When a Dream Dies Pamela Riney-Kehrberg,2022-09-15 Tucked into the files of Iowa State University s Cooperative Extension Service is a small innocuous looking pamphlet with the title Lenders Working through the Farmer Lender Crisis The Cooperative Extension Service intended this publication to improve bankers empathy and communication skills

especially when facing farmers showing Suicide Warning Signs After all they were working with individuals experiencing extreme economic distress and each banker needed to learn to be a good listener What was important too was what was left unsaid Iowa State published this pamphlet in April of 1986 Just four months earlier farmer Dale Burr of Lone Tree Iowa had killed his wife and then walked into the Hills Bank and Trust company and shot a banker to death in the lobby before taking shots at neighbors killing one of them and then killing himself The unwritten subtext of this little pamphlet was beware If bankers failed to adapt to changing circumstances the next desperate farmer might be shooting This was Iowa in the 1980s The state was at the epicenter of a nationwide agricultural collapse unmatched since the Great Depression In When a Dream Dies Pamela Riney Kehrberg examines the lives of ordinary Iowa farmers during this period as the Midwest experienced the worst of the crisis While farms failed and banks foreclosed rural and small town Iowans watched and suffered struggling to find effective ways to cope with the crisis If families and communities were to endure they would have to think about themselves their farms and their futures in new ways For many Iowan families this meant restructuring their lives or moving away from agriculture completely This book helps to explain how this disaster changed children families communities and the development of the nation s heartland in the late twentieth century Agricultural crises are not just events that affect farms When a Dream Dies explores the Farm Crisis of the 1980s from the perspective of the two thirds of the state s agricultural population seriously affected by a farm debt crisis that rapidly spiraled out of their control Riney Kehrberg treats the Farm Crisis as a family event while examining the impact of the crisis on mental health and food insecurity and discussing the long term implications of the crisis for the shape and function of agriculture
