Emily Dickinson's Letters Mabel Loomis Todd,1895 *Critical Companion to Emily Dickinson* Sharon Leiter,2007

Critical Companion to Emily Dickinson is an encyclopedic guide to the life and works of Emily Dickinson one of the most famous and widely studied American poets of the 19th century **Letters to the World** Faith Priscilla Barrett,University of California, Berkeley,2000 **Beyond the Five Paragraph Essay** Kimberly Campbell,Kristi Latimer,2023-10-10 Love it or hate it the five paragraph essay is perhaps the most frequently taught form of writing in classrooms of yesterday and today But have you ever actually seen five paragraph essays outside of school walls Have you ever found it in business writing journalism nonfiction or any other genres that exist in the real world Kimberly Hill Campbell and Kristi Latimer reviewed the research on the effectiveness of the form as a teaching tool and discovered that the research does not support the five paragraph formula In fact research shows that the formula restricts creativity emphasizes structure rather than content does not improve standardized test scores inadequately prepares students for college writing and results in vapid writing In *Beyond the Five Paragraph Essay* Kimberly and Kristi show you how to reclaim the literary essay and create a program that encourages thoughtful writing in response to literature They provide numerous strategies that stimulate student thinking value unique insight and encourage lively personal writing including the following Close reading which is the basis for writing about literature Low stakes writing options that support students thinking as they read Collaboration in support of discussion debate and organizational structures that support writing as exploration A focus on students writing process as foundational to content development and structure The use of model texts to write in the form of the literature students are reading and analyzingThe goal of reading and writing about literature is to push and challenge our students thinking We want students to know that their writing can convey something important a unique view to share defend prove delight discover and inspire If we want our students to be more engaged skilled writers we need to move beyond the five paragraph essay **Modernizing Solitude** Yoshiaki Furui,2019-02-05 An innovative and timely examination of the concept of solitude in nineteenth century American literature During the nineteenth century the United States saw radical developments in media and communication that reshaped concepts of spatiality and temporality As the telegraph the postal system and public transportation became commonplace the country achieved a level of connectedness that was never possible before At this level physical isolation no longer equaled psychological separation from the exterior world and as communication networks

proliferated being disconnected took on negative cultural connotations Though solitude and the lack thereof is a pressing concern in today's culture of omnipresent digital connectivity Yoshiaki Furui shows that solitude has been a significant preoccupation since the nineteenth century The obsession over solitude is evidenced by many writers of the period with consequences for many basic notions of creativity art and personal and spiritual fulfillment In *Modernizing Solitude The Networked Individual in Nineteenth Century American Literature* Furui examines among other works Henry David Thoreau's *Walden* Harriet Jacobs's *Incidents in the Life of a Slave Girl* Herman Melville's *Bartleby the Scrivener* Emily Dickinson's poetry and letters and telegraphic literature in the 1870s to identify the virtues and values these writers bestowed upon solitude in a time and place where it was being consistently threatened or devalued Although each writer has a unique way of addressing the theme they all aim to reclaim solitude as a positive productive state of being that is essential to the writing process and personal identity Employing a cross disciplinary approach to understand modern solitude and the resulting literature Furui seeks to historicize solitude by anchoring literary works in this revolutionary yet interim period of American communication history while also applying theoretical insights into the literary analysis

Tradition and the Poetics of Self in Nineteenth-Century Women's Poetry, 2021-11-01 Tradition and how far writers fit into or diverge from the demands of tradition is one of the most debated issues in literary discussion Gender however is not often part of discussions which depend on such questions at the decisiveness of the Modernist break with the Victorian period or whether Postmodernism makes tradition meaningless By contrast the very existence of a specifically female tradition is still an urgent subject of debate and it is clear that many nineteenth century women writers were troubled in their search for literary foremothers This autobiographical impetus can be located in the work of each of the poets discussed in *Tradition and the Poetics of Self Nineteenth Century Women's Poetry* Elizabeth Barrett Browning Caroline Bowles Southey Emily Dickinson and Christina Rossetti An exploration of the self either in the abstract or in a more closely personal sense appears in a concern with the craft of poetry and the role of the poet in a teasing out of language as a marker of a personal encounter with the world in an adventurous play with genre and a rewriting of myth and in a bold confrontation with received notions of a woman's place Adventurousness marks the work of each of these poets and is a central focus of these essays

Letters of Emily Dickinson Emily Dickinson, 1894

Dickinson's Nerves, Frost's Woods William Logan, 2018-06-05 In *Dickinson's Nerves Frost's Woods* William Logan the noted and often controversial critic of contemporary poetry returns to some of the greatest poems in English literature He reveals what we may not have seen before and what his critical eye can do with what he loves In essays that pair different poems *Ozymandias* *On First Looking Into Chapman's Homer* *In a Station of the Metro* *The Red Wheelbarrow* *After great pain a formal feeling comes* and *Stopping by Woods on a Snowy Evening* among others Logan reconciles history and poetry to provide new ways of reading poets ranging from Shakespeare and Shelley to Lowell and Heaney In these striking essays Logan presents the

poetry of the past through the lens of the past attempting to bring poems back to the world in which they were made Logan's criticism is informed by the material culture of that world whether postal deliveries in Regency London the Metro lighting in 1911 Paris or the wheelbarrows used in 1923 Deeper knowledge of the poet's daily existence lets us read old poems afresh providing a new way of understanding poems now encrusted with commentary Logan shows that criticism cannot just root blindly among the words of the poem but must live partly in a lost world in the shadow of the poet's life and the shadow of the age
