Economic Organisation Of War Communism 1918 1921:

The Economic Organization of War Communism 1918-1921 Silvana Malle, 2002-08-08 An assessment of the first Soviet economic system comparing programmes with outcomes and theory with practice The economic organization of War Communism 1918-1921 Silvana Malle, 1985 *The economic organisation of war communism (1918-1921)*. Silvana Malle, 1981

The War Communism Economic Organization, 1918-1921 Silvana Malle, 1979 **Soviet Economic Development from Lenin to Khrushchev** Robert William Davies, 1998-03-28 This book provides a comprehensive survey of Soviet economic development from 1917 to 1965 in the context of the pre revolutionary economy In these years the Soviet Union negotiated the first stages of modern industrialisation and then after the defeat of Nazi Germany and its allies emerged as one of the two world superpowers This was also the first attempt to construct a planned socialist order These developments resulted in great economic achievements at great human cost Using the results of recent Russian and Western research Professor Davies discusses the inherent faults and strengths of the system and pays particular attention to the major controversies Was the Russian Revolution doomed to failure from the outset Could the mixed economy of the 1920s have led to a democratic socialist economy What was the influence of Soviet economic development on the rest of the world

The Soviet Union 1917-1991 Martin McCauley, 2014-02-04 A second edition of this famous survey has been eagerly awaited When the first edition appeared Brezhnev was still in power Gorbachev did not make it to the index and the USSR was a superpower Today the Soviet experiment is over and the USSR no longer exists How Why Martin McCauley has reworked and greatly expanded his book to answer these questions and to provide a complete account of the Soviet years Essential reading to an appreciation of recent history and to a better understanding of whatever happens next **Soviet Politics** Richard Sakwa, 2012-11-12 Soviet Politics in Perspective is a new edition of Richard Sakwa's successful textbook Soviet Politics an introduction Thoroughly revised and updated it builds on the previous editions comprehensive and accessible exploration of the Soviet system from its rise in 1919 to its collapse in 1991 The book is divided into five parts which focus on key aspects of Soviet politics They are historical perspectives beginning with the Tsarist regime on the eve of Revolution the rise and development of Stalinism through to the decline of the regime under Brezhnev and his successors and Gorbachev's attempts to revive the system institutions of Government such as the Communist Party security apparatus the military the justice system local government and participation theoretical approaches to Soviet politics including class and gender politics the role of ideology and the shift from dissent to pluralism key policy areas the command economy and reform nationality politics and foreign and defence policy an evaluation of Soviet rule and reasons for its collapse Providing key texts and bibliographies this book offers the complete history and politics of the Soviet period in a single volume It will be indispensable to students of Soviet and post Soviet politics as well as the interested general reader *Russia's International Relations in the Twentieth Century* Alastair Kocho-Williams, 2013-01-04 Russia has long been a major player in the

international relations arena but only by examining the whole century can Russian foreign policy be properly understood and the key questions as to the impact of war of revolution of collapse the emergence of the Cold War and Russia's post Soviet development be addressed Surveying the whole of the twentieth century in an accessible and clear manner Russia's International Relations in the Twentieth Century provides an overview and narrative with analysis that will serve as an introduction and resource for students of Russian foreign policy in the period and those who seek to understand the development of modern Russia in an international context The volume includes an analysis of the major themes which surrounded Russia's position in world affairs as one of the European Great Powers before the First World War the impact of Revolution and the emergence of Soviet foreign policy with its dual aims of normalization and world revolution the changes wrought to the international order by the rise of Nazi Germany and by the Second World War the origins and development of the Cold War the end of the Cold War and the Soviet collapse how Russia has rebuilt itself as an international power in the post Soviet era An essential resource for students of Russian history and International policy

Merchants and Markets in Revolutionary Russia, 1917-30 Arup Banerji, 1997-02-12 This book explores the history of private internal trade in the USSR during the NEP of the 1920s Private traders operated in a politically hostile but economically promising environment Their contribution to post war reconstruction was a crucial one An exhaustive portrayal of the markets and dimensions of private trade is contrasted with the felt anxieties of Bolsheviks concerning traders destabilising intentions and abilities Retrospectively many of these apprehensions were misplaced

The Modernisation of Russia, 1856-1985 John Laver, 2002 This book is directed at students studying the economic and social development of Russia and the Soviet Union as well as the nature of Russian government and its impact on the Russian people in this period at AS A level It forms part of the new Heinemann Advanced History series which has been written specifically to cover modules set by each of the three Awarding Bodies OCR Edexcel and AQA

Revolutionary Democracy Soma Marik, 2018-03-09 In this wide ranging and insightful work Soma Marik defends the legacy of the Bolshevik Revolution arguing against many of its detractors that the early communist regime was centrally concerned with both the liberation of women and the expansion of democracy Soma Marik teaches Women's Studies and History at Jadavpur University

Russia in the Age of Wars, 1914-1945 Silvio Pons, Andrea Romano, 2000 **A Companion to Modern European History** Martin Pugh, 1997-10-22 Its sixteen thematic chapters each written by an expert in the field cover social and economic developments the rise and fall of all the major political movements as well as the immense changes generated by war and international diplomacy across Europe

Bloodstained Friends of Aron Baron, 2017-10-23 On the centenary of the 1917 Russian Revolution paeans to the conquering Bolsheviks will be sung Bloodstained highlights the darker echoes coming from that event with a mixture of classic and new essays that expose a murderous dictatorship as it developed paving the way for Stalin Mao Castro and others to slaughter and starve their opponents The defense of this criminal enterprise later categorized as actually existing

socialism ends here No more velvet gloved hagiography No more Lenins Includes essays from Mark Leier Barry Pateman Alexander Berkman Iain MacKay Herman Gorter Rudolf Rocker Luigi Fabbri Maurice Brinton and more **The Russian Revolution and Civil War 1917-1921** Jonathan Smele,2006-04-15 The Russian Revolution and Civil War in the years 1917 to 1921 is one of the most widely studied periods in history It is also somewhat inevitably one that has generated a huge flow of literature in the decades that have passed since the events themselves However until now historians of the revolution have had no dedicated bibliography of the period and little claim to bibliographical control over the literature The Russian Revolution and Civil War 1917 1921 offers for the first time a comprehensive bibliographical guide to this crucial and fascinating period of history The Bibliography focuses on the key years of 1917 to 1921 starting with the February Revolution of 1917 and concluding with the 10th Party Congress of March 1921 and covers all the key events of the intervening years As such it identifies these crucial years as something more than simply the creation of a communist state **Revolution and Civil War in North Russia** Alistair S. Wright,2025-05-15 Revolution and Civil War in North Russia shines a much needed light on the establishment and consolidation of Bolshevik power on the civil war periphery and examines the Allied anti Bolshevik military and home fronts from a previously uncharted perspective Expanding our understanding of the Russian civil war this book provides the first detailed archival based study in English to analyse the two neighbouring regions of Karelia and Murmansk Despite not being far from the revolutionary capital Petrograd both territories resisted the establishment of Bolshevik power longer than many others and so this study offers novel insights into the complexities of the struggle that eventually led to communist rule Alistair S Wright reflects on how both Karelia and Murmansk relied on food being imported comparing how this problem was dealt with by the two independent local governments Wright shows for the first time how providing Murmansk with food supplies was a key feature of Allied intervention during the conflict part of an informative analysis of Bolshevik and Allied food supply policies to be found throughout the book Engineer of Revolutionary Russia Anthony Heywood,2016-05-13 This book is the first substantial study in any language of one of revolutionary Russia s most distinguished and controversial engineers Iurii Vladimirovich Lomonosov 1876 1952 Not only does it provide an outline of his remarkable life and career it also explores the relationship between science technology and transport that developed in late tsarist and early Soviet Russia Lomonosov s importance extends well beyond his scientific and engineering achievements thanks to the rich variety and public prominence of his professional and political activities His generation Lenin s generation was inevitably at the forefront of Russian life from the 1910s to the 1930s and Lomonosov took his place there as one of the country s best known and ultimately notorious engineers As well as an innovative engineer who campaigned to enhance the role of science he played a major role in shaping and administering the Russian railways and undertook several diplomatic and scientific missions to the West during the early years of the Revolution Falling from political favour during an assignment in Germany 1923 1927 he achieved notoriety in Russia as a non returner by apparently declining to return home Thereby

escaping probable arrest and execution he began a new life abroad 1927 1952 which included a research post at the California Institute of Technology in 1929 1930 collaborative projects with the famous physicist P L Kapitsa in Cambridge a long time association with the Institution of Mechanical Engineers in London and work for the British War Office during the Second World War From Marxist revolutionary to American academic this study reveals Lomonosov s extraordinary life Drawing on a wide variety of official Russian sources as well as Lomonosov s own diaries and memoirs a vivid portrait of his life is presented offering a better understanding of how science technology and politics interacted in early twentieth century Russia Reinterpreting Revolution in Twentieth-Century Europe Moira Donald,Tim Rees,2017-03-14 Until the dramatic fall of Communist regimes in the East placed the possibility of revolution on the agenda once again sudden and decisive political change had appeared a largely anachronistic phenomenon in Europe Looking back over the twentieth century it is plausible to argue that the twentieth rather than the nineteenth has been the most revolutionary of centuries In this volume leading specialists from a variety of disciplines examine the changing and conflicting meanings of revolution in modern and contemporary Europe Contributions include both broad essays on the global and historical context of European revolution and specific case studies reinterpreting a variety of revolutionary experiences A History of the Soviet Union from the Beginning to Its Legacy Peter Kenez,2016-10-24 This concise yet comprehensive textbook examines political social and cultural developments in the Soviet Union and the post Soviet period It begins by identifying the social tensions and political inconsistencies that spurred radical change in Russia s government from the turn of the century to the revolution of 1917 Peter Kenez presents this revolution as a crisis of authority that the creation of the Soviet Union resolved The text traces the progress of the Soviet Union through the 1920s the years of the New Economic Policies and into the Stalinist order It illustrates how post Stalin Soviet leaders struggled to find ways to rule the country without using Stalin s methods but also without openly repudiating the past and to negotiate a peaceful but antipathetic coexistence with the capitalist West This updated third edition includes substantial new material discussing the challenges Russia currently faces in the era of Putin **The Cambridge History of Russia: Volume 3, The Twentieth Century** Maureen Perrie,Ronald Grigor Suny,2006-11-02 A major history of twentieth century Russia by leading scholars in the field
