*A Legacy of Preaching, Volume Two---Enlightenment to the Present Day* Zondervan,2018-11-13 A Legacy of Preaching Volume

Two Enlightenment to the Present Day explores the history and development of preaching through a biographical and theological examination of its most important preachers. Instead of teaching the history of preaching from the perspective of movements and eras, each contributor tells the story of a particular preacher in history, allowing these preachers from the past to come alive and instruct us through their lives, theologies, and methods of preaching. Each chapter introduces readers to a key figure in the history of preaching, followed by an analysis of the theological views that shaped their preaching, their methodology of sermon preparation and delivery, and an appraisal of the significant contributions they have made to the history of preaching. This diverse collection of familiar and lesser-known individuals provides a detailed and fascinating look at what it has meant to communicate the gospel over the past two thousand years. By looking at how the gospel has been communicated over time and across different cultures, pastors, scholars, and homiletics students can enrich their own understanding and practice of preaching for application today. Volume Two covers the period from the Enlightenment to the present day and profiles thirty-one preachers, including Charles Simeon by Darrell Young, Robert Murray M'Cheyne by Jordan Mark Stone, Alexander Maclaren by R. *Transformations of Policing* Alistair Henry, 2017-05-15. *Police and People in London* is still the largest and most detailed study of a police force and its relations with the public that has yet been undertaken in Britain. The twenty-three years since its publication have seen a constantly accelerating rate of change in the legal framework of policing, in the arrangements for democratic accountability of the police, in the technologies involved in crime and policing, in management structures and methods in the police service, in financial control systems imposed by central government, and in methods of assessing police performance. Over the same period, crime control has moved from the bottom to the top of the political agenda, leading to increasing pressure on the police to be seen to be effective. *Transformations of Policing* returns to the central issues discussed in 1983 and considers whether the main conclusions need

to be revised in the light of what has happened since It also reviews areas of debate and research that have emerged more recently and highlights areas of turbulence that are creating fundamentally different patterns from before and raising genuinely new questions

**McCheyne's Dundee** Bruce McLennan,2018-02-15 In the mid nineteenth century Dundee was gradually establishing itself as Scotland s third largest city with a rapidly expanding economy What most attracted observers attention however was the religious revival that began in the Fall of 1839 under the leadership of two relatively young and inexperienced ministers Robert Murray McCheyne 1813 1843 and William Chalmers Burns 1815 1868 In McCheyne s Dundee historian Bruce McLennan ably traces the story of revival in this industrial Scottish seaport After looking at the social and economic conditions of the city as well as the significant religious issues of the day he then considers McCheyne and Burns their backgrounds their brief ministries in Dundee and their impact as God s instruments of great spiritual blessing to the people of that city McLennan concludes with an analysis of the reactions to the

revival both approbation and opposition and the awakening's long term effects which could still be seen a generation later
