

FRONTIER JUSTICE™

Frontier Justice

A. Adam

Frontier Justice:

Frontier Justice Andy Lamey, 2011-04-05 Frontier Justice is a gripping eye opening exploration of the world wide refugee crisis Combining reporting history and political philosophy Andy Lamey sets out to explain the story behind the radical increase in the global number of asylum seekers and the effects of North America and Europe s increasing unwillingness to admit them He follows the extraordinary efforts of a set of Yale law students who sued the U S government on behalf of a group of refugees imprisoned at Guant namo Bay he recounts one refugee family s harrowing journey from Saddam Hussein s Iraq to contemporary Australia via the world s most dangerous ocean crossing and he explores the fascinating case of Ahmed Ressay the so called Millennium bomber who filed a refugee claim in Canada before attempting to blow up the Los Angeles airport Lamey casts new light on a host of broader subjects from the reasons why terrorists who pose as refugees have an overwhelming failure rate to the hidden benefits of multiculturalism Throughout Lamey s account he focuses on the rights of people in search of asylum and how those rights are routinely violated But Frontier Justice does not merely point out problems This book offers a bold case for an original solution to the international asylum crisis one which draws upon Canada s unique approach to asylum seekers At the centre of the book is a new blueprint for how the rights of refugees might be enforced and a vision of human rights that is ultimately optimistic and deeply affirmative In exploring one of the most pressing questions of our age Lamey provides an absorbing and unsettling look at a world in which as he notes there are many rights for citizens few for human beings

The Frontier's Edge Pasquale De Marco, 2025-04-11 The Frontier s Edge is an immersive journey into the untamed frontier a land of vast possibilities and unwavering spirits It unveils the allure of the unknown the challenges of settling new territories and the resilience of those who dared to venture into the wilderness This comprehensive exploration delves into the lives of pioneering individuals shedding light on their motivations struggles and triumphs It celebrates the indomitable spirit of those who left behind the familiar to forge new paths embracing both the rewards and hardships of frontier life Beyond the personal narratives The Frontier s Edge delves into the complex interactions between settlers and Native American peoples It examines the building of relationships the exchange of knowledge and the conflicts that arose over land and resources It also highlights the resilience and perseverance of Native cultures in the face of adversity The book explores the profound impact of the frontier on the shaping of American identity It delves into the frontier s role in the American Revolution the expansion of the nation s boundaries and the definition of American values It also examines the influence of immigration and the celebration of diversity in the American character The Frontier s Edge also delves into the economic and social aspects of frontier life It examines the rise of gold rushes and boomtowns highlighting the allure of wealth and the challenges of life in mining camps It also explores the development of ranching and farming shedding light on the transformation of the landscape and the rise of agribusiness With meticulous research and vivid storytelling The Frontier s Edge paints a captivating portrait of the American frontier It is a

celebration of the courage resilience and spirit of those who dared to venture into the unknown leaving an indelible mark on the course of American history If you like this book write a review on google books **The Gunman's Ride Across the Prairie** Pasquale De Marco,2025-04-13 Step into the untamed wilderness of the American frontier in the 19th century a land of boundless opportunity and endless horizons From the rolling prairies to the towering mountains this book takes you on a journey through the heart of the Wild West exploring its rich history diverse landscapes and enduring legacy Immerse yourself in captivating tales of pioneers adventurers and outlaws who dared to venture into the unknown Meet the Native American tribes who first called this land home and learn about their traditions beliefs and struggles Follow the footsteps of settlers seeking a new life facing the challenges of a harsh and unforgiving environment Ride alongside cowboys driving vast herds of cattle across the open range experiencing the camaraderie and dangers of the trail Discover the impact of the Wild West on American culture its influence on literature art and music and its role in shaping the nation s identity Explore the evolution of the frontier from its early days as a lawless land to its eventual transformation into a settled and civilized region Gain a deeper understanding of the forces that shaped this iconic era from the Gold Rush to the building of the transcontinental railroad Through vivid descriptions and engaging storytelling this book brings the Wild West to life capturing the spirit of adventure resilience and determination that defined this extraordinary time and place Whether you re a history buff a fan of Western lore or simply someone who enjoys a good story this book will transport you to a world that is both familiar and utterly foreign a world where anything was possible and the future was wide open If you like this book write a review on google books *Montana Vigilantes, 1863-1870* Mark C. Dillon,2018-10-22 A history and legal analysis of vigilantism in Montana in the 1860s from a state Supreme Court justice and legal historian Historians and novelists alike have described the vigilantism that took root in the gold mining communities of Montana in the mid 1860s but Mark C Dillon is the first to examine the subject through the prism of American legal history considering the state of criminal justice and law enforcement in the western territories and also trial procedures gubernatorial politics legislative enactments and constitutional rights Using newspaper articles diaries letters biographies invoices and books that speak to the compelling history of Montana s vigilantism in the 1860s Dillon examines the conduct of the vigilantes in the context of the due process norms of the time He implicates the influence of lawyers and judges who like their non lawyer counterparts shaped history during the rush to earn fortunes in gold Dillon s perspective as a state Supreme Court justice and legal historian uniquely illuminates the intersection of territorial politics constitutional issues corrupt law enforcement and the basic need of citizenry for social order This readable and well directed analysis of the social and legal context that contributed to the rise of Montana vigilante groups will be of interest to scholars and general readers interested in Western history law and criminal justice for years to come Justice Dillon s book reads like a Western Dillon masterfully sets the stage for the rise of the Montana vigilantes by bringing alive the people who created and lived in mining towns There are heroes villains shady

characters and more than a few politicians businessmen lawyers and judges What sets Dillon s book apart from historical texts and fictional tales is that he provides legal analyses and explanations of the trials sentences due process and procedures of the day And shed s grisly light on the details of the hangings Dillon s unique background as an attorney and judge and his downright dogged research are what makes this complex story so engaging The prose is clear crisp and gets to the point The book is satisfying because it answers contemporary nagging questions about the law regarding the vigilantes and the hangings Gregory Zenon Brooklyn Barrister Dillon s analysis of the vigilantes of Bannack Alder Gulch and Helena in Montana Territory is the most detailed insightful and legally nuanced yet produced This book is a model for historians to follow when dealing with 19th century criminal proceedings Establishing historical context includes examining the laws in books as well as the law in action Gordon Morris Bakken Great Plains Research **Popular Justice** Manfred

Berg,2011-03-16 Lynching has often been called America s national crime that has defined the tradition of extralegal violence in America Having claimed many thousand victims Judge Lynch holds a firm place in the dark recesses of our national memory In Popular Justice Manfred Berg explores the history of lynching from the colonial era to the present American lynch law he argues has rested on three pillars the frontier experience racism and the anti authoritarian spirit of grassroots democracy Berg looks beyond the familiar story of mob violence against African American victims who comprised the majority of lynch targets to include violence targeting other victim groups such as Mexicans and the Chinese as well as many of those cases in which race did not play a role As he nears the modern era he focuses on the societal changes that ended lynching as a public spectacle Berg s narrative concludes with an examination of lynching s legacy in American culture From the colonial era and the American Revolution up to the twenty first century lynching has been a part of our nation s history Manfred Berg provides us with the first comprehensive overview of popular justice **Lone Star Justice** Robert M.

Utley,2002-05-16 From The Lone Ranger to Lonesome Dove the Texas Rangers have been celebrated in fact and fiction for their daring exploits in bringing justice to the Old West In Lone Star Justice best selling author Robert M Utley captures the first hundred years of Ranger history in a narrative packed with adventures worthy of Zane Grey or Larry McMurtry The Rangers began in the 1820s as loose groups of citizen soldiers banding together to chase Indians and Mexicans on the raw Texas frontier Utley shows how under the leadership of men like Jack Hays and Ben McCulloch these fiercely independent fighters were transformed into a well trained cohesive team Armed with a revolutionary new weapon Samuel Colt s repeating revolver they became a deadly fighting force whether battling Comanches on the plains or storming the city of Monterey in the Mexican American War As the Rangers evolved from part time warriors to full time lawmen by 1874 they learned to face new dangers including homicidal feuds labor strikes and vigilantes turned mobs They battled train robbers cattle thieves and other outlaws it was Rangers for example who captured John Wesley Hardin the most feared gunman in the West Based on exhaustive research in Texas archives this is the most authoritative history of the Texas Rangers in over half a century It will

stand alongside other classics of Western history by Robert M. Utey a vivid portrait of the Old West and of the legendary men who kept the law on the lawless frontier **Trade and Structural Change in Pacific Asia** Colin I. Bradford, Jr., William H. Branson, 2007-12-01 The rapid development of Pacific Asia over the past twenty years offers an excellent opportunity to analyze the dynamics of economic growth Trade and Structural Change in Pacific Asia explores the nature and causes of changes that have occurred in the economic structure of Pacific Asia the relationship between these changes and economic growth and the implications of these changes for trading relationships Themes in the research reported here includes the sectoral composition of output and trade rates of structural change in production and exports and their relation to economic growth the effect of abundant resource endowments on industrialization and manufactured exports the nature of the mix between active government policies and market forces and the balance between demand determined and supply determined industrialization and exports Many of the issues explored have important implications for United States foreign economic policy and the volume includes a look at the basic economic and political forces influencing shifts in United States trade policy in the postwar period A timely and informative analysis the volume probes the causes and consequences of economic growth in Pacific Asia focusing on the interaction of exports of manufactured goods and the developmental process The results reported contribute to ongoing research in structural change and economic policy and will be important to economists working on empirical patterns in international trade and the process of economic development *Frontier Justice* Jan E. Terrall, 2017-06-27 In the west during the mid to late eighteenth century when settlers moved out across the Mississippi and Missouri Rivers to make a new life for themselves Law and order were often slow in coming to the settlements and towns that sprung up on the prairie and in the western mountains Frontier Justice is a collection of western short stories about how justice was dispensed during those days when lawmen judges and courts were not always available There are stories of citizens dispensing justice in the only way they knew In one story a man attempts to bring law to a small town that had no one to enforce it Since law officers were often limited to the town or county they served bounty hunters often chased down the outlaws where other lawmen could not or would not go The use of a bounty on the heads of the outlaws made the practice worth it as many criminals were captured by the bounty hunter Although the stories in Frontier Justice are fictional they show what it took to bring law and order to the frontier This book is one of several books of short stories by J. E. Terrall about the taming of the West *Gendered Justice in the American West* Anne M. Butler, 1999-08-15 In this shocking study Anne M. Butler shows that the distinct gender disadvantages already faced by women within western society erupted into intense physical and mental violence when they became prisoners in male penitentiaries Drawing on prison records and the words of the women themselves Gendered Justice in the American West places the injustices women prisoners endured in the context of the structures of male authority and female powerlessness that pervaded all of American society Butler's poignant cross cultural account explores how nineteenth century criminologists constructed the criminal woman how the woman's age

race class and gender influenced their court proceedings and what kinds of violence women inmates encountered She also examines the prisoners diet illnesses and experiences with pregnancy and child bearing as well as their survival strategies

The Ku Klux Klan Sara Bullard,1998-06 **Discounting Life** Jothie Rajah,2022-11-03 Extrajudicial extraterritorial killings of War on Terror adversaries by the US state have become the new normal Alongside targeted individuals unnamed and uncouned others are maimed and killed Despite the absence of law s conventional sites processes and actors the US state celebrates these killings as the realization of justice Meanwhile images narrative and affect do the work of law authorizing and legitimizing the discounting of some lives so that others implicitly American nationals may live How then as we live through this unending globalized war are we to make sense of law in relation to the valuing of life Adopting an interdisciplinary approach to law to excavate the workings of necropolitical law and interrogating the US state s justifications for the project of counterterror this book s temporal arc the long War on Terror illuminates the profound continuities and many guises for racialized imperial violence informing the contemporary discounting of life *A Materialist Theory of Justice* George Sotiropoulos,2019-03-13 A Materialist Theory of Justice offers an innovative re reading of justice that draws from diverse theoretical currents tracing in the process an age old tradition of critical thought Raising the banner of materialism against idealist conceptions justice is conceived as a multiple process which emerges in the dynamic reproduction and interaction of material bodies Mapping out its presence on non human fields justice is then shown to attain in human beings the status of a contentious problem and a productive desire which is related to the pursuit of a good life and is also determinative of human history The theorization enlarges the scope of the notion by incorporating a wide spectrum of phenomena from animal forms of sociality and activity to revolution empire civil war up to and including the riots that spread out in the world today In this way the book also manages to extend beyond the disciplinary boundaries of normative political theory within which theories of justice are usually logged and enter a productive discussion with various currents of critical thought

Gender, Ethics and Information Technology A. Adam,2005-03-14 This book brings feminist philosophy in the shape of feminist ethics politics and legal theory to an analysis of computer ethics problems including hacking privacy surveillance cyberstalking and Internet dating Adam claims that these issues cannot be properly understood unless we see them as problems relating to gender For the first time these issues are put under the feminist spotlight to show that traditional responses reproduce the public private split which has so often reinforced the causes of women s oppression

Crime, Justice and Retribution in the American West, 1850-1900 Jeremy Agnew,2017-03-31 Western movies are full of images of swaggering outlaws brought to justice by valiant lawmen shooting them down in daring gunfights before riding off into the sunset In reality it would not have happened that way Real lawmen did not simply walk away from a gunfight they had to face the legal system and justify shooting a civilian in the line of duty Providing a more realistic view of criminal justice in the Old West this history focuses on how criminals came into conflict with the law and how the law responded The

process is described in detail from the common crimes of the day such as train robbery and cattle theft to the methods of apprehending criminals to their adjudication and punishment by incarceration flogging or hanging *Shadows of Justice* Tyler Phillips, *Shadows of Justice* The Legacy of Vigilante Retribution delves into the dark history of mob rule and extrajudicial killings in America From the lawless frontier to the Jim Crow South this book examines the chilling reality of vigilante justice exposing the motivations justifications and devastating consequences of these acts Explore the stories of victims their families and the communities forever changed by acts of lynching mob violence and frontier justice You ll meet the perpetrators driven by racial hatred fear and social pressure and witness the role of the media in shaping public opinion and fueling the fire of retribution This book explores the chilling legacy of lynching investigating the efforts to achieve accountability the fight for justice and the psychological and societal wounds that continue to impact communities today This is a deeply moving and insightful journey into the darkest corners of American history revealing the enduring dangers of mob mentality the power of social justice movements and the ongoing struggle for a future free from the shadows of vigilante retribution *A Lawless Land* Pasquale De Marco,2025-04-13 Delve into the untamed wilderness of the American frontier where dreams and danger collide in this captivating exploration of a bygone era *A Lawless Land* transports you to a time when pioneers and outlaws Native Americans and settlers all converged in a crucible of conflict and opportunity In the vast expanse of the West where lawlessness reigned and justice was often elusive pioneers embarked on a perilous journey in search of a new beginning They faced the harsh realities of an unforgiving wilderness battling nature s elements isolation and the constant threat of raids Yet they persevered transforming the untamed landscape into thriving communities leaving an indelible mark on the face of America As the frontier expanded so did the conflict between settlers and Native Americans Treaties were made and broken promises whispered and betrayed as each side fought for their land and their way of life The clash of cultures and the struggle for survival became a defining characteristic of the frontier experience But the frontier was also a land of opportunity where dreams could come true The discovery of gold ignited a frenzy that drew fortune seekers from far and wide Boomtowns sprang up overnight only to be abandoned when the gold rush subsided The mining industry left its scars on the land but it also fueled economic growth and transformation The arrival of the railroad marked a turning point connecting the East and West and bringing settlers goods and ideas to once remote regions Towns and cities sprang up along the tracks transforming the way people lived and worked However the railroad also brought conflict as Native Americans saw their lands and traditions threatened by the relentless advance of progress *A Lawless Land* is a comprehensive exploration of this tumultuous era delving into the lives of outlaws and lawmen pioneers and homesteaders Native Americans and immigrants It paints a vivid picture of a time when dreams and danger were intertwined and the frontier was a crucible that shaped the character of a nation If you like this book write a review on google books *Compact Justice* Corbin Shepherd,AI,2025-05-06 *Compact Justice* examines the complex relationship between speed and fairness in

legal proceedings questioning whether justice can truly be both swift and just. It delves into historical cases where rapid legal decisions have dramatically shaped history, highlighting how these instances continue to influence contemporary legal and political discussions. The book uniquely focuses on these often overlooked cases, diverging from analyses of lengthy legal battles to offer fresh insights into law, power, and justice. The book explores how societal pressures and political ideologies can drive the need for quick legal resolutions while simultaneously scrutinizing potential risks to due process. For instance, the book analyzes historical examples ranging from the Salem Witch Trials to fast-tracked Supreme Court cases, illustrating that while efficiency is desirable, it must not compromise individual rights. Structured progressively, the book first introduces the concept of compact justice, then examines historical cases, analyzes recurring patterns, and concludes with practical recommendations for today's legal systems. Drawing from court records, historical documents, and legal scholarship, the book argues that lessons from the past can inform modern legal reform. Ultimately, *Compact Justice* presents a compelling case for balancing efficiency and justice in a rapidly evolving world.

Wild West: Tales from the Frontiers Pasquale De Marco, 2025-04-16. In the untamed wilderness of the American frontier, a rich tapestry of adventure, resilience, and transformation unfolds. In *Wild West Tales from the Frontiers*, this captivating exploration delves into the lives of those who dared to venture into the unknown, seeking a new beginning amidst the vast landscapes and endless possibilities of the Wild West. From the rugged peaks of the Rocky Mountains to the sprawling deserts of the Southwest, we encounter the pioneers who settled the land, homesteading and farming in a harsh and unforgiving environment. Their unwavering determination and pioneering spirit shaped the destiny of the frontier, leaving an indelible mark on the nation's history. We ride alongside the cowboys as they embark on perilous cattle drives, enduring long and arduous journeys to bring beef to the nation's growing cities. Their courage and resilience in the face of adversity embody the spirit of the Wild West, forever etched in the annals of American folklore. Gold and silver fever gripped the frontier, leading to the rise of boomtowns and mining camps that sprang up overnight. These ephemeral communities bustled with activity and excitement, attracting fortune seekers from all walks of life. We witness the rise and fall of these towns, their legacies forever intertwined with the dreams and aspirations of those who flocked to the frontier. The Native American tribes, the original stewards of the land, faced immense challenges as their ancestral homelands were encroached upon by settlers. We explore their rich traditions and cultural heritage, their struggles for sovereignty and self-determination, and the enduring impact of their legacy on the shaping of the American West. Outlaws and lawmen crossed paths in the lawless towns of the frontier, where justice was often elusive. We encounter notorious figures like Billy the Kid and Jesse James, whose exploits captured the public's imagination and cemented their place in Western folklore. The challenges faced by law enforcement officers and the methods they employed to bring order to a chaotic and untamed land shed light on the complexities of frontier justice. The frontier was a melting pot of cultures and backgrounds, where people from all walks of life converged in pursuit of a new beginning. We delve into the lives of women on the frontier,

whose strength and resilience were essential to the survival of their families and communities Their contributions to education religion and social welfare shaped the fabric of frontier society Wild West Tales from the Frontiers transports readers to a time and place like no other a crucible that forged the American character and left an enduring legacy on the nation s history and culture Through the stories of those who lived it this book provides a comprehensive exploration of the American West capturing the essence of its trials triumphs and transformative impact on the making of America If you like this book write a review on google books

Undercover Justice Nico Rosso,2019-04-01 Fasten your seat belt You re in for a white knuckle ride Posing as criminal syndicate drivers heiress Stephanie Shun and mechanic Arash Shamshiri want to take down a human trafficking ring Each thinks the other is a bona fide member but neither can resist the sparks igniting as they speed into a nightmare of revenge danger and desire And if they can t trust their hearts there s bound to be a crash

The Internet and Society Bernadette H. Schell,2006-12-21 An examination of the social impact of the Internet this volume explores political social technical legal and economic controversies in a manner accessible to the general reader Today more than one billion people worldwide use the Internet for communication shopping business and research But in the last five years they have lost over 10 billion to malicious computer attacks alone Is there a way to keep the benefits and avoid the problems The Internet and Society A Reference Handbook explores both the positive aspects of the Internet and its darker side Topically organized it chronicles the background and history of the Internet with a focus on the 1960s and beyond Through analysis of the latest research in sociology political science economics law and computer science it examines problems varieties of cybercrime controversies and solutions related to the Internet s phenomenal growth It also illuminates the likely directions of the Internet s future and the ongoing challenges it presents to societies around the globe
