HUMAN DEVELOPMENT AND SCHOOL LEARNING

Human development can be defined psychologically as the pattern of movement or change that begins at conception and continuous through the human life span (santruck- 2005)

The study of human development gives you insights on where actually you came from (who were you) (who are you) how to come from.

Thus development involves stages **from born to death** that every individual must have passed through different development task which are the necessary activities and behaviors characterizing each stage of development e.g. childish play.

Human development involves two main concepts which are

- ✓ Growth
- ✓ Maturation

GROWTH

This refers to an increase in body **size, weight, shape** and **height**. It involves **quantitative changes**. Growth is believed to occur **rapidly** during the **pre-natal** and adolescence periods of human development.

MATURATION

This refers to change in **mental abilities** and **function ability** e.g. language use, thinking etc. **Maturation** involves to a large extent the **unfolding of genetic code** and that is significantly a qualitative of human development.
