Auerbach, 2016-07-05 2 Manuscripts Book 1 Egyptian Gods The Gods and Goddesses of Ancient Egypt Worshiped for over three fifths of recorded history ancient Egypt's Gods and Goddesses are among the most fascinating of human civilization The lives of pharaohs and commoners alike were dominated by the need to honor worship and pacify the huge pantheon of deities From lavish tomb paintings and imposing temple reliefs to humble household shrines countless tributes throughout Egypt reflect the richness and complexity of their mythology This book examines the Egyptian gods and goddesses from minor household figures such as Bes and Taweret to the all powerful deities Amun and Re that made Egypt the most completely theocratic society of the ancient world and made Egyptians according to Herodotus more religious than any other people Ancient Egypt has held humanity in its thrall for over 5000 years The image of the Great Pyramids of the Valley of the Kings rising ghostlike from the white sands of the Sahara Desert is synonymous with the mysteries of the Ancient World Ancient Egypt was remarkably advanced especially considering its origins date back 30 centuries before the Common Era From clocks to the 12 month calendar to agriculture and fashion we continue to experience the echoes of Ancient Egypt in the world we live in today Book 2 Ancient Egypt A Guide to the Gods Pharaohs Dynasties and Traditions of Ancient Egypt Ancient Egypt's impact on later cultures was immense You could say that Egypt provided the building blocks for Greek and Roman culture and through them influenced all of the Western tradition Today Egyptian imagery concepts and perspectives are found everywhere you will find them in architectural forms on money and in our day to day lives Many cosmetic surgeons for example use the silhouette of Queen Nefertiti whose name means the beautiful one has come in their advertisements Ancient Egyptian civilization lasted for more than 3000 years and showed an incredible amount of continuity That is more than 15 times the age of the United States and consider how often our culture shifts less than 10 years ago there was no Facebook Twitter or Youtube While today we consider the Greco Roman period to be in the distant past it should be noted that Cleopatra VII's reign which ended in 30 BCE is closer to our own time than it was to that of the construction of the pyramids of Giza It took humans nearly 4000 years to build something anything taller than the Great Pyramids Contrast that span to the modern era we get excited when a record lasts longer than a decade Scroll to the top of the page and click Add To Cart to read more about this extraordinary largely forgotten chapter of history
