The study of emotions in politics and protest has emerged (or reemerged) in the past decade through a messy inductive process of recognizing the obvious: emotions of many sorts permeate political action. In grappling with the inadequacies of existing theories of politics, researchers grabbed pieces of emotion theory opportunistically where they could find them. Few existing approaches in the sociology of emotion have been applied systematically, much less compared, in this field, but almost all have found their way into the mix to some degree. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a brilliant and thrilling novel that will keep you wondering until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
