Edgar Cayce On Channeling Your Higher Self:

Edgar Cayce on Channeling Your Higher Self Henry Reed, 1989 *The Science of Channeling* Helané Wahbeh, 2021-09-01 From the director of research at the Institute of Noetic Sciences IONS a nonprofit parapsychological research institute cofounded by former astronaut Edgar Mitchell this groundbreaking guide explores the cutting edge science behind channeling and offers powerful tools to help readers hone their own abilities Readers will learn how to identify their unique skills process the channeled information they receive and use these skills to make a positive impact on their lives and the lives of others **Edgar Cayce: The "Sleeping" Medium & Spiritual Discernment** John Weldon, 2013-02-09 Edgar Cayce 1877 1945 was one of the most famous trance mediums in the world and the best known psychic in America s history Not commonly placed under those occult classifications he is commonly referred to in a more soothing category as the sleeping prophet Through entering a self induced hypnotic trance he produced over 14300 health and spiritual Readings one of the largest psychic libraries in history allegedly from his unconscious mind and or the supposed akashic records Uniquely he may be considered the spiritual father of both the modern New Age movement and contemporary holistic medicine His influence has extended to millions of people This book takes a critical look at the life readings and health spiritual impact of Edgar Cayce It illustrates the timely warning of the old adage that the road to hell may be paved with perfectly good intentions and how benevolent concepts such as improved health and spirituality may indeed become the devil s playground Ironically this is the very thing Cayce himself had worried about in reference to the Readings Who Translates? Douglas Robinson, 2001-02-01 2001 CHOICE Outstanding Academic Title Translators have long claimed that their job is to step aside and let the source author speak through them In *Who Translates* Douglas Robinson uses this adage to set up a series of postrationalist perspectives on translation all based on the recognition that translation has always been thought of in terms of the translator s surrender to forces beyond his or her rational control Exploring this theme Robinson examines Plato s Ion Philo Judaeus and Augustine on the Septuagint Paul on inspired interpreters Joseph Smith on the Book of Mormon and Schleiermacher Marx and Heidegger on translation He traces the imaginative and historical linkages between twentieth century conceptions of ideology and ancient conceptions of spirit channeling and the performative inversion of power relations by which the channel or translator comes to wield the source author as his or her tool And he argues throughout for a postrationalist conception of translation based not on the translator s rational control of words and meanings but rather on a flowing through the translator of voices and textualities Natural-Born Intuition (Easyread Super Large 20Pt Edition) , Natural Born Intuition Lauren Thibodeau, 2014-10-07 *Natural Born Intuition* is a practical step by step guide to living your best life through the process Dr Lauren calls Knowing living from a deeply guided wholly trusted sense of inner wisdom By demystifying intuition Dr Lauren teaches you how to bring your intuitive right brain and your analytical left brain together Using a simple self assessment tool she developed Dr

Edgar Cayce in Context K. Paul Johnson, 2016-03-22 Edgar Cayce widely acclaimed clairvoyant and forerunner of the holistic health movement is revealed here as a pivotal figure in the transition from the esoteric and metaphysical movements of the late nineteenth century to the New Age movement This book describes and evaluates his psychic readings more than 14 000 trance discourses that address medical theological historical and psychological concerns raised by thousands of inquirers The author evaluates evidence for and against Cayce s reliability in the subject areas emphasized by the readings Cayce s medical and psychological advice is shown to be well ahead of his time in many respects and his spiritual teachings are appraised as a reconciliation of Protestant mysticism with New Thought and Theosophy Although the medical readings provide intriguing evidence for Cayce s ESP his clairvoyant time travel illustrates the fallibility of information derived through hypnotic trance The author contends that the contents of the readings

reflect the knowledge and interests of their recipients as much as Cayce's personal opinions and beliefs. This is the first book to focus solely on appraising the entire body of the Cayce readings from a scholarly perspective. Integrating Brain, Mind, Soul, and Spirit Eric John Parkins, 2025-04-29 Referring to major spiritual traditions, transpersonal psychology, neuropsychology, neuroscience, and modern physics, this book identifies and systematically integrates core ideas concerning psychospiritual development. Integrating Brain, Mind, Soul, and Spirit presents neuropsychological research on psychedelics with reference to mystical experience and Psi, extrasensory perception as an extension of cognitively controlled brain-based homeostasis. The book equates concepts from modern physics with perennial metaphysics concerning intelligent consciousness, evolution, and the transfer of energy and information. It also compares spiritual literature regarding consciousness, spirit, soul, and brain, mind, personality to neuropsychological and psychological literature concerning emotion, cognition, and altered states of consciousness. Finally, a nested neuro-psycho-spiritual control hierarchy is presented as an architecture for systematically integrating, describing, and understanding brain, mind, soul, and spirit, and neuro-psycho-spiritual development. Providing a modern multidisciplinary perspective and highlighting implications for psychiatry, psychotherapy, and education, this book is a must-read for students and researchers of transpersonal psychology, psychospiritual matters, and altered states of consciousness. Becoming a Channel of Creativity and Inspiration Henry Reed, 2014-09-03 Whether you call it channeling, spiritual intelligence, inspiration, creativity, or intuition, we humans have available to us a level of awareness and intelligence that exists prior to any external education yet benefits from all your learning. This unique book describes many grounded and practical ways consistent with research in scientific psychology of developing a relationship with this human potential all within a spiritual or transpersonal philosophy that assumes that the purpose in life is for us to learn how to share our gifts and thereby come into an awareness of our essence as Creator.

Silencing Satan Sharon Beekmann, Peter G. Bolt, 2012-02-01 *Silencing Satan: A Handbook of Biblical Demonology* is about the nature and strategies of Satan and the demons and their defeat through the life, death, and resurrection of our Lord and Savior Jesus Christ. The book is for Christians in ministry, whether seminarians, pastors, Bible teachers, Christian counselors, or lay leaders. It is for all who desire an informed faith relevant to supernatural evil and the Gospel of Jesus Christ. Each chapter reflects extensive research and is succinctly written to enable believers to quickly grasp biblical truths that expose the lies and half-truths propagated by popular culture within and outside the church. The authors teach that when face-to-face with supernatural evil in its various guises, apparitions, voices, sensations, false doctrine, and immoral temptations, believers resist the devil and reflexively turn to Jesus and Scripture. They fight by living a radical life of faith expressed through love and obedience to Christ. As they do, God himself redeems the evil that Satan intends for his vainglory. God is building his church, and the gates of Hades will not prevail against her. Matt 16:18. The Art of Effortless Living Ingrid Bacci, 2002-06-04 A graduate of Harvard and Columbia, Ingrid Bacci was a real achiever until a crippling disease took over her life for three years.

After embarking on a journey of healing using mind body techniques she realized the secret to health happiness and success was to let go of trying so hard and face the fear that had ruled her life Many of us are addicted to struggling and trying so hard to make things happen We feel emotionally dissatisfied and physically exhausted or even ill We have a nagging sense that there must be more to life than what we are getting We apply ourselves to reaching our goals only to find out that we pay a price in the form of stress and tension In *The Art of Effortless Living* Dr Bacci presents clear simple techniques for developing an effortless lifestyle Through breathing exercises meditation visualization bodywork and tapping into unconscious guidance you can learn how to achieve a more fulfilling life by doing less

Silencing Satan: 13 Studies for Individuals and Groups Sharon Beekmann, 2013-02-12 The 13 lessons of this study guide help Christians develop an informed faith about supernatural evil and the gospel of Jesus Christ Each lesson refers the reader to significant teachings in *Silencing Satan Handbook of Biblical Demonology* In the book the authors teach about the nature and strategies of Satan and the demons and their defeat through the life death and resurrection of Jesus Christ They advocate resisting the devil in his various guises apparitions voices sensations false doctrine and immoral temptations by reflexively turning to Jesus Christ and Scripture The authors expose the half truths and lies propagated by popular culture They caution not to fill in gaps of understanding with extra biblical sources Does the study of Satan and the demons increase fear or give him too much attention In fact when presented from a biblical perspective such knowledge can increase faith in Jesus Christ and enable Christians to effectively serve God and his church Believers are challenged to live a radical life of faith expressed through love and obedience to Christ Seminarians pastors Bible teachers Christian counselors and lay leaders will find this study useful in individual and small group situations A leaders guide is available in the appendix

Divination Through the Ages Ellen Wallace Douglas, 2012-09-04 Ancients traveled far and paid handsomely to hear the sibyls and oracles channel wisdom from the gods The Holy Bible writes of many prophets and seers but divination by ordinary people was strongly prohibited As a result mediums and psychics have since been laughed at ostracized and even burned at the stake But always there have been some people who persisted in believing in spirit communication secretly We must take a sober and realistic view of divination in the times ahead but openly and publicly This book will help you to understand divination for its true value Listening to the spirit world is our only hope for a world of peace

Rethinking Religion in the Theatre of Grotowski Catharine Christof, 2017-03-27 This book opens a new interdisciplinary frontier between religion and theatre studies to illuminate what has been seen as the religious or spiritual nature of Polish theatre director Jerzy Grotowski's work It corrects the lacunae in both theatre studies and religious studies by examining the interaction between the two fields in his artistic output The central argument of the text is that through an embodied and materialist approach to religion developed in the work of Michel Foucault and religious studies scholar Manuel Vasquez as well as a critical reading of the concepts of the New Age a new understanding of Grotowski and religion can be developed It is possible to show how Grotowski's work articulated spiritual experience within the body achieving a removal of spirituality from ecclesial authorities and relocating spiritual experience within the body of the performer This is a unique analysis of one of the 20th Century's most famous theatrical figures As such it is a vital reference for academics in both Religion and Theatre Studies that have an interest in the spiritual aspects of Grotowski's work

The Spirit Within Paul Pacific, 2012-04-27 The Spirit Within is a treasure map that will illuminate a path for the reader to travel on an inner journey of spiritual self discovery It is not our physical self that was created in the image and likeness of God but our Soul or Spirit Within Learning how to connect with your Spirit Within or True Self is a treasure far beyond any riches you could ever imagine Get quiet focus within and ask yourself Is this book for me You will know the answer from a subtle feeling or knowing within you Whether you choose to read on or not as long as you are heeding the advice or your own Spirit Within you can never lose your way True intuition is a brief consciously aware connection with God through your Spirit Within IT is never wrong True Inspiration is the consciously aware ability to access and maintain this same connection at deeper levels and for longer periods of time Great Masters of all disciplines demonstrate this connection at the highest of levels Anyone who performs at a much higher level than their peers have a deeper or stronger level connection Within compared to those below them There are many levels and durations of this connection some are stronger or deeper than others Occasionally someone will display a once in a lifetime feat or performance never to be duplicated by them again Everyone has this innate ability within themselves When someone learns how to access this connection at deeper levels miracles can and DO happen Each and every one of us can consciously learn how to develop and use this God force because we are eternally connected to IT As an inspirational and motivational speaker Paul Pacific relays all true dramatic encounters and profound moments from tears of joy and sadness to circumstances which witnesses stated bordered on the miraculous From a variety of personal stories the latest scientific evidence and a host of other well documented areas the author explains how and why we are Spiritual Beings choosing to have a human being experience Paul also presents simple and practical guidelines on how to personally and consciously connect to your own Spirit Within

The Secret of Inner Presence Lin Lipetz, 2012-04 The Secret of Inner Presence

begins with author Lin Lipetz's story of her spontaneous spiritual awakening in 1986. Her spiritual awakening created an immediate awareness of a loving Inner Presence within her heart and a connection to another higher level of peace, contentment and greater knowledge. She now knows that Inner Presence waits patiently to manifest itself within each person and much of *The Secret of Inner Presence* is about providing the keys to bring about that shift in consciousness. As each of the eleven keys is practiced and experienced, the transformation toward a more complete understanding of the core self will gradually evolve through the loving guidance of the conscious Universe. One of the eleven keys opens the way to intuitively listen to the many voices that will assist in this transformation of the core self through healing, new insights, dreams, problem solving and caring advice. Another key opens the way to deepen intuitively to the level of receiving messages from the Universe and possibly finding the guides that have been available since birth. This process is called Stream of Consciousness writing and the powerful dialogues and inspirational poems the author has received in this way for many years are found in each chapter. Chapter by chapter, each of the eleven keys is presented by both the spiritual Universe and the author to help guide the reader to a higher dimension of the self.

Channeling Jon Klimo, 1998-04-17. In this study of channeling, earlier called spirit communication or mediumship, Klimo, who teaches at Rosebridge Graduate School in the San Francisco Bay Area, writes with clarity about the communication of information to or through a physically embodied human being from a source on some other level or dimension of reality other than the physical as we know it. He profiles recent channels and their sources goes back to preliterate societies and the advent of monotheism and identifies as channels such figures as Moses, Solomon, Muhammad, Merlin, Nostradamus, Swedenborg and Edgar Cayce. He discusses the sorts of people who are channels, kinds of information channeled, sources of information channeled and varieties of channeling like clairvoyance and automatic writing. According to Klimo, few people tap into their abilities to perform channeling and for those who think they can, he serves as guide.
