**Doctrine, Dynamic and Difference** Pieter de Witte, 2012-03-29 One of the most divisive issues in Western Christianity since the Reformation is the question of how humans are justified by God In 1999 after many decades of ecumenical dialogue Lutherans and Roman Catholics have declared that this issue of justification by faith is no longer a cause of division between them One of the fascinating features of this Joint Declaration on the Doctrine of Justification JDDJ is that it expresses a differentiated consensus on justification The method of differentiated consensus is generally regarded as an important methodological step forward in the ecumenical dialogue It has been used and referred to in ecumenical documents published after 1999 But what are its meaning and implications This study attempts to clarify the method of differentiated consensus by 1 investigating the process of doctrinal rapprochement which led up to the JDDJ 2 examining the way the consensus takes shape in the document itself 3 analyzing arguments offered by critics and advocates of the official dialogue and 4 reflecting on the concept of doctrinal difference

**Mapping the Differentiated Consensus of the Joint Declaration** Jakob Karl Rinderknecht, 2016-10-12. This book uses the insights of cognitive linguistics to argue for the possibility of differentiated consensus between separated churches. The Joint Declaration on the Doctrine of Justification, signed by the Lutheran World Federation and the Roman Catholic Church in 1999, represents the high water mark of the twentieth century ecumenical movement. It declares that the sixteenth century condemnations related to justification do not condemn the teachings of the partner church. Some critics reject the agreement, arguing that a consensus that is differentiated is not actually a consensus. In this book, Jakob Karl Rinderknecht shows that mapping the cognitive blends that structure meaning can reveal underlying agreement within apparent theological contradictions. He traces Lutheran and Catholic positions on sin in the baptized, especially the Lutheran *simul iustus et peccator* and the Catholic insistence that concupiscence in the baptized is not sin. He demonstrates that the JDDJ reconciles these positions and therefore that a truly differentiated consensus is possible.

**Theological Renewal for the Third Millennium** Veli-Matti Karkkainen, 2022-08-12. Amos Yong has stated that Veli-Matti Karkkainen has become one of the more important theologians to be reckoned with in our time. This becoming has developed over the course of many decades with prolific contributions in essays, monographs, lectures and other mediums. The goal of this book then is to offer a curated selection of Karkkainen's essays for both new and established readers of Karkkainen. This volume offers an accessible introduction to Karkkainen's diverse contribution for readers who are only familiar with his popular survey texts or are new to his work overall. And yet for those familiar with his theology, this volume provides insights into the journey his theological contributions have taken over the last fifteen years and serves as a kind of intellectual storyboard leading into his five volume constructive systematics. In sum, this book seeks to offer a wide-ranging taste of Karkkainen's trajectory that will inspire more research into his work and ever more attention to his important constructive contributions to global twenty-first century theology.

**Luther@500 and Beyond** ATF Press, 2019-09-13. The Luther 500 anniversary may be behind us, but Luther stands ahead of us in many ways. The essays in this volume by an international group of scholars begin with a contextual discussion of Luther's definitive contribution to the Wittenberg Reformation and its significance for us today. New light is shed on old issues across a range of topics. But these essays do not stay in the past. Many also engage critically with contemporary issues in Luther interpretation and a few boldly trace the trajectory of Luther's reformational theology into the future.

**The Reformation** Steven M. Studebaker, Gordon

L. Heath, 2021-04-16 Martin Luther's nailing of the Ninety Five Theses on the church door at Wittenberg was a pivotal moment in the birth of what would become known as the Reformation. More than five hundred years later, historians and theologians continue to discuss the impact of these events and their ongoing relevance for the church today. The collection of essays contained in this volume not only engages the history and theology of this sixteenth-century movement but also focuses on how the message and praxis of the Protestant reformers can be translated into a post-Christendom West.

Historical Dictionary of Lutheranism Günther Gassmann, Mark W. Oldenburg, 2011-10-10 The Reformation of the 16th century was a complex and multifaceted political, social, cultural, and religious process. Most historians agree, however, that in the framework of this process it was the religious and theological efforts to reform and renew the late medieval church, decadent and irrelevant in many ways, that were the initiating forces that set a broad historical movement in motion. Among these reforming religious and theological forces, the Lutheran reform movement was the most important and influential one. It was the historical impact of the theological genius of the Wittenberg professor Martin Luther (1483-1546) that profoundly changed and shaped the face of Europe and beyond. Today, Lutheranism has become a worldwide communion of churches that stretches from Germany to Siberia, Papua New Guinea, Madagascar, and Surinam. The second edition of the Historical Dictionary of Lutheranism presents information on major theological issues, historical developments of Lutheranism worldwide, Lutheran ecumenical and missionary involvement, and activities of worship and liturgy, spirituality, social ethics, inter-religious and Jewish relations, Lutheranism and the arts, theology, and important representatives of Lutheranism. This is done through a detailed chronology, an introductory essay, an appendix of Lutheran Churches, a bibliography, and hundreds of cross-referenced dictionary entries. This book is an excellent access point for students, researchers, and anyone wanting to know more about Lutheranism.

*Who Do I Say That You Are?* William Schumacher, 2010-01-04 The question of what it means to be a human creature lies at the heart of contemporary wrestling with anthropology, and especially anthropology from a theological perspective. Through both historical and systematic engagement with the so-called Finnish school of Tuomo Mannermaa, this study explores and assesses the anthropological dimension of their theology of theosis or deification. Mannermaa initiated a minor revolution in Luther studies and in contemporary Lutheran theology by interpreting Luther's doctrine of justification to be a close analog to the Eastern Orthodox doctrine of theosis, but his ecumenical interests led him to minimize or overlook key themes in Luther and sharp distinctions between Luther and Orthodox theologians. Mannermaa's colleague Simo Peura then developed this thesis with specific reference to anthropology in a way reminiscent of the sixteenth-century reformer Andreas Osiander. On closer inspection, the project of Mannermaa and his Finnish colleagues fails to understand adequately both Luther's sources and his own theological development. In this study, a theological anthropology, which is more consistent with Luther's theology, is developed: an anthropology which is determined by God's address to his human creatures, what God himself says we are and what he makes us by that word. Such an answer to the anthropological

question refuses to flee from creation but instead upholds the complex and paradoxical nature of human beings as creatures sinners and saints *Justification in a Post-Christian Society* Carl-Henric Grenholm, Goran Gunner, 2015-03-26 Since the Reformation in the sixteenth century Lutheran traditions have impacted culture and politics in many societies At the same time Lutheran belief has had an effect on personal faith morality and ethics Modern society however is quite different from that at the time of the Reformation How should we evaluate Lutheran tradition in today's Western multicultural and post-Christian society Is it possible to develop a Lutheran theological position that can be regarded as reasonable in a society that evidences a considerable weakening of the role of Christianity What are the challenges raised by cultural diversity for a Lutheran theology and ethics Is it possible to develop a Lutheran identity in a multicultural society and is there any fruitful Lutheran contribution to the coexistence of different religious and non religious traditions in the future **Martin Luther and His Legacy: A Perspective on 500 Years of Reformation** Roy Long, 2017 The year 2017 marks the 500th anniversary of the beginning of the Reformation On this occasion the Council of Lutheran Churches in Great Britain presents Martin Luther and His Legacy to tell the story of the development of Lutheran communities in the UK This historical survey takes the reader through 500 years of Lutheranism concluding with a picture of the Lutheran church as it exists in Great Britain today **Lutheran Theology** Kirsi Stjerna, 2020-12-10 This textbook explores the Lutheran theological tradition Kirsi Stjerna looks at Lutheran sources vocabulary and focal points through the lens of the Augsburg Confession and the Large Catechism developing a distinctive Lutheran faith language that resonates with contemporary contexts and inquirers Lutheran Theology gives students the tools they need to understand Lutheran perspectives in the light of historical sources to see the underlying motivations of past theological discourses and to apply this knowledge to current debates Introducing the Book of Concord and Martin Luther's freedom theology it shows them how to engage critically and constructively with key topics in theology and spirituality such as freedom and confession Stjerna pays particular attention to the contribution of women theologians and empowers students to bring Lutheran theology into conversation with other faith languages and traditions This textbook includes an extensive range of pedagogical features A discussion guide for each chapter Chapter specific learning objectives Key terms in bold boxed text sections that identify points of debate discussion of central topics study questions and a glossary **Luther's Reform** Jared Wicks SJ, 2019-02-05 Of the Roman Catholic scholars of the Reformation who have contributed to our understanding of Martin Luther and his theology Jared Wicks is among the very best In this reprinted collection of essays a new generation of readers will glean fresh insights into the Wittenberg reformer as Wicks places Luther within his proper late medieval theological context and carefully teases out his unique contributions to understanding the church and justification conversion At the same time Wicks situates Luther's theology within present conversations between Lutherans and Roman Catholics and proves again and again the important role that good fair minded historiography plays in aiding such dialogue This collection will treat readers to among other things in depth investigations of

Luther's early theology of justification of the connection between the sacraments and faith and of the pastoral consequences for the simul iustus et peccator all written in a winsome prose with careful attention to the original sources. It is a helpful addition to the library of anyone interested in understanding the now 500 year old movement of reform within the church catholic and its implications for today. **Lutheran and Catholic Reconciliation on Justification** John A. Radano, 2009-07-28 After centuries of estrangement between Lutherans and Catholics new ecclesial relationships began at Vatican II and continued to develop during the following decades. In this broader context Lutheran and Catholic Reconciliation on Justification traces the evolution of the 1999 Joint Declaration on the Doctrine of Justification. While describing the steps that led to the Declaration and showing the Lutheran initiatives indispensable for making those steps, John Radano pays particular attention to the Holy See's contributions.
