Edge Of The Sacred:

Edge of the Sacred - Jung, Psyche, Earth David Tacey, Does earth have spirit or soul This is a question being asked ever more frequently especially by those interested in the future of the natural world and the development of consciousness The alchemists said the greater part of the soul is outside the body and indigenous cultures have felt that soul or spirit resides in Nature and the physical environment Such notions have been dismissed by modernity as illusions but we are beginning to have second thoughts about the animation of the earth Science and rationality have not taught us how to love or care for the earth and in the modern era the environment has been disrespected The mythic bonds to Nature such as those found in Aboriginal Australian cultures appear to have real survival value because they bind us to the earth in a meaningful way When these bonds are destroyed by excessive rationality or a collapse of cultural mythology we are left alone outside the community of Nature and in an alienated state In this state we do real damage to the environment because it is no longer part of our spiritual body or moral responsibility Jung was one of the first thinkers of our time to consider the psychic influence of the earth and the conditioning of the mind by place Inspired by his writings and those of James Hillman the field of ecopsychology has arisen as a powerful new area of inquiry Edge of the Sacred Jung Psyche Earth contributes to global ecopsychology from an Australian perspective *Temple of Karnak* Frederick Monderson,2007-09-01 **Edge of Empire** Jane M. Jacobs,2002-09-11 Edge of Empire examines struggles over urban space in three contemporary first world cities in an attempt to map the real geographies of colonialism and postcolonialism as manifest in modern society From London the one time heart of the empire to Perth and Brisbane scenes of Aboriginal claims for the sacred in the space of the modern city Jacobs emphasises the global geography of the local and unravels the spatialised cultural politics of postcolonial processes Edge of Empire forms the basis for understanding imperialism over space and time and is a recognition of the unruly spatial politics of race and nation nature and culture past and present *Edge of the Wilderness* Stephanie Grace Whitson,2001-06-05 After surviving the harrowing Dakota Sioux uprising of 1862 Genevieve La Croix marries Simon and moves with him to minister to the Indians held in prison camp They follow the Sioux to the Crow Creek Reservation a place where the Indians suffered greatly Trying to make angry settlers understand that not all Indians are alike and that many Sioux risked their lives to save whites from the rebels Genevieve searches for a way to bring reconciliation to the frontier Though Genevieve believes Daniel Two Stars is dead he has survived the battles and now fights his own private war as a scout for the military What will happen when Genevieve and Daniel meet again Edge of the Wilderness is a moving story of faith forgiveness and the courage to build a new life in spite of loss and sorrow *The Edge of Surrealism* Roger Caillois,2003 A collection of newly translated writings by the French sociologist and surrealist *Dancing with the edge* Guillaume Lessard,2025-08-01 In Dancing with the Edge Guillaume Lessard offers a powerful and insightful guide for those entangled in relationships with individuals exhibiting borderline dynamics Drawing from personal experience and extensive

Dempsey, 2025-10-14 In today's death denying success driven society older women's countercultural voices call for our attention Recounting emotionally charged conversations from across the world *A View from Life's Edge* reflects on women's comfort with impending death gratitude forged by catastrophe and humility that makes

way for wonder Speaking with nearly one hundred women over the age of eighty in four locations northern Iceland south India a retirement community in California and a convent in upstate New York Corinne G Dempsey finds that as we near life's end we gain clarity about what really matters in life Women's stories and reflections in which sorrow and loss are central to a life well lived help to expand our sense of what it means to be human Drawing on the paradoxical wisdom of world religions and mystical traditions to frame late life tendencies across cultures Dempsey portrays these accounts as a corrective to mainstream values that defeat and diminish us Dempsey encourages us to turn away from ageist fears rather than denying life's inevitable end Learning from older women's perspectives we might move their edge of life views closer to the center

Experience on the Edge: Theorizing Liminality Brady Wagoner, Tania Zittoun, 2021-10-19 Liminality has become a key concept within the social sciences with a growing number of publications devoted to it in recent years The concept is needed to address those aspects of human experience and social life that fall outside of ordered structures In contrast to the clearly defined roles and routines that define so much of industrial work and economic life it highlights spaces of transition indefiniteness ambiguity play and creativity Thus it is an indispensable concept and a necessary counterweight to the overemphasis on structural influences on human behavior This book aims to use the concept of liminality to develop a culturally and experientially sensitive psychology This is accomplished by first setting out an original theoretical framework focused on understanding the liminal sources of cultural experience and second an application of concept to a number of different domains such as tourism pilgrimage aesthetics children's play art therapy and medical diagnosis Finally all these domains are then brought together in a concluding commentary chapter that puts them in relation to an overarching theoretical framework This book will be useful for graduate students and researchers in cultural psychology critical psychology psychosocial psychology developmental psychology health psychology anthropology and the social sciences cultural studies among others **Hawaiian Islands.
