paediatric issues and significantly where it has come from The formation of the RCPCH from the BPA was very controversial with some members resigning from the RCP Since then the College has come a long way and is now recognised as the definitive body to speak for children's health in the UK and has forged relationships with many overseas countries It has produced influential documents and lobbied for advances in the practice of paediatrics It has reported on standards for how children should be cared for in emergency and urgent care settings launched policy to improve how children are looked after in the secure estate and produced teaching and training materials for child protection among many other contributions to child health Finally it will be of interest to other Colleges and professional bodies as well as to Members and Fellows of the College
