Powers,2016-04-15 Confronting Evil The Psychology of Secularization in Modern French Literature holds that the concept of evil is central to the psychology of

secularism Drawing on notions of secularization as a phenomenon of ambivalence or dualism in which religion continues to exist alongside secularity in exerting influence on modern French thought author Scott M Powers enlists psychoanalytic theory on mourning and sublimation the philosophical concept of the sublime Charles Taylor s theory of religious and secular cross pressures and William James s psychology of conversion to account for the survival of religious themes in Baudelaire Zola Huysmans and C line For Powers Baudelaire s prose poems Zola s experimental novels and Huysmans s and C line s early narratives attempt to account for evil by redefining the traditionally religious concept along secular lines However when unmitigated by the mechanisms of irony and sublimation secular confrontation with the dark and seemingly absurd dimension of man leads modern writers such as Huysmans and C line paradoxically to embrace a religious or quasi religious understanding of good and evil In the end Powers finds that how authors cope with the reality of suffering and human wickedness has a direct bearing on the ability to sustain a secular vision

Baudelaire's Prose

Poems Edward K. Kaplan, 2009-01-01 Baudelaire s Prose Poems is the first full length integral study of the fifty prose poems Baudelaire wrote between 1857 and his death in 1867 collected posthumously under the title *Le Spleen de Paris* Edward Kaplan resurrects this neglected masterpiece by defining the structure and meaning of the entire collection which Kaplan himself has translated as *The Parisian Prowler* Engaging in a dialogue with deconstructionists whose critical methods often obscure the meaning of the whole Kaplan rejects the view of prose poems as a random assemblage of melodic rhapsodies Instead he sees a coherent ensemble of fables of modern life that join lyricism and critical self awareness Kaplan defines three dimensions of experience that inform *The Parisian Prowler* from beginning to end the esthetic includes art ideal beauty and especially the intense immediacy of sensations fantasy and dream the ethical includes principles of right and wrong relations between intimates or between individuals and the community and the religious not to be confused with church or dogma points to the province of ultimate reality whether it be God or an absolute standard of truth justice and meaning

These dimensions are explored by a narrator a complex highly self conscious writer whose passion for pure Beauty continually frustrates his yearning for affection He begins his tour through 1850s Paris alienated from reality becomes aggravated by conflicts between his ethical and esthetic drives to the point of despair and ends by expressing loyal friendship Analyzing the fables in relation to one another in pairs or groups Kaplan demonstrates how later pieces intermingle or even confuse the narrator s esthetic and ethical drives and how the most advanced theoretical fables through ironic puns on their form further undermine this simplistic dualism Baudelaire s fables of modern life radically challenge us to examine our presuppositions Kaplan argues Though rarely didactic the narrator s Socratic irony engages readers in a volatile dialogue provoking them to form their own judgments He often betrays self destructive anger rebelling against injustice or stupidity or against women who might love him At times he insults our complacency and self deception with vicious glee at other times he recognizes his own frailty nurturing a sense of fellowship with the oppressed Seeking both to analyze experience objectively and to sympathize with isolated individuals like himself Baudelaire s narrator joins criticism and poetry in a voyage of self discovery finally accepting experience as impure and mixed Kaplan contends that the prose poems constitute a genre parallel to the poems Baudelaire added to the 1861 edition of *Les Fleurs du Mal* both of which illustrate fundamental principles of the theory of modernity he developed in his essays on art The self reflective fables in *The Parisian Prowler* depicting a way of thinking beyond ideologies clarify Baudelaire s development as poet critic and thinker *The Regrets of Memory; A Poem, with Minor Poems, Translations, &c.* Outlook Verlag, 2024-06-12 Reprint of the original first published in 1840 **The Regrets of Memory; a Poem, with Minor Poems, Translations, Etc** ,1840 *Confession of a Lover* Mulk Raj Anand, 1976 **The Collected Poems of Frank O'Hara** Frank O'Hara, 1995-03-31 Available for the first time in paperback The Collected Poems of Frank O'Hara reflects the poet s growth as an artist from the earliest dazzling experimental verses that he began writing in the late 1940s to the years before his accidental death at forty when his poems became increasingly individual and reflective *Collected Poems, 1955-2000* Eldon Grier, 2001 Collected Poems provides a portrait in lyrical sketches of the cultural life of the last half of the Twentieth Century Avoidance of literary fashion may have left Grier less recognizable than many of his contemporaries but he has nevertheless contributed greatly to the emergence of Canadian literature as this collection attests **The Roman Poetry of Love** Efrossini Spentzou, 2013-10-24 The Roman Poetry of Love explores the formation of a key literary genre in a troubled historical and political setting The short lived genre of Latin love elegy produced spectacular multi faceted and often difficult poetry Its proponents Catullus Tibullus Propertius and Ovid remain to this day some of the most influential poetic voices of Western civilisation This accessible introduction combines aesthetic analysis with socio political context to provide a concise but comprehensive portrait of the Roman elegy its main participants and its cultural and political milieu Focusing on a series of specific poems the title portrays the development of the genre in the context of the Emperor Augustus ascent to power following recognizable threads through the texts to build

an understanding of the relationship between this poetry and the increasingly totalising regime Highlighting and examining the intense affectation of love in these poems The Roman Poetry of Love explores the works not simply as an expression of a troubled male psychology but also as a reflection of the overwhelming changes that swept through Rome and Italy in the transition from the late Republic to the Augustan Age **The Athenaeum** ,1903 **Athenaeum** ,1879 **The Journal of the Association of Teachers of Japanese** ,1979 **The Stylistic Development of Edgar Allan Poe** Richard M. Fletcher,2018-11-05 No detailed description available for The Stylistic Development of Edgar Allan Poe *English Lyric Poetry* Jonathan Post,2002-09-11 English Lyric Poetry is a comprehensive reassessment of lyric poetry of the early seventeenth century The study is directed at both beginning and more advanced students of literature and responds to more specialised scholarly inquiries pursued of late in relation to specific poets This extremely lucid and elegantly written book avoids the limitations of much recent criticism Donne Jonson the Spenserians Herbert Milton Marvell Vaughan as well as many non canonical and women poets all receive sustained fresh and detailed analysis Jonathan Post seeks to assimilate many of the post New Critical theoretical concerns with readings of the major and minor male and female authors of the period Influence and Resistance in Nineteenth-Century English Poetry G. Kim Blank,Margot K. Louis,1994-01-12 To what extent is the distinction between Romantic and Victorian valuable or just Is the Romantic Victorian demarcation merely a convenience for the sake of the curriculum How is the quarrel among different strains of Romanticism continued and developed in the Victorian period How do Victorian texts interact with echo or resist Romantic texts In what ways did the Romantic poets establish the terms within which or against which Victorian poets were debating This volume of original essays addresses these questions it also demonstrates how well the Romantics thought and with what ferocious diligence the Victorians explored resisted and reworked the Romantic vision *Keats: Odes* G.S.
