## **Economic Transition And Political Legitimacy In Post Mao China Ideology And Reform:**

Economic Transition and Political Legitimacy in Post-Mao China Feng Chen, Feng Chen, 1995-01-01 Tracing the role of ideas in Chinese economic reform from 1978 to the present this book explores the conversion of China's policymakers to capitalist economic thinking Chen argues that the reform process has created a gap between the legitimacy of the leadership which remains rooted in Marxist Leninist ideology and the practice of reform which has abandoned such ideological constraints Through a systematic survey of party documents and resolutions official publications leaders speeches academic journals and newspapers Chen shows how Chinese policymakers reconceptualized the ownership system and adjusted related policies Focusing on a number of economic policy issue areas such as state economy rural reform privatization and income distribution he analyzes in depth the implications of this gap for the current Chinese leadership and the future of China's political development

**Economic Transition and Political Legitimacy in Post-Mao China** Feng Chen, 1995-09-14 Tracing the role of ideas in Chinese economic reform from 1978 to the present this book explores the conversion of China's policymakers to capitalist economic thinking Chen argues that the reform process has created a gap between the legitimacy of the leadership which remains rooted in Marxist Leninist ideology and the practice of reform which has abandoned such ideological constraints Through a systematic survey of party documents and resolutions official publications leaders speeches academic journals and newspapers Chen shows how Chinese policymakers reconceptualized the ownership system and adjusted related policies Focusing on a number of economic policy issue areas such as state economy rural reform privatization and income distribution he analyzes in depth the implications of this gap for the current Chinese leadership and the future of China's political development

**East Asian Perspectives on Political Legitimacy** Joseph Chan, Doh Chull Shin, Melissa S. Williams, 2016-11-17 What makes a government legitimate Why do people voluntarily comply with laws even when no one is watching The idea of political legitimacy captures the fact that people obey when they think governments actions accord with valid principles For some what matters most is the government's performance on security and the economy For others only a government that follows democratic principles can be legitimate Political legitimacy is therefore a two sided reality that scholars studying the acceptance of governments need to take into account The diversity and backgrounds of East Asian nations provides a particular challenge when trying to determine the level of political legitimacy of individual governments This book brings together both political philosophers and political scientists to examine the distinctive forms of political legitimacy that exist in contemporary East Asia It is essential reading for all academic researchers of East Asian government politics and comparative politics

**Transitions and Non-Transitions from Communism** Steven Saxonberg, 2013-02-14 A unique comparative study examining why some communist regimes remain in power whilst others have fallen

**The Making and Selling of Post-Mao Beijing** Anne-Marie Broudehoux, 2004-08-02 This book explores the transformation of the Chinese capital both socially and physically during the

final decades of the twentieth century      **China's Quest for Political Legitimacy** Baogang Guo,2010-09-23 This book examines the new equity enhancing politics in China in the context of Chinese traditional cognitive patterns of political legitimacy and its implication for Chinese political development in the near future Based on an analysis of the new governing philosophy the generation of political elite and a new set of public policies the book reaffirms the emergence of a new Chinese polity that infuses one party rule with limited electoral and deliberative democracies Unlike many scholars who perceive the contemporary Chinese history as a constant search for democracy this book takes a very different approach It asserts that the enduring question in political development in China today is no different from what was sought after throughout Chinese history namely the constant search for political legitimacy Even though the quest for democracy is instrumental to that end it may not ultimately lead to the embrace of a full fledged liberal democracy The new politics is not only a rationalization of the efficiency based development but also a major paradigm shift in China s developmental strategy

**China's Economic Development and Democratization** Yanlai Wang,2017-03-02 China s Economic Development and Democratization examines China s transformation from an institutional perspective It proposes an analytical framework comprising six macro institutional environments international ideological political economic constitutional and civil social to analyze the Chinese transition Through an institutional analysis of the ruling elite s policy institutionalization it tries to answer three main questions Will China s economic reforms lead to a meaningful political reform Will economic freedom lead to political freedom Will economic development lead to political democratization The major findings from the institutional analysis of the dynamic interactions between political actors and institutions suggest that China is moving closer towards democracy Students and scholars who are studying or conducting researches on the Chinese economy society or politics will find this book of particular interest      **After the Cold War** ,1998      Corporate Social Responsibility in Asia Kyoko

Fukukawa,2009-10-29 Corporate Social Responsibility CSR is an important issue in contemporary business management and politics especially since the launch of the United Nations Global Compact in 2000 as an initiative to encourage businesses worldwide to adopt sustainable and socially responsible policies and to report on them This book examines the theory and practice of CSR in Asia The philosophical and ideological underpinnings of CSR are rooted in Anglo American and European principles of liberal democratic rights justice and societal structures This book not only considers the impact of Western CSR practices in Asia but also provides much needed Asian perspectives on this issue It investigates the operation of CSR in different countries across Asia including China Japan Malaysia Thailand and Bangladesh comparing the different meanings given to CSR and the varying degrees of success experienced in different national contexts This book argues if CSR is ever to revolutionize the manner in which we trade then it is needs to open itself up to the full variety of social responsibility as it occurs around the world The book re maps and refines debates about CSR as a global phenomenon and will be of great value to professionals making strategic decisions in the global business environment      **The Artisans and Entrepreneurs of**

**Dongyang County**, 2015

**Regional Development and Planning for the 21st Century** Allen G. Noble, Frank J.

Costa, Robert B. Kent, 2019-10-28 Regional Development and Planning for the 21st Century examines a number of related themes including the traditional approach of local and regional planning initiatives developed within the context of national goals the current decline of bi polar political and ideological blocs political decentralization and concurrent economic centralization including the growth of multi national corporations devolution of centralized planning powers to regions and localities and the rise and acceptance of sustainable development concepts The book is divided into five parts addressing 1 adjustments to political economic and social change 2 the problems of urban housing and housing and health 3 adjustments to environmental change development policies and sustainability 4 the problem of rapid urban growth and mega cities 5 adjustments of changing urban networks The contributors are from several countries worldwide and the chapters examine the issues at a global level

**Understanding China and India** Rollie Lal, 2006-04-30 Key to developing national security

strategy is figuring out what other countries want What are their national interests How do they perceive them How do they project them onto the world stage Understanding all of this helps us to predict their behavior In developing a national security strategy for Asia the United States must take into account the desires of two emerging giants of the 21st century China and India We would be mistaken Lal argues if we lumped China and India together in one Asian policy because these two countries differ greatly from one another Based on over 120 in depth interviews with government officials and scholars in Beijing and New Delhi the author s research yields some surprising news about the differences between China and India Chinese leaders define their national interest as preservation of the state and territorial unity whereas Indian decision makers define their national interests in relation to forces beyond India such as the forces of globalization and their geopolitical status One factor that accounts for these differences among the many explored in this book is the influence of one party rule in China and parliamentary democracy in India Another important finding is that China and India are unlikely to pursue hostility with each other The U S approach to Asia will need to take these differences into account **China's**

**Publishing Industry** Qidong Yun, 2018-08-23 China s Publishing Industry presents a portrait of the contemporary Chinese publishing industry in its political and commercial contexts and analyses how its structures are influenced by the state and by market forces Starting with an overview of the publishing business in China this book takes a long view of the profound changes in China s publishing industry covering a period from the socialist transformation under Mao to the more recent reforms such as the conglomeration and corporatisation of the industry The book investigates the impact of the changing social economic and ideological environment on the structure and operation of the publishing industry and explores how the burgeoning digital publishing business is shaped by the broader social context It reveals that the process of commercialisation in China s publishing industry has been marked by persistent tensions and contradictions and demonstrates through case studies how these tensions have impacted everyday practices Provides contemporary industry

information about China's publishing Presents a clear overview of trends and explains the fundamental dynamics behind them Gives an analytic account of China's publishing demonstrating the interaction between the broader social context and the publishing industry Explains the legacies of the old system the predicaments inherent in the current industry and the limits of ongoing reforms Illustrates how a typical state publishing group operates and copes with the demands from the party the pressures from the market and the challenges posed by digital technologies Chinese Politics and Government Sujian Guo, 2012-09-10 Over the past two decades China's political reforms open door policy dramatic economic growth and increasingly assertive foreign policy have had an unprecedented regional and global impact This introductory textbook provides students with a fundamental understanding of government and politics in China as well as the conceptual ability to explore the general patterns impacts and nature of continuities and changes in Chinese politics Further it equips students with analytical frameworks by which they can understand analyse and evaluate the major issues in Chinese politics including The basic methodologies and theoretical controversies in the study of Chinese politics The major dimensions structures processes functions and characteristics of the Chinese political system such as ideology politics law society economy and foreign policy The impact of power ideology and organization on different spheres of Chinese society The structure process and factors in Chinese foreign policy making Whether China is a strategic partner or potential threat to the United States By examining contending theoretical models in the study of Chinese politics this book combines an essentialist approach that keeps focus on the fundamental unique and defining features of Chinese politics and government with other theoretical approaches or analytical models which reveal and explore the complexities inherent in the Chinese political system Extensively illustrated the textbook includes maps photographs and diagrams as well as providing questions for class discussions and suggestions for further reading Written by an experienced academic with working knowledge of the Chinese Government this textbook will provide students with a comprehensive introduction to all aspects of Chinese Politics

**Reviving Legitimacy** Sujian Guo, Zhenglai Deng, 2011-09-16 The Chinese government has attempted to bolster its legitimacy as a political response to emerging social cultural political economic environmental challenges and crises experienced during market oriented reforms and rapid modernization in China However contrary to the Western preference for liberal democracy and procedural legitimacy the Chinese government's attempt at bolstering legitimacy has emphasized performance based responsibility based morality based and ideology based arguments in order to gain popular support and maintain regime stability In order to understand and explain political phenomena in China it is necessary to revisit the concepts theories and sources of legitimacy and their applications in the Chinese context Contributors of this book have approached legitimacy from both normative and empirical perspectives and from Western and Chinese perspectives thus this edited volume offers lessons and insights for and from China and contributes to the ongoing theoretical debates as well as empirical research on legitimacy in the Chinese context *Political Thought and China's Transformation* H. Li, 2015-04-07

Since the late 1970s China has undergone a great transformation during which time the country has witnessed an outpouring of competing schools of thought. This book analyzes the major schools of political thought redefining China's transformation and the role Chinese thinkers are playing in the post Mao era. *China's Deep Reform* Lowell Dittmer, Guoli Liu, 2006-04-07

China's rapid and complex political and socioeconomic changes provide fertile ground for pioneering analysis but they also present daunting theoretical and practical challenges. This reader takes up the challenge offering the most comprehensive assessment of Chinese domestic politics available by bringing together the best recent scholarship in the field. The anthology focuses on the origin content and significance of the post 1989 phase of China's reform and opening to the world commonly known in the PRC as deep reform. This period has been unfolding in interaction with globalization marketization privatization political institutionalization as well as with financial and legal changes. Deep reform includes new policy initiatives that have penetrated political legal economic and social sectors untouched by previous initiatives as reformers have been forced to deal with the consequences intended and unintended of earlier reforms. These carefully selected essays by leading scholars have been revised and updated for this text. In addition a substantive introduction and conclusion place the articles in their broader context for readers new to the subject. With the successful transition of the leadership of the party state and military since 2002 the time is ripe for a comprehensive evaluation of China's deep reform as it enters a new stage. This timely reader will offer students scholars and policymakers invaluable insights into the dynamics of change in one of the world's emerging political and economic dynamos. Contributions by Marc Blecher Bruce J Dickson Lowell Dittmer Joseph Fewsmith Ting Gong Baogang Guo William Hurst Cheng Li Guoli Liu Andrew J Nathan Kevin J O'Brien Veronica Pearson Randall Peerenboom Yingyi Qian Tony Saich Tianjian Shi Edward S Steinfeld Shaoguang Wang Lynn White Yu Shan Wu and Guobin Yang

*Post-Mao China* Sujian Guo, 2000-01-30 Guo challenges the predominant view that post Mao China has moved away from communist totalitarianism and that totalitarianism is an outdated paradigm for China studies. He seeks to reconstruct a plausible macro model in conceptual and comparative terms for defining regime identity and assessing the nature of regime change. Professor Guo then applies the model to the study of regime change in post Mao China and reevaluates post Mao changes across the five major empirical aspects of regime change: political ideological economic legal and social and the most critical dimensions of each. The findings of Guo's study demonstrate that the practice of post Mao reforms remains rooted in and committed to the hard core of Chinese communist totalitarianism and that the regime has attempted to revive many typical totalitarian practices. Most essential or core elements of the idea practice and institution of totalitarianism remain essentially unchanged in all major aspects of the post Mao regime though the post Mao regime does suffer from a certain degree of regime weakening in its adjustments of the action means or protective belt of defending the hard core of the communist totalitarian regime. A controversial and essential analysis for scholars researchers and policy makers involved with contemporary China. The Politics of China's Accession to the World Trade Organization Hui Feng, 2006 Grounded on

a series of first hand interviews with Chinese government officials this book examines China's accession to the World Trade Organization providing an inside look at Chinese WTO accession negotiations Presenting a systematic political economy model in analyzing Beijing's decision making mechanisms the book argues that China's WTO policy making is a state led leadership driven and top down process Feng explores how China's determined political elite partly bypassed and partly restructured a largely reluctant and resistant bureaucracy under constant pressure from an increasingly globalized international system By addressing China's accession to the WTO from a political analysis perspective the book provides a theoretically informed and intriguing examination of China's foreign economic policy making regime The book highlights contemporary debates relating to state and institutionalist theory and provides new and useful insights into a significant development of this century

*Popular Political Support in Urban China* Jie Chen, 2004 On the basis of three carefully drawn surveys of Beijing residents between 1995 and 1999 the author finds that diffuse support for the current political system based on attitudes toward institutions and values remains strong at least among city dwellers though it is gradually declining

Eventually, you will extremely discover a new experience and exploit by spending more cash. yet when? accomplish you say yes that you require to acquire those every needs as soon as having significantly cash? Why dont you try to acquire something basic in the beginning? Thats something that will lead you to understand even more nearly the globe, experience, some places, in the same way as history, amusement, and a lot more?
