## **Educating For Life The Handbook:**

**Holistic Education Resource Book** Peter Schreiner, Esther Banev, Simon Oxley, The book comes out of the ecumenical movement and is one outcome of the Holistic Education Study Process of the World Council of Churches It contributes to a dialogue between education philosophy and religious education spiritual education and the search for peace and justice reconciliation and healing as a yearning of all human beings The Routledge International Handbook of Life and Values Education in Asia John Chi-Kin Lee, Kerry J Kennedy, 2024-06-28 This Handbook provides a comprehensive look at the educational scope of life and values that characterize 21st century Asia as well as those values shared across cultures Some values are deeply resonant with the region's past while others reflect modernity and the new contexts in which Asian societies find themselves Exploring these values of different types and the way they are constructed in Eastern and Western contexts the contributors delve into the diversity of religious moral and social education to promote greater understanding across cultures While a range of values is identified here there is no single set of values that can be applied to all people in all contexts The time has long gone even for single societies when values can be imposed Yet this Handbook emphasizes both the extent and importance of values to individuals and their societies how they respond to these values may provide the key to better and more caring societies and to better lives for all Academics and teachers will find this Handbook resourceful because it raises important theoretical issues related to social values and their formation in distinctive contexts and provides novel insights into the diverse educational landscape in Asia Policymakers and educators will also find this text helpful in learning to think about new ways to improve the quality of people's lives **Life skills education school handbook** World Health Organization, 2020-05-20 **Comprehensive Hand book on PHYSICAL HEALTH AND LIFE SKILLS**
