## **Ein Fest Far Boris:**

*Metaphor and Rational Discourse* Bernhard Debatin, Timothy R. Jackson, Daniel Steuer, 1997      *In Hora Mortis / Under the Iron of the Moon* Thomas Bernhard, 2024-05-14 Haunting and darkly humorous poems by the internationally acclaimed Austrian novelist playwright and memoirist Thomas Bernhard 1931 1989 has been compared to Kafka and Beckett and critics have ranked his novels among the masterpieces of the twentieth century But in fact he began his career in the 1950s as a poet publishing three books of well received verse before turning to fiction In *Hora Mortis* *Under the Iron of the Moon* is the first book of his expressionist like poetry to be published in English Bringing together Bernhard's second and third books of poetry the collection's short untitled lyrics reveal his early explorations of themes that would continue to preoccupy him in his novels plays and other writings especially his intense ambivalence toward the land and people of Austria and their then recent Nazi past As the translator James Reidel writes in his preface Bernhard found Austrian soil to be like a hair shirt and a blanket It is a killing ground but with a postcard setting In poems that both subvert and pay homage to such influences as Georg Trakl Bernhard begins to develop his characteristic dark humor while exploring themes of nature death meaninglessness and faith      *In Hora Mortis* Thomas Bernhard, 2006-05-22 *In Hora Mortis* and *Under the Iron of the Moon* are Thomas Bernhard's second and third collections of published verse      **A Companion to the Works of Thomas Bernhard** Matthias Konzett, 2002 New essays by leading scholars on major aspects of the most significant Austrian writer of the postwar generation      *The Nihilism of Thomas Bernhard* Charles W. Martin, 2023-12-18 This study examines the nihilistic basis of Bernhard's writing and traces developments in the author's nihilistic stance throughout his career In the first period of his prose fiction 1963 1975 nihilism is reluctantly accepted by Bernhard's fictional characters as a necessary response to a world perceived as meaningless Various possible sources of transcendence are explored and rejected The autobiographical texts 1975 1982 then represent a sustained attempt by the author himself to transcend his own essentially nihilistic state The apparent success of this attempt is quickly revealed to be illusory in the prose fiction of the second period 1978 1986 and it becomes apparent that nihilism is a no less necessary response to Austrian social reality than to the more purely personal problems which first motivated Bernhard's writing      **Modern Austrian Literature**, 2003      *The Oxford Guide to Literature in English Translation* Peter France, 2000 Translation has been a crucial process in world culture over the past two millennia and more In the English speaking cultures many of the most important texts are translations from Homer to Beckett the Bible to Freud Although recent years have seen a boom in translation studies there has been no comprehensive yet convenient guide to this essential element of literature in English Written by eminent scholars from many countries the *Oxford Guide to Literature in English Translation* meets this need and will be essential reading for all students of English and comparative literature It highlights the place of translation in our culture encouraging awareness of the issues raised making the translator more visible Concentrating on major writers and works it covers translations out of many

languages from Greek to Korean from Swahili to Russian For some works e g Virgil s Aeneid which have been much translated the discussion is historical and critical showing how translation has evolved over the centuries and bringing out the differences between versions Elsewhere with less familiar literatures the Guide examines the extent to which translation has done justice to the range of work available The Guide is divided into two parts Part I contains substantial essays on theoretical questions a pioneering outline of the history of translation into English and discussions of the problems raised by specific types of text e g poetry oral literature The second much longer part consists of entries grouped by language of origin some are devoted to individual texts e g the Thousand and One Nights or writers e g Ibsen Proust but the majority offer a critical overview of a genre e g Chinese poetry Spanish Golden Age drama or of a national literature e g Hungarian Scottish Gaelic There is a selective bibliography for each entry and an index of authors and translators *Austrian Information* ,1980

Missing Persons William E. Gruber,2011-04-01 In the hands of the twentieth century s most innovative dramatists characters have revealed their identities on stage in a variety of unconventional ways they speak with electronic voices or engage in solipsistic monologues they are lost in self conscious third person forms of communicating or are expressed simply as movement sound and decor *Missing Persons* is a study of character and its representation on the modern stage Within broad literary contexts William E Gruber addresses specific questions about the dramatis personae of the playwrights Gordon Craig Bertolt Brecht Samuel Beckett Thomas Bernhard and Maria Fomes Among the questions Gruber considers are why mechanical actors or the abrupt dislocations of oriental acting styles meant so much to dramatists as different as Brecht and Craig why figures in Beckett s late plays are so often flat schematized heraldic and why such contemporary dramatists as Fomes and Bernhard share a profound fascination with the mechanics of theatrical representation quoting reciting reproducing or impersonating an absent text The figures who move across these stages are frail contradictory occasionally mutilated or even dismembered They are grim reminders says Gruber that the individual s place in the world is not as secure or as central as we imagine it once was Yet character Gruber argues remains for these authors a crucial element of drama even if it is more fragile more ghostly more enigmatic than ever before The study of character as a crucial component of drama has been neglected for much of this century *Missing Persons* attempts to restore character to the current discourse by developing a vocabulary for discussing it in plays in which conventional terms seem insufficient or irrelevant Drawing on evidence from five dramatists whose work has long been considered antagonistic toward character as the term has typically been understood Gruber maintains that modern drama is never anticharacter even when it is most aggressively antirealist and suggests that character remains a defining ideal throughout the modern and postmodern period especially among dramatists who seem deliberately to have forsaken it **Modern Drama** ,1980 *Thomas Bernhard, Essential Companions and Legacy* Martin Huber,Manfred Mittermayer,Peter Karlhuber,2001 **Twentieth-century Literary Criticism** Gale Research Company,2005 Excerpts from criticism of the works of novelists poets playwrights and other

creative writers 1900 1960     Theatrefacts ,1976     Studien zur Dramatik in der Bundesrepublik Deutschland Gerhard Kluge,1983     **The Theater of Franz Xaver Kroetz** Ingeborg C. Walther,1990 This fascinating study explores the critical Volksstücke of Franz Xaver Kroetz as they confront the crisis of contemporary West German theater in representing social reality and effecting social change Focusing particularly on problems of intention and reception the author undertakes a detailed analysis of representative plays from Mannersache to Furcht und Hoffnung der BRD What emerges is an aesthetic model which subverts the very forms it employs and derives its effectiveness from the tension between word and image identification and distance self reflection and political commitment Offering an interpretation which sees in Kroetz's plays a radical attempt to rescue the communicative and utopian dimensions of the theater this study yields insight into the limits and possibilities of the Kroetzian Volksstück and locates it firmly within the context of contemporary aesthetic concerns
