**Networks and Practices of Connoisseurship**

**in the Global Eighteenth Century** Valérie Kobi, Kristel Smentek, Chonja Lee, 2023-12-31 The 18th century was the age of the connoisseur. It was also an era of an expanding global consciousness born of accelerating trade and imperial conquest. Focusing on exchanges between India, Japan, China, and Europe, the contributors to this volume examine the complex and nuanced impacts on connoisseurial practice of encounters with artworks from different regions of the globe, the international networks that made those encounters possible, and the intricate transactions through which connoisseurial knowledge of art was generated. Expansive focus on practices and networks in India, Japan, and Europe in the 18th century. Complexities and asymmetries of connoisseurship in an expanding world.
