investigations of the Committee on Bilingualism and Biculturalism Given Canada's early racist tendencies the establishment of multiculturalism was a remarkable shift in public thinking Many issues associated with immigration have arisen in the public debates around multiculturalism Some people are convinced that it is a pernicious ideology that enforces the ghettoisation of those different from the mainstream Others see dangers in the way some aspects of multiculturalism are merely tokens of an all inclusive society Still others contend that the voices of ethnicities aside from those of the two charter groups English and French are scarcely heard and that worse those marginalised voices are appropriated by mainstream writers On the whole however Canadians especially younger Canadians welcome a liberal outlook that is inclusive of a wide variety of ethnicities For them and for many immigrants Canada is a society that is multiple and layered one rich in meaning They tend to see Canada as a microcosm of the larger world one that presents a useful model of tolerance for the world at large Increasingly marginalised new Canadians are excelling in the arts communities telling all Canadians what various aspects of the culture shock of transplantation feels like This book includes a representative sample of their works

and ear and a status as a long time member of the University community Professor Friedland's text is accompanied by over 200 maps drawings and photographs Published to coincide with the University's 175th anniversary The University of Toronto A History tells the story of the university in the context of the history of the nation of which it is a part weaving the stories of the people who have been a part of this institution people who make up a who's who in the history of Canada Anyone who attended the University or who is interested in the growth of Canada's intellectual heritage will enjoy this compelling and magisterial history
