Jesus Himself This type of leadership is what The Power of Being a Servant Church Leadership that Works is all about Author Wesley Shotwell not only provides a clear description of this type of leadership but also offers practical guidance on how to make this your leadership style This is the type of leadership that will allow the church to move beyond the autocratic approach that is very common today Being a leader is not a matter of following a mathematical formula It is not like a recipe one can put together and be guaranteed a certain result There are however certain characteristics and common elements that make for successful leadership Some of the qualities of leadership can be learned by reading books and taking classes Mostly it is learned by experience and practice Leadership can be learned Leadership for the local church is a particular concern How many stories have you heard of pastors or staff that were fired or of churches that have split around issues of leadership Furthermore we all know situations where we would like to start a new Bible study class or a new ministry but there are just not enough leaders So leadership in the local church is not only about pastoral leadership but also about effective leadership among the laity Leadership cannot be done alone It is always in the context of relationships Whether you are leading a nation an army a church a Bible study class a work group or a family there are certain characteristics that identify effective leadership We can identify those characteristics by studying biblical examples and by studying modern leadership theory Most of all we learn through experience Using biblical examples and scripture passages The Power of Being a Servant Church Leadership that Works reveals how servant leadership is an approach that works best in every situation This book will teach you The qualities of a servant leader How to choose the best style of leadership for a specific situation The elements that create trust Tools for empowering others The role of vision in leadership How to lead through change Skills for working through conflict How to develop a leadership lifestyle If your desire is to learn to be a good church leader The Power of a Servant Church Leadership that Works will help you accomplish that goal The author is an experienced pastor who has lived out the truths he describes in this book **21 Tests of Effective Leadership** Larry

Mathew Philip,2008-05 Recent years saw the publication of scores of books on leadership both in Christian circles and in the secular world of politics and business But this book fills in some gaps and will be a valuable addition to them It is written in a style and format that is very reader friendly The ideas are communicated well This book could serve as a good textbook in classes on leadership in theological institutions Back cover [Spiritual Warfare Handbook](#) Bob McGlothlin,2017-03-25
