Education In Zambia Catholic Perspectives:

Education in Zambia Brendan Patrick Carmody, 1999 This book fills a gap by providing a much needed history of Catholic missionary education in Zambia It traces the contribution of the Catholic Church s contribution to the development of education in Zambia over more than a century providing more widely an overview of Zambia s educational history and insights into the development of the country s political history It articulates the perspectives of missionaries and officials of education departments of Zambian students lecturers and administrators The study further vividly illustrates how the mission school generated creative tension between modernity and education and Christian conversion and analyses the psychological impacts of religious conversion and how these have been played out in Zambia It argues that in the circumstances Catholic schools have been instruments of liberation in Zambia but duly recognises the ambiguities of modernisation and the need to respect and acknowledge the riches of local tradition The Emergence of Teacher Education in Zambia Brendan P.

Carmody, 2020-05-01 This book offers a detailed history of the development of teacher education in Zambia Also analysed is the nature of education offered at different times and how the teacher and his/her education reflect this arguing the need for a fundamentally new philosophy of education and a mode of teacher formation in line with it **Citizenship Education and**

Social Development in Zambia Ali A. Abdi, Edward Shizha, Lee Ellis, 2010-06-01 Zambia the butterfly shaped central African country has a population of about 11 million people and as other Sub Saharan African countries has been trying to democratize since the early 1990s Clearly though the promise of political reform did not fulfill the expectations of the public and with about 60 percent of the population living below the poverty line many Zambians are no longer confident that more open political systems can improve their lives But the problem may not be inherent in the political process itself and could be found more in the apparent disconnection between people s needs and the way the country s affairs are run It is with respect to these and related issues that this book emphasizes the crucial relationship between education and political participation and specifically highlights citizenship education as essential for Zambia s social development Social development which should comprise inter alia the economic political and cultural wellbeing of societies can be enhanced by citizenship education which focuses on elevating people s understanding of their rights and responsibilities vis vis government institutions structures and functions Indeed it is the centrality of the political component in people s lives especially its relationship with public policy and public programs that should underline the important role of citizenship education In describing these issues the book analyzes the role of the media women s groups and youth in enhancing the political educational and by extension the economic lives of the Zambian people The book should interest students and scholars of Zambian as well as African education politics and social development It should also be useful for policy makers institutional managers and both public and para public leaders in Zambia and elsewhere in the continent International Handbook of Catholic Education Gerald Grace, Joseph, SJ O'Keefe, 2007-12-07 Knowledge of Catholic educational scholarship and research has been largely confined

to specific national settings Now is the time to bring together this scholarship This is the first international handbook on Catholic educational scholarship and research The unifying theme of the Handbook is Catholic Education challenges and responses in a number of international settings In addition to analyzing the largest faith based educational system worldwide the book also critically examines contemporary issues such as church state relations and the impact of secularization and globalization

Religious Conversion: An African Perspective Carmody, Brendan, 2018-09-17 Religious Conversion An African Perspective includes a selection of key texts which are not easily accessible elsewhere Most of the chapters discuss the long standing thesis of Robin Horton who argues that religious change results from social transformation The contributors provide different perspectives on what remains an ongoing provocative though inconclusive debate The book has chapters on conversion in Africa from such authorities as Robin Horton Humphrey Fisher and Richard Gray It also contains chapters on Zambia by Elizaebeth Colson Brendan Carmody Austin Cheyeka Felix Phiri and W Van Binsbergen This collection of chapters provides an introduction to the discussion surrounding the query Did the Christian and Muslim messages bring something fundamentally new to the African religious horizon What has indigenisation meant What is the role of traditional religion

Religion and Education in Zambia, 2004 *The Economic Impact of Christian Missionaries in Zambia* Michael Chanda Chiseni, 2024-07-19 This open access book examines the long term impact of Christian missionaries in Zambia and sub Saharan Africa more generally on education health and economic development It examines how Christian missionaries provided Western style education and healthcare within sub Saharan Africa during the 20th century and how this was provided along unequal gender and regional lines With sub Saharan Africa currently facing challenges in the provision of essential public goods and services the legacy of Christian missionaries in Zambia provides an insightful case study for better understanding how gendered education and regional health inequality have hindered economic development in this region This book offers a new perspective on colonialism and the economic challenges faced within Africa It will be relevant to students and researchers interested development economics and economic history
