

**EGYPT: THE PRAETORIAN STATE**  
by Amos Perlmutter

# Egypt The Praetorian State

**Anoushiravan Ehteshami, Raymond A.  
Hinnebusch**

## **Egypt The Praetorian State:**

**Egypt** Amos Perlmutter, 1974-01-01 This book is a critical analysis of the contemporary and historical roots of a new type of political leadership in Egypt dating from the July 23 1952 revolution led by an idealistic Egyptian nationalist and pan Arabist named Gamal Abdul Nasser The Nasser regime is interpreted as essentially a praetorian political system in which the military has the potential to dominate the political structure with the army as a core group and as a ruling class In such a system political leadership is recruited mainly from the army This volume chronicles the evolution of praetorian regimes in general and then interprets Nasser s ascendancy to power from this perspective The 1956 takeover of the Suez Canal and Nasser s transformation of his 1967 military debacle into a national victory is analyzed as the climax of his career His inability to cement the uncomfortable federation with Syria and the imbroglio over his intervention in Yemen are seen as the beginning of his decline culminating in the disastrous Six Day War and his failure to prevent Hussein s annihilation of the Palestinians in Jordan Nasser s contribution to the new style of politics prevalent in the Arab and sub Saharan African worlds is evaluated Also included is an analysis of the machinations of coup preparing and coup making and comments on the neo Islamic corporate orientations of the post Nasser praetorians Perlmutter s work is unique in its combination of extensive scholarship knowledge of Egyptian politics and familiarity with and ability to use current social science concepts **Egypt The Praetorian State** is the first comprehensive analytic and interpretive study of the Nasserite phenomenon **CONTENTS** Military Praetorianism A New Type of Politics The Historical Context Egypt s Military A Progressive New Middle Class Political Power and Social Cohesion in Nasser s Egypt Experiments in Praetorianism Nasser s Regimes and Political Parties The Persistence of Nasserism The Military vs the ASU **Democratic Backsliding in Post-Mubarak Egypt** Arshad, 2024-09-24 Arshad examines the phenomenon of democratic backsliding in post 2011 Egypt Capturing a critical juncture in Egyptian politics this book explains the failure of Egypt s nascent democratic experiment and its relapse into authoritarianism Egypt is the crucial playbook to understand the reversal of a country towards an authoritarian regime and what measures state and non state actors should employ to prevent backsliding The book is an essential model for understanding democratic backsliding through structural and agential factors The former encompasses society politics economics and the military while the latter deals with the choices and attitudes of the leadership during the political transition Providing crucial insights into what went wrong during the democratic transition process this text acts as a guide to curbing the rise of authoritarian regimes in the face of the next potential revolution The book is a valuable resource for scholars who are interested in democratisation authoritarian regimes military leadership political protests and political leadership *Area Handbook for Egypt* Richard F. Nyrop, 1976 **Historical Dictionary of Egypt** Arthur Goldschmidt, Jr., 2023-07-25 Egypt is the world s oldest continuous country with a recorded past of over 6 000 years Often invaded conquered and occupied by foreign armies Egypt has never lost its identity The Egyptians of today although they have changed their language once and their religion twice descend

mainly from the Egyptians who built the Giza Pyramids and the Temple of Karnak who served Alexander the Great and his heirs who submitted to Augustus Caesar and raised much of the grain that fed the Roman Empire who started Christian monasticism and the veneration of the Virgin Mary and who advanced and sustained Muslim learning in what is now the world's oldest functioning university. It was and is one of the most important countries in the world. Historical Dictionary of Egypt Fifth Edition contains a chronology, an introduction and an extensive bibliography. The dictionary section has more than 600 cross-referenced entries on important personalities as well as aspects of the country's politics, economy, foreign relations, religion and culture. This book is an excellent resource for students, researchers and anyone wanting to know more about Egypt.

**A Brief History of Egypt** Arthur Goldschmidt, 2008. Chronicles the history of Egyptian politics, economics, social and cultural developments from ancient times to the present.

State formation and the structure of politics in Mamluk Syro-Egypt, 648-741 A.H./1250-1340 C.E. Winslow Williams Clifford, 2013-02-19. Winslow Williams Clifford is one of the few historians so far who have addressed the history and culture of the so-called Mamluk Sultanate 1250-1517 on the basis of theoretical models. This volume is a posthumous publication of his doctoral thesis submitted in 1995 at the University of Chicago. Through his skillful application of social theory, Clifford succeeded in providing highly convincing evidence that the Mamluk Sultanate did not, as was maintained for a long time, constitute a static form of oriental despotism but was rather a highly differentiated society. It was primarily based on compliance with a complex system of order that had established itself during the rule of the first sultans.

Continuity and change before and after the Arab uprisings Paola Rivetti, Rosita Di Peri, 2017-10-02. The Arab uprisings of 2011 have sparked much scholarly discussion with regards to democratisation, the resilience of authoritarian rule, mobilisation patterns and the relationship between secularism and Islam, all under the assumption that politics has changed for good in North Africa and the Middle East. While acknowledging the post-2011 transformations taking place in the region, this book brings to the forefront an understudied yet crucial aspect related to the uprisings: namely, the interplay between continuity and change. Challenging simplified representations built around the positions that either all has changed or nothing has changed, the in-depth case studies in this volume demonstrate how elements both of continuity and rupture with the past are present in the post-uprising landscapes of Morocco, Tunisia and Egypt. Public policy, contentious politics, the process of institution making and re-making and the relations of power connecting national and international economies are at the core of the comparative investigations included in the book. The volume makes an important contribution to the study of North African politics and to the study of political change and stability by contrasting the different trajectories of the uprisings and by offering theoretical reflections on their meaning, consequences and scope. This book was originally published as a special issue of the British Journal of Middle Eastern Studies.

*Routledge Handbook of the Arab Spring* Larbi Sadiki, 2014-12-17. The self-immolation of Mohammed Bouazizi in Tunisia in December 2010 heralded the arrival of the Arab Spring, a startling yet not unprecedented era of profound social and political

upheaval The meme of the Arab Spring is characterised by bottom up change or the lack thereof and its effects are still unfurling today The Routledge Handbook of the Arab Spring seeks to provide a departure point for ongoing discussion of a fluid phenomenon on a plethora of topics including Contexts and contests of democratisation The sweep of the Arab Spring Egypt Women and the Arab Spring Agents of change and the technology of protest Impact of the Arab Spring in the wider Middle East and further afield Collating a wide array of viewpoints specialisms biases and degrees of proximity and distance from events that shook the Arab world to its core the Handbook is written with the reader in mind to provide students practitioners diplomats policy makers and lay readers with contextualization and knowledge and to set the stage for further discussion of the Arab Spring *Political Roles and Military Rulers* Amos Perlmutter, 2014-04-23 This book represents three decades of Perlmutter's experiences and observations The author studies the relationship between the military and politics in Middle East focusing mainly on Egypt as a case study He concludes by analysing the effect this internal relationship has on military performance **Ruling But Not Governing** Steven A. Cook, 2007-05-01 Ruling But Not Governing highlights the critical role that the military plays in the stability of the Egyptian Algerian and until recently Turkish political systems This in depth study demonstrates that while the soldiers and materiel of Middle Eastern militaries form the obvious outer perimeter of regime protection it is actually the less apparent multilayered institutional legacies of military domination that play the decisive role in regime maintenance Steven A Cook uncovers the complex and nuanced character of the military's interest in maintaining a facade of democracy He explores how an authoritarian elite hijack seemingly democratic practices such as elections multiparty politics and a relatively freer press as part of a strategy to ensure the durability of authoritarian systems Using Turkey's recent reforms as a point of departure the study also explores ways external political actors can improve the likelihood of political change in Egypt and Algeria Ruling But Not Governing provides valuable insight into the political dynamics that perpetuate authoritarian regimes and offers novel ways to promote democratic change *The History of Egypt* Glenn E. Perry, 2015-12-01 Providing a valuable resource for readers seeking information on all periods of Egyptian history this book covers Egypt starting from ancient times and continuing through the medieval Islamic period to focus on the events of the last 100 years including the aborted revolution of 2011 Egypt has experienced tumultuous events in recent years especially starting with the uprisings and revolution of 2011 This second edition of The History of Egypt not only provides readers with in depth information on events of the last decade such as the Arab Spring the removal of Hosni Mubarak from office and the protests against Mohamed Morsi's presidency but also provides key background with chapters addressing previous periods of the country's history starting from pre Islamic times to pharaonic to Byzantine The volume offers an objective history of Egypt that is uniquely appropriate for a high school audience This expanded and extensively updated second edition provides new content and media photographs that help bring recent events to life for readers without previous knowledge about the topic It also includes coverage of important events in long ago Egyptian history that lends

valuable perspective to events in the 21st century such the nation's transformation into a Muslim and Arab country and Egypt's post 1778 imperialism and modernization through World War I      **Revolutionary Egypt** Reem

Abou-El-Fadl, 2015-06-05 In 2011 the world watched as Egyptians rose up against a dictator. Observers marveled at this sudden rupture and honed in on the heroes of Tahrir Square. *Revolutionary Egypt* analyzes this tumultuous period from multiple perspectives bringing together experts on the Middle East from disciplines as diverse as political economy, comparative politics and social anthropology. Drawing on primary research conducted in Egypt and across the world, this book analyzes the foundations and future of Egypt's revolution. Considering the revolution as a process, it looks back over decades of popular resistance to state practices and predicts the waves still to come. It also confidently places Egypt's revolutionary process in its regional and international contexts, considering popular contestation of foreign policy trends as well as the reactions of external actors. It draws connections between Egyptians' struggles against domestic despotism and their reactions to regional and international processes such as economic liberalization, Euro American interventionism and similar struggles further afield. *Revolutionary Egypt* is an essential resource for scholars and students of social movements and revolution, comparative politics and Middle East politics in particular, Middle East foreign policy and international relations.

*Nasser's Blessed Movement* Joel Gordon, 1992-01-09 This book examines a key period in the formation of modern Egypt: the early years of military rule following the coup of 1952. The Free Officers, a secret organization of junior officers, overthrew Egypt's parliamentary regime in July 1952 and over the next few years consolidated their rule brutally, suppressing alternative political movements. Gamal Abdel Nasser, one of the young officers, emerged as the leader of the military junta and launched an ambitious program for economic development, making Egypt a leader in Arab, African and non-aligned politics as well as a model for political mobilization and national development throughout the Third World. Focusing on the goals, programs, successes and failures of the young regime, Gordon provides the most comprehensive account of the Egyptian revolution to date. Besides bringing to light newly opened American and British sources on the period, Gordon's book is also informed by interviews he conducted with a number of actors and observers of the events.

[Gramsci on Tahrir](#) Brecht De Smet, 2016-01-20 Coming in the wake of intense political and academic debate on the nature and development of the Arab Uprisings, *Gramsci on Tahrir* zeroes in on the complex dynamic of Egypt's revolution and counter-revolution. It shows how a Gramscian understanding of the revolutionary process provides a powerful instrument for charting the possibilities for an emancipatory project by the Egyptian subaltern classes. Central to De Smet's argument is Gramsci's interpretation of Caesarism: an occasion in which two evenly matched political opponents reach a potentially catastrophic stalemate such that an interplay between these forces can only end in mutual destruction. In applying this to the Egyptian revolution, we see how the Egyptian state was bereft of strong hegemonies and the people were replete with capable counter-hegemonies. Through this analysis, we can see how the current situation in Egypt demonstrates how both national histories

and global power relations enable define and displace popular resistance and social transformation      *Syria and Iran* Anoushiravan Ehteshami, Raymond A. Hinnebusch, 2002-01-31 The experienced authors provide an innovative study of Iranian and Syrian foreign policy showing how the policies can be understood through the realist and rational actor frameworks      **Socio-Political Order and Security in the Arab World** Andreas Krieg, 2017-03-27 This book examines the connection between socio politics and security in the Arab World In an effort to understand the social and political developments that have been on going in the Arab World since the 1990s culminating in the Arab Spring Krieg moves beyond liberal deterministic assumptions most notably that the promotion of liberal values and democracy are the panacea for the structural problems of the region Instead this text advances the case that grievances related to individual security needs are at the heart of regional insecurity and instability Looking towards the future the author asserts that regimes can only be resilient if they are able to provide for individual security inclusively When regimes fail to cater for public security they might be replaced by alternative non state security providers      Faith- Based Diplomacy Trumping Realpolitik Douglas Johnston, 2008-06-02 For most of the twentieth century the most critical concerns of national security have been balance of power politics and the global arms race The religious conflicts of this era and the motives behind them however demand a radical break with this tradition If the United States is to prevail in its long term contest with extremist Islam it will need to re examine old assumptions expand the scope of its thinking to include religion and other irrational factors and be willing to depart from past practice This book looks at five intractable conflicts and explores the possibility of drawing on religion as a force for peace The world class authors writing in this volume suggest how the peacemaking tenets of five major world religions can be strategically applied in ongoing conflicts in which those religions are involved      *A Dialectical Pedagogy of Revolt* Brecht De Smet, 2015-01-27 In *A Dialectical Pedagogy of Revolt* Brecht De Smet offers an intellectual dialogue between the political theory of Italian Marxist Antonio Gramsci and the cultural psychology of Soviet thinker Lev Vygotsky within the framework of the Egyptian 25 January Revolution Their encounter affirms the enduring need for a coherent theory of the revolutionary subject in the era of global capitalism based on a political pedagogy of subaltern hegemony solidarity and reciprocal education Investigating the political and economic lineages and outcomes of the mass uprising of Tahrir Square De Smet discusses the emancipatory achievements and hegemonic failures of the Egyptian workers and civil democratic movements from the perspective of their in ability to construct a genuine dialectical pedagogy      Creating Military Power Risa Brooks, 2007-04-09 *Creating Military Power* examines how societies cultures political structures and the global environment affect countries military organizations Unlike most analyses of countries military power which focus on material and basic resources such as the size of populations technological and industrial base and GNP this volume takes a more expansive view The study s overarching argument is that states global environments and the particularities of their cultures social structures and political institutions often affect how they organize and prepare for war and ultimately impact their

effectiveness in battle The creation of military power is only partially dependent on states basic material and human assets Wealth technology and human capital certainly matter for a country s ability to create military power but equally important are the ways a state uses those resources and this often depends on the political and social environment in which military activity takes place

*Constitutionalism in Islamic Countries: Between Upheaval and Continuity* Rainer Grote,Tilman Röder,2012-01-11

Constitutionalism in Islamic Countries Between Upheaval and Continuity examines the question of whether something similar to an Islamic constitutionalism has emerged out of the political and constitutional upheaval witnessed in many parts of North Africa the Middle East and Central and Southern Asia In order to identify its defining features and to assess the challenges that Islamic constitutionalism poses to established concepts of constitutionalism this book offers an integrated analysis of the complex frameworks in Islamic countries drawing on the methods and insights of comparative constitutional law Islamic law international law and legal history European and North American experiences are used as points of reference against which the peculiar challenges and the specific answers given to those challenges in the countries surveyed can be assessed The book also examines ways in which the key concepts of constitutionalism including fundamental rights separation of powers democracy and rule of law may be adapted to an Islamic context thus providing valuable new insights on the prospects for a genuine renaissance of constitutionalism in the Islamic world in the wake of the Arab spring

## **Egypt The Praetorian State Introduction**

In today's digital age, the availability of Egypt The Praetorian State books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Egypt The Praetorian State books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Egypt The Praetorian State books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Egypt The Praetorian State versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Egypt The Praetorian State books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Egypt The Praetorian State books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Egypt The Praetorian State books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-

profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Egypt The Praetorian State books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Egypt The Praetorian State books and manuals for download and embark on your journey of knowledge?

### **FAQs About Egypt The Praetorian State Books**

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Egypt The Praetorian State is one of the best book in our library for free trial. We provide copy of Egypt The Praetorian State in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Egypt The Praetorian State. Where to download Egypt The Praetorian State online for free? Are you looking for Egypt The Praetorian State PDF? This is definitely going to save you time and cash in something you should think about.
