Fascism Walter Laqueur, 1978 **World Fascism** Cyprian Blamires, 2006-09-18

This book shows how during the 20th century evils such as totalitarianism tyranny war and genocide became indelibly linked to the fascist cause and examines the enduring and popular appeal of an ideology that has counted princes poets and war heroes among its most fervent adherents From the followers of Hajj Amin Al Husseini the Arab leader who met with Adolf Hitler in November 1942 to the murderous death squads of the Croatian Ustasha to certain members of the British Establishment fascism's heady brew of extreme nationalism and revolutionary violence has attracted followers from across all religions races and classes Now widely reviled fascism became an immensely powerful political force in Western Europe throughout the 1930s and into the 1940s How did civilized nations like Italy Germany Austria and others succumb to an ideology now regarded by the political mainstream as barbarous and beyond the pale

World Fascism A Historical Encyclopedia covers all the key personalities and movements throughout the history of fascism and brings to light some of the ideology's lesser known aspects from Hindu extremists in India to the influential role of certain women in fascist movements How did an ideology which was openly boastful of its belief in violence come to seduce the elites of some of the most civilized nations on earth What can explain fascism's enduring appeal

questions about life that require spiritual answers reading and writing are simply the tools Offering a review of classical education and the history of this movement Wilson also reflects on his own involvement in the process of creating educational institutions that embrace that style of learning He details elements needed in a useful curriculum including a list of literary classics Readers will see that classical education offers the best opportunity for academic achievement character growth and spiritual education and that such quality cannot be duplicated in a religiously neutral environment **Education in Fascist Italy** Lorenzo Minie-Paluello,1946 **Socialism, Fascism, and Democracy** American Academy of Political and Social Science,1935 **Nationalism in Italian Education** Howard Rosario Marraro,1927 **Mussolini's Children** Eden K. McLean,2018-07-01 Mussolini s Children uses the lens of state mandated youth culture to analyze the evolution of official racism in Fascist Italy Between 1922 and 1940 educational institutions designed to mold the minds and bodies of Italy s children between the ages of five and eleven undertook a mission to rejuvenate the Italian race and create a second Roman Empire This project depended on the twin beliefs that the Italian population did indeed constitute a distinct race and that certain aspects of its moral and physical makeup could be influenced during childhood Eden K McLean assembles evidence from state policies elementary textbooks pedagogical journals and other educational materials to illustrate the contours of a Fascist racial ideology as it evolved over eighteen years Her work explains how the most infamous period of Fascist racism which began in the summer of 1938 with the publication of the Manifesto of Race played a critical part in a more general and long term Fascist racial program
