manufactured label reproduced and by its nature transitory In the wake of the new uprising in Egypt this insightful collection explores issues of power politics and inequality in Egypt and the Middle East It argues that the notion of marginality tends to mask the true power relations that perpetuate poverty and exclusion It is these dynamic processes of political and economic transformation that need explanation The book provides a revealing analysis of key areas of Egyptian political economy such as labour urbanization and the creation of slums disability refugees street children and agrarian livelihoods reaching the impactful conclusion that marginalization does not mean total exclusion What is marginalized can be called upon to play a dynamic part in the future as is the case with the revolution that toppled President Mubarak

From Secularism to Jihad Adnan Musallam, 2005-10-30 The modern political idea of jihad a violent struggle against corrupt or anti Islamic regimes is essentially the brainchild of one man who turned traditional Islamic precepts inside out and created the modern radical political Islamist movement Using the evolution of Sayyid Qutb s life and writings Musallam traces and analyzes Qutb s alienation and subsequent emergence as an independent Islamist within the context of his society and the problems that it faced Radicalized following his stay in the United States in the late 1940s and during his imprisonment from 1954 to 1964 Qutb would pen controversial writings that would have a significant impact on young Islamists in Egypt for decades following his death and on global jihadist Islamists for the past quarter century Since September 11 2001 the West has dubbed Qutb the philosopher of Islamic terror and godfather ideologue of al Qaeda This is the first book to examine his life and thought in the wake of the events that ignited the War on Terrorism A secular man of letters in the 1930s and 1940s Qutb s outlook and focus on Quranic studies underwent drastic changes during World War II The Quran became a refuge for his personal needs and for answers to the ills of his society As a result he forsook literature permanently for the Islamic cause and way of life His stay in the United States from 1948 to 1950 reinforced his deeply held belief that Islam is man s only salvation from the abyss of Godless materialism he believed to be manifest in both capitalism and communism Qutb s active opposition to the secular policies of Egyptian President Nasser led to his imprisonment from 1954 to 1964 during which his writings called for the overthrow of Jahili pagan governments and their replacement with a true and just Islamic society A later arrest and trial resulted in his execution in August 1966

Human Nature and the Causes of War John David Orme, 2018-04-07 What are the causes of war Wars are generally begun by a revisionist state seeking to take territory The psychological root of revisionism is the yearning for glory honor and power Human nature is the primary cause of war but political regimes can temper or intensify these passions This book examines the effects of six types of regime on foreign policy monarchy republic and sultanistic charismatic and military and totalitarian dictatorship Dictatorships encourage and unleash human ambition and are thus the governments most likely to begin ill considered wars Classical realism modified to incorporate the impact of regimes and beliefs provides a more convincing

explanation of war than neo realism *The Aftermath of Defeats in War* Ibrahim M. Zabad, 2019-03-30 This book sets out to explain the variation in nations reactions to their defeats in war Typically we observe two broad reactions to defeat an inward oriented response that accepts defeat as a reality and utilizes it as an opportunity for a new beginning and an outward oriented one that rejects defeat and invests national energies in restoring what was lost most likely by force This volume argues that although defeats in wars are humiliating experiences those sentiments do not necessarily trigger aggressive nationalism empower radical parties and create revisionist foreign policy Post defeat radicalization will be actualized only if it is filtered through three variables national self images inflated or realistic political parties strong or weak and international opportunities and constraints The author tests this theory on four detailed case studies Egypt 1967 Turkey Ottoman Empire Hungary and Bulgaria WWI and Islamic fundamentalism **Encyclopedia of African History** Kevin Shillington, 2005 Offers more than one thousand entries covering all aspects of African history civilization and culture **Egypt Under Pressure** Marianne Laanatza, 1986 **Islam: Islam as religion and law** Bryan S. Turner, 2003 This collection is a study of Islamic thought and institutions that represents a critical introduction to the system of Islamic belief and practice from a social science perspective *Post Report*, 1990 Series of pamphlets on countries of the world revisions issued *Africa, Asia, and South America Since 1800* A. J. H. Latham, 1995 A reference for graduate and undergraduate students presenting the bibliographic details and sometimes describing and evaluating the content of over 5 000 books in English most published since 1945 and many quite recently but also some earlier works of enduring importance A section of works on all three continents is followed by sections on each which first consider the continent as a whole then each country usually by chronological periods and topics such as economics politics and society Indexed only by author and editor but the table of contents is detailed enough to provide adequate access Distributed in the US by St Martin s Press Annotation copyright Book News Inc Portland Or *Imagining the Perfect Society in Muslim Brotherhood Journals* Kiki M. Santing, 2020-08-24 The investigation of the Egyptian Muslim Brotherhood during the presidencies of Anwar Sadat and the early years of Hosni Mubarak is based on the movement s main journals al Da wa and Liw al Isl m presenting its history during two relevant periods 1976 1981 1987 1988 These journals show that contrary to the focus in modern research e a sharia laws gender relations or ideas of democracy the Brotherhood is a much more broadly oriented social political opposition movement taking Islam as its guideline The movement s own versatile discourse discusses all aspects of daily and spiritual life An important adage of the Brotherhood is Islam as a ni m k mil wa sh mil a perfect and all encompassing system Faith should play a role in every aspect of daily life from cooking dinner and housekeeping to education holidays enemy images legislation and watching television Islam is everything and everything is Islam In its journals the Brotherhood provided its unique reflection of the spirit of the age The movement presented itself as a highly reactive group that responded to current events and positioned itself as a moral religious and political opposition to the Egyptian regime *Christian-Muslim Relations in Egypt* Henrik

Lindberg Hansen,2015-06-04 The subject of Christian Muslim relations in the Middle East and indeed in the West attracts much academic and media attention Nowhere is this more the case than in Egypt which has the largest Christian community in the Middle East estimated at 6 10 per cent of the national population Henrik Lindberg Hansen analyzes this relationship offering an examination of the nature and role of religious dialogue in Egyptian society and politics Analysing the three main religious organizations and institutions in Egypt namely the Azhar University the Muslim Brotherhood and the Coptic Orthodox Church as well as a range of smaller dialogue initiatives such as those of CEOSS the Anglican and Catholic Churches and youth organisations Hansen argues that religious dialogue involves a close examination of societal relations and how these are understood and approached The books includes analysis of the occasions of violence against and dialogue initiatives involving Christian communities in 2011 and the fall of the Muslim Brotherhood from power in 2013 and thus provides a wide ranging exploration of the importance of religion in Egyptian society and everyday encounters with a religious other The book is consequently vital for practitioners as well as researchers dealing with religious minorities in the Middle East and interfaith dialogue in a wider context

Marriage, Money and Divorce in Medieval Islamic Society

Yossef Rapoport,2005-04-21 High rates of divorce often taken to be a modern and western phenomenon were also typical of medieval Islamic societies By pitting these high rates of divorce against the Islamic ideal of marriage Yossef Rapoport radically challenges usual assumptions about the legal inferiority of Muslim women and their economic dependence on men He argues that marriages in late medieval Cairo Damascus and Jerusalem had little in common with the patriarchal models advocated by jurists and moralists The transmission of dowries women s access to waged labour and the strict separation of property between spouses made divorce easy and normative initiated by wives as often as by their husbands This carefully researched work of social history is interwoven with intimate accounts of individual medieval lives making for a truly compelling read It will be of interest to scholars of all disciplines concerned with the history of women and gender in Islam

Egypt Hamied Ansari,1986-09-15 This book presents new and original insights into the political social and economic development of today s Egypt The case study of Kamshish a small village in the heart of the Delta sheds light on the recent social history of Egypt and the evolving relations between Egyptian rulers and people Highlighted is the Kamshish Affair during which the village appeared to be at the threshold of a socialist revolution destined to engulf the whole country if not the entire region Kamshish became the Mecca of the Left to which such luminaries as Che Guevara Jean Paul Sartre and Simone de Beauvoir paid homage When the expected revolution failed to materialize the state stepped in with a new beginning whose conservatism stands in sharp contrast to the radicalist trends of the 1960s
