Edward Lear's Nonsense:

The Complete Nonsense of Edward Lear Edward Lear, 2015-03 Edward Lear was the greatest nonsensicalist of all time. He was the inventor of the limerick and created the Jumblies and The Owl and the Pussycat. This complete edition of Lear's nonsense verse including the limericks, longer verses, alphabets, and his own illustrations is lovingly restored and beautifully presented for adults and children to enjoy together.

Book of Nonsense Edward Lear, 2013-01-08 Edward Lear's much celebrated book of nonsense is here reproduced with all the original pictures and verse and two autobiographical letters by the author. Children and adults alike will delight in the Limericks that here abound. Many of the earliest books, particularly those dating back to the 1900s and before, are now extremely scarce and increasingly expensive. We are republishing these classic works in affordable, high-quality modern editions using the original text and artwork.

The Book of Nonsense Edward Lear, 2009-01-01 Edward Lear 1812-1888 was an English writer of nonsense, the most famous piece of which is *The Owl and the Pussycat*. He is also credited with popularizing the limerick, though there was some speculation as to whether his patron, the Earl of Derby, simply used Lear as a pseudonym for his own writings. Lear was also a successful illustrator and even spent some time tutoring Queen Victoria in drawing before his improper behaviour had him thrown out of court.

So Much Nonsense Edward Lear, 2007 *The Owl and the Pussycat* is a well-loved children's classic and a perfect example of Edward Lear's mastery of nonsense. His works are distinguished by a poet's delight in the sounds of words, both real and imaginary. His invented terms, snail mail and the infamous runcible spoon, which appears in the Oxford English Dictionary, are hallmarks of a genre which has amused and delighted readers of all ages in a number of delightful publications over the years. This publication brings together his best-loved verse and drawings in a single volume packed full of choice Lariana, including his exquisite illustrated nonsense alphabets and remarkable bird drawings executed with superb attention to anatomical detail and accompanied by scientific names of the species. *The Stripy Bird*, Nonsense botany, his famously incomprehensible but delightful limericks, and images of the irrepressible Foss in his heraldic poses. Foss dansant. Packaged as a gift book, this publication has a timeless appeal and is as suitable for children as it is for adults.
