

The Empire

1902

*They said that it had feet of clay,
That its fall was sure and quick.
In the flames of yesterday
All the clay was burned to brick.*

*When they carved our epitaph
And marked us doomed beyond recall,
"We are," we answered, with a laugh,
"The Empire that declines to fall."*

Arthur Conan Doyle

Empires Poems:

Poems of Nation, Anthems of Empire Suvir Kaul, 2000 In Poems of Nation Anthems of Empire Suvir Kaul argues that the aggressive nationalism of James Thomson's ode *Rule Britannia* 1740 is the condition to which much English poetry of the late seventeenth and eighteenth centuries aspires. Poets as varied as Marvell, Waller and Dryden, Defoe, Addison, John Dyer and Edward Young or Goldsmith, Cowper, Hannah More and Anna Laetitia Barbauld all wrote poems deeply engaged with the British nation in the making. These poets and many others like them recognized that the nation and its values and institutions were being defined by the expansion of overseas trade, naval and military control, plantations and colonies. Their poems both embodied and were concerned about the culture and ideology of Great Britain itself, an idea of the nation that developed alongside the formation of a British Empire. Poems in this period thus flaunt various images of poetic inspiration that show poetry and culture following triumphantly where mercantile and military ships sail. Or sometimes more self-aggrandizingly for the poet they enact the process by which the Muses use their powers to inspire and show the way. Even at their most hesitant these poems were written as interventions into public discussion; their creativity is tied up with that desire to convince and persuade. Finally, as Kaul writes, it is their encyclopedic desire to incorporate new experiences, visions and values that makes these poems such fine guides to the world of poetry in the long years in which Great Britain was consolidated as an empire at home and abroad.

Empires Richard Moore, 1981 Aaron Burr, Jay Gould, Archimedes and Cleopatra reflect on their accomplishments and failures in a series of poems.

National Poetry, Empires and War David Aberbach, 2016-09-13 Nationalism has given the world a genre of poetry bright with ideals of justice, freedom and the brotherhood of man but also at times burning with humiliation and grievance, hatred and lust for revenge driving human kind as the Austrian poet Grillparzer put it. From humanity via nationality to bestiality. National Poetry, Empires and War considers national poetry and its glorification of war from ancient to modern times in a series of historical, social and political perspectives. Starting with the Hebrew Bible and Homer and moving through the Crusades and examples of subsequent empires, this book has much on pre-modern national poetry but focuses chiefly on post-1789 poetry which emerged from the weakening and collapse of empires as the idealistic liberalism of nationalism in the age of Byron. Whitman, D. Annunzio, Yeats, Bialik and Kipling was replaced by darker purposes culminating in World War I and the rise of fascism. Many national poets are the subject of countless critical and biographical studies but this book aims to give a panoramic view of national poetry as a whole. It will be of great interest to any scholars of nationalism, Jewish Studies, history, comparative literature and general cultural studies.

The Ancient Rain, Poems 1956-1978 Bob Kaufman, 2017-05-17 Mr Kaufman has a genuine lyric talent and his poetry is sensuous, exciting and charged with vitality. Publishers Weekly. The Ancient Rain, Poems 1956-1978 is San Francisco poet Bob Kaufman's third collection and his first to be published since the late 1960s. One of the original Beat poets, the coinage 'beatnik' is his. Kaufman's work has always been essentially improvisational, often done to jazz accompaniment. And he became something of

The Impotency Poem from Ancient Latin to Restoration English Literature Hannah Lavery, 2016-03-03 The first book length study of the motif of impotency in poetry from early antiquity through to the late Restoration this book explores the impotency poem as a recognisable form of poetry in the longer tradition of erotic elegy Hannah Lavery's central claim is that the impotency motif is adopted by poets in recognition of its potential to signify satirically through its use as symbol and allegory By drawing together analysis of works in the tradition Lavery shows how the impotency motif is used to engage with anxieties as to what it means to enact service within political and social contexts She demonstrates that impotency poems can be seen on one level to represent bawdy escapism but on the other to offer positions of resistance and opposition to social and political concerns contemporary to a particular time Whilst the link between the Imperfect Enjoyment poems by Ovid and Rochester is well known Lavery here looks further back to the origins of the concept of male impotency as degradation in the works of earlier Roman poets This is an important context for considering how the impotency poem then first appears in the French and English vernaculars during the sixteenth century leading to translations and adaptations throughout the seventeenth century Lavery's close

readings of the poems consider both the nature of the literary form and the political and social contexts within which the works appear in order to chart the intertextual development of the impotency poem as a distinct form of writing in the early modern period Percy's reliques of ancient English poetry Schröer,1889 **US Poetry in the Age of Empire,**

Thomas Hardy and Empire Jane L. Bownas,2016-02-24 Unlike many of his contemporaries Thomas Hardy is not generally recognized as an imperial writer even though he wrote during a period of major expansion of the British Empire and in spite of the many allusions to the Roman Empire and Napoleonic Wars in his writing Jane L Bownas examines the context of these references proposing that Hardy was a writer who not only posed a challenge to the whole of established society but one whose writings bring into question the very notion of empire Bownas argues that Hardy takes up ideas of the primitive and civilized that were central to Western thought in the nineteenth century contesting this opposition and highlighting the effect outsiders have on so called primitive communities In her discussion of the oppressions of imperialism she analyzes the debate surrounding the use of gender as an articulated category together with race and class and shows how in exposing the power structures operating within Britain Hardy produces a critique of all forms of ideological oppression Medieval Empires and the Culture of Competition Samuel England,2017-09-26 The first book to look critically at digital technologies and the role they play within queer lives in contemporary India
