The Yoga of Truth Peter Marchand,2007-05-22 A guide to Jnana Yoga the Way of Silent Knowledge by direct contemplation of the Unchangeable Shows that everything in one s body personality thoughts memories and experiences has form and is changeable and thus is neither essential nor eternal Identifies the witnessing consciousness within all that remains when the ephemeral is eliminated as the real Self the one and only unchanging eternal Being In The Yoga of Truth Peter Marchand through a series of deceptively simple introspective questions leads the seeker into discarding everything body personality thoughts memories experiences that disguises the ego s relentless masquerade as the Self This form of contemplation with its constant commitment to witnessing without attachment disempowers the ego s fixation on its products leading instead to the realization that the witnessing consciousness is in fact the one immutable Being within or without the real Self the true You The universal illusion rests upon space and time body and elements the life force mind intellect ego and Self Jnana Yoga reveals not only the insubstantial and illusory nature of our presumptions but also our habitual commitment to the illusion of being an individual that they create This illusion collapses like a house of cards before direct inspection When something has form when it can change it cannot be the eternal with which we seek union Witnessing consciousness stands alone as that which is without form In The Yoga of Truth Marchand leads us simply and compellingly to the truth of our nature and the peaceful bliss of true Being
