, Steve Prefontaine has towered over American distance running. One of the most recognizable and charismatic figures to ever run competitively in the United States, Prefontaine has endured as a source of inspiration and fascination, a talent who presaged the American running boom of the late 1970s and helped put Nike on the map as the brand's first celebrity athlete face. Now on the anniversary of his untimely death, author Brendan O'Meara, host of the Creative Nonfiction podcast, offers a fresh definitive retelling of Prefontaine's life, revisiting one of the most enigmatic figures in American sports with a twenty-first century lens. Through over a hundred and fifty original interviews with family, friends, teammates and competitors, this long overdue reappraisal of Prefontaine, the first such exhaustive treatment in almost thirty years, provides never-before-told stories about the unique talent, innovative mental strength and personal struggles that shaped Prefontaine on and off the track. Bringing new depth to an athlete long eclipsed by his brash, aggressive running style and the heartbreak of his death at twenty-four, O'Meara finds the man inside the myth, scrutinizing a legacy that has shaped American sports culture for decades. What emerges is a singular portrait of a distinctly American talent, a story written in the pines and firs of the Pacific Northwest, back when running was more blue-collar love than corporate pursuit, the story of a runner whose short life casts a long, fast shadow.

The Frontrunner Keith J. Netto, 2010-07-30 This fictional novel is written for entertainment purposes only. The story attempts to depict life from varying perspectives. The leading character is Jerome Stanton McCaully II, the son of an overachieving military army colonel who ruled with unquestioning authority. The

story introduces a band of characters that can be viewed as misfits of society and the various trials and tribulations faced by the group who referred to themselves as Renegades. As with any group of individuals, there was a stormy relationship during their first times together. However, as time rolled on, there was a norming within the group and a spirit of brotherly love and togetherness that was second to none. The group banded together with a cohesiveness that in a way provided the comfort, love, and attention they did not find in school or within their respective families. They held firmly to the saying "I got your back" as a way of showing strength and togetherness. The colonel's unyielding manner of parenting was a constant source of family discontent, and he clashed often with his son, Jerome Jay. On one particular evening, and after a heated exchange between Jay and his dad, the internal struggle was too much for Jay's mother. She was no match for her husband and felt inadequate in her inability to protect her son. She went into the bathroom and never recovered from her action. Jerome Jay moved out of the house and blamed his dad for his mother's action. He then became the leader of the renegades. In a perverse sense, he did adopt many of his father's traits in being firm and direct in his leadership of the group. He set rules for the misfits and levied fines for tardiness and incomplete tasks. In a way, it was honor amongst the dishonorable. Jay and his cohorts roamed through the small coastal Virginia town with reckless abandon. They were quickly gaining a reputation with the local police and school officials. Their presence evoked fear in others, and their absence from classes was actually a relief to teachers and students. Their bark was usually worse than their bite, but it was the nuisance issues that made them unwanted guests wherever they ventured. As time progressed, the group migrated to petty theft and later into drugs as a way of supporting their meager existence. Jay continued his wayward life until a life-altering experience just prior to his eighteenth birthday. His father rushed to his bedside at the hospital, which started the mending of their broken relationship. After all, the colonel had lost his wife and could not fathom the thought of losing his only son. Given a last chance at salvation by his father, Jay morphed into a model citizen, entered college, tried his hand at politics, and catapulted to the top. He married his college sweetheart and started a family. He vowed to be a better father to his children and more than ever wanted a close family relationship. He spoke with them respectfully and listened intently to their every word. Family dinner was a lengthy and enjoyable affair, even though his children at first thought this to be a fate worse than death. Jay succeeded in his run for a vacant senator's position. He flourished in this position and was a tenacious fighter for his ideals and represented his constituents with vigor not before seen in his state. He was also sought after to serve on powerful committees. His party beckoned him to be their candidate for the presidency, and after deliberation and discussions with his family, he accepted the challenge and ultimately won the nomination. His once hectic life became more busy yet still manageable. He was surrounded by well-wishers, confidants, aides, and a host of others who were driven to success. Others simply were riding his coattail to notoriety. After winning the party's nomination and just months from the general election in which he was the undisputed frontrunner, it was back and would change the course of history.

No Time To Think Howard Rosenberg, Charles S. Feldman, 2008-10-01 An eviscerating look at the state of journalism in the age of the 24 hour news cycle by a Pulitzer Prize winning television critic and a veteran news correspondent No Time To Think focuses on the insidious and increasing portion of the news media that due to the dangerously extreme speed at which it is produced is only half thought out half true and lazily repeated from anonymous sources interested in selling opinion and wild speculation as news These news item can easily gain exposure today assuming a life of their own while making a mockery of journalism and creating casualties of cool deliberation and thoughtful discourse Much of it is picked up gratuitously and given resonance online or through CNN Fox News MSNBC and other networks which must in this age of the 24 hour news cycle feed the beast In dissecting this frantic news blur No Time to Think breaks down a number of speed driven blunders from the insider perspective of Charles Feldman who spent 20 years as a CNN correspondent as well as the outsider perspective of Howard Rosenberg who covered the coverage for 25 years as TV critic for The Los Angeles Times No Time to Think demonstrates how today s media blitz scrambles the public s perspective in ways that potentially shape how we think act and react as a global society The end result effects not only the media and the public but also the government leaders we trust to make carefully considered decisions on our behalf Featuring interviews ranging from former NBC News anchor Tom Brokaw to internet doyenne Arianna Huffington to PBS stalwart Jim Lehrer to CNN chief Jonathan Klein to a host of former presidential press secretaries and other keen eyed media watchers this incisive work measures lasting fallout from the 24 hour news cycle beginning in 1980 with the arrival of CNN right up to the present

The Presidential Leadership

Dilemma Julia R. Azari, Lara M. Brown, Zim G. Nwokora, 2013-01-29 Throughout their time in office American presidents are often forced to choose between leading the nation and leading their party In an earlier time when the major parties were less polarized this leadership dilemma while challenging was not nearly as vexing as it is today American presidents now find themselves with little room to maneuver compelled to serve the Constitution on the one hand and yet caught within bitter partisan disputes and large numbers of unaffiliated voters on the other The contributors to this volume investigate how recent presidents have navigated these increasingly rocky political waters Focusing on campaign strategy presidential rhetoric relations with Congress domestic and foreign policy The Presidential Leadership Dilemma presents a wide ranging detailed and fascinating study of how contemporary presidents face the challenge at the heart of every presidency
