The Economy of Détente Georges Sokoloff,1987 **Western Doctrines on East-West Trade** Peter Van Ham,1992-06-18 East West trade and technology transfer have always been linked to the issue of national security The author identifies many different Western doctrines on East West trade demonstrating that two basic belief systems underly these doctrines Handbook of the International Political Economy of Trade David Deese,2014-08-29 This accessible comprehensive and pertinent Handbook will be of interest to academics researchers and students working in the fields of international politics in particular political economy and foreign policy and the economics of trade Practitio U.S. Trade and Investment in the Soviet Union and Eastern Europe United States. Committee on Foreign Relations,1990 *Reluctant Cold Warriors* Vladimir Kontorovich,2019 During the Cold War Western economic studies of the USSR neglected the military sector of the Soviet economy Were economic Sovietologists under political pressure and if so in what direction This book has broad relevance for national security uses of social science research today Adapted from dust jacket **The Soviet Union under Brezhnev** William J. Tompson,2014-07-30 The Soviet Union Under Brezhnev provides an accessible post Soviet perspective on the history of the USSR from the mid 1960 s to the mid 1980 s It challenges both the evil empire image of the USSR that was widespread in the early 1980 s and the stagnation label attached to the period by Soviet reformers under Gorbachev The book makes use of a range of memoirs interviews archival documents and other sources not available before 1990 to place Brezhnev and his epoch in a broader historical context The author examines high politics foreign policy and policy making explores broader social cultural and demographic trends presents a picture of Soviet society in the crucial decades prior to the upheavals and crises of the late 1980 s While stopping well short of a full scale rehabilitation of Brezhnev Tompson rejects the prevailing image of the Soviet leader as a colourless non entity drawing attention to Brezhnev s real political skills as well as his faults and to the systemic roots of many of the problems he faced **Vietnam, May 1974** Richard M. Moose,Charles F. Meissner,1974 *America's Half-Century* Thomas J. McCormick,1995-02 Revised and updated through 1993 it describes how the end of the Cold War affected the United States s global role as well as suggesting what possibilities lie ahead for a restructured world system *Détente in Europe* John Van Oudenaren,1991 The monumental events in Eastern Europe and the Soviet Union must be understood Jan Van Oudenaren argues in the context of a process of East West détente begun in 1953 in the aftermath of Stalin s death Van Oudenaren s comprehensive and timely study examines the development of Soviet Western détente from the death of Stalin to the unification of Germany In redefining détente as a process rather than a code of conduct Van Oudenaren looks to its origins in Soviet policy earlier than previously identified and analyzes both its history and character His study explores the restoration of four power negotiations in Germany and Austria in the mid 1950s their subsequent

breakdown in the Berlin crisis their unexpected revival in 1990 in the form of two plus four talks on German unity and the future of the Soviet Union as a European power Among the key elements of détente discussed are diplomacy particularly the role of summit conferences cooperation among parliaments political parties and trade unions arms control economic relations and links among cultural institutions churches and peace movements The Conduct of Soviet Foreign Policy Erik Peter Hoffmann, Frederic J. Flernon, Articles by Brzezinski Pipes Schulman Gati and two new chapters written by Hoffmann and Laird bring new information to this edition on geo politics SALT China and the scientific technological revolution's effects in the Soviet Union The last three sections of the book include updated selections such as a Retrospect and Prospect on the use/abuse of Soviet power American-Russian Economic Relations James K. Forum ,1976 East European Economic Assessment ,1981 **The Economic Diplomacy of Ostpolitik** Werner D. Lippert,2010-12-01 Despite the consensus that economic diplomacy played a crucial role in ending the Cold War very little research has been done on the economic diplomacy during the crucial decades of the 1970s and 1980s This book fills the gap by exploring the complex interweaving of East West political and economic diplomacies in the pursuit of détente The focus on German chancellor Willy Brandt's Ostpolitik reveals how its success was rooted in the usage of energy trade and high tech exchanges with the Soviet Union His policies and visions are contrasted with those of U S President Richard Nixon and the Realpolitik of Henry Kissinger The ultimate failure to coordinate these rivaling détente policies and the resulting divide on how to deal with the Soviet Union left NATO with an energy dilemma between American and European partners one that has resurfaced in the 21st century with Russia's politicization of energy trade This book is essential for anyone interested in exploring the interface of international diplomacy economic interest and alliance cohesion
