But now just a few years into the revolution educators enthusiasm seems to have cooled As advocates and critics try to make sense of the rise and fall of these courses both groups are united by one question Where do we go from here Elizabeth Losh has gathered experts from across disciplines education rhetoric philosophy literary studies history computer science and journalism to tease out lessons and chart a course into the future of open online education Instructors talk about what worked and what didn't Students share their experiences as participants And scholars consider the ethics of this education The collection goes beyond MOOCs to cover variants such as hybrid or blended courses SPOCs Small Personalized Online Courses and DOCCs Distributed Open Collaborative Course Together these essays provide a unique even handed look at the MOOC movement and will serve as a thoughtful guide to those shaping the next steps for open education *Hearings, Reports and Prints of the House Committee on Education and Labor* United States.
