Eminent Women Of The Age Being Narrative

James Et Al Parton

Eminent Women Of The Age Being Narrative:

Eminent Women of the Age James Et Al Parton,1868 Eminent Women of the Age James Parton,1869 **Eminent Women of the Age** Hardpress,2013-12 Unlike some other reproductions of classic texts 1 We have not used OCR Optical Character Recognition as this leads to bad quality books with introduced typos 2 In books where there are images such as portraits maps sketches etc We have endeavoured to keep the quality of these images so they represent accurately the original artefact Although occasionally there may be certain imperfections with these old texts we feel they deserve to be made available for future generations to enjoy Eminent Women of the Age James Parton,1868 Eminent Women of the Age ,1869 Eminent Women of the Age James Parton,2015-10-16 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work was reproduced from the original artifact and remains as true to the original work as possible Therefore you will see the original copyright references library stamps as most of these works have been housed in our most important libraries around the world and other notations in the work This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work As a reproduction of a historical artifact this work may contain missing or blurred pages poor pictures errant marks etc Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant *Eminent Women of the Age* James Et Al Parton,1868 **EMINENT WOMEN OF THE AGE** James 1822-1891 Parton,2016-08-26 **Doing Literary Business** Susan Coultrap-McQuin,2000-11-09 Coultrap McQuin investigates the reasons for women s unprecedented literary professionalism in the nineteenth century highlighting the experiences of E D E N Southworth Harriet Beecher Stowe Gail Hamilton Helen Hunt Jackson and Elizabeth Stuart Phelps Ward She examines the cultural milieu of women writers the ideals and practices of the literary marketplace and the characteristics of women s literary activities that brought them success Originally published in 1990 A UNC Press Enduring Edition UNC Press Enduring Editions use the latest in digital technology to make available again books from our distinguished backlist that were previously out of print These editions are published unaltered from the original and are presented in affordable paperback formats bringing readers both historical and cultural value Eminent Women of the Age James Parton,1880 *Women Writers in the Romantic Age* John Claiborne Isbell,2025-04-17 This groundbreaking book offers a comprehensive review of six hundred and fifty women writers from over fifty national traditions spanning Europe and the Americas during the transformative years of 1776 to 1848 Framed by revolutionary upheavals the book explores how women writers shaped and reflected Romanticism s global currents It fills a critical scholarly gap connecting disparate traditions and uncovering voices often overlooked in male dominated literary histories Through concise entries the book

names every woman writer identified in its vast research from celebrated figures like Phillis Wheatley to lesser known authors whose manuscripts lay buried in archives Each entry provides essential biographical details while select excerpts in seventeen languages bring these voices to life revealing how women navigated the era's revolutionary ideals and patriarchal barriers Structured democratically the volume treats all writers equally whether anonymous pseudonymous or celebrated in their time It highlights their diverse experiences poets and novelists abolitionists and suffragists mothers and mill workers From memoirs to political tracts their works testify to the rich tapestry of women's contributions to Romanticism By illuminating these stories this book challenges national silos offering a panoramic view of Romanticism as a truly transnational female inclusive phenomenon It represents a go to resource for students and interested readers while setting the ground for future scholars to expand this vital field of study

The Artistry of Anger

Linda M. Grasso, 2003-04-03

In this compelling interdisciplinary study Linda Grasso demonstrates that using anger as a mode of analysis and the basis of an aesthetic transforms our understanding of American women's literary history Exploring how black and white nineteenth century women writers defined expressed and dramatized anger Grasso reconceptualizes antebellum women's writing and illuminates an unrecognized tradition of discontent in American literature She maintains that two equally powerful forces shaped this tradition women's anger at their exclusion from the democratic promise of America and the cultural prohibition against its public articulation Grasso challenges the common notion that nineteenth century women's writing is confined to domestic themes and shows instead how women channeled their anger into art that addresses complex political issues such as slavery nation building gender arrangements and race relations Cutting across racial and genre boundaries she considers works by Lydia Maria Child Maria W Stewart Fanny Fern and Harriet Wilson as superb examples of the artistry of angry expression Transforming their anger through literary imagination these writers bequeathed their vision of an alternative America both to their contemporaries and to subsequent generations

The War Was You and Me

Joan E. Cashin, 2020-09-01 Though civilians constituted the majority of the nation's population and were intimately involved with almost every aspect of the war we know little about the civilian experience of the Civil War That experience was inherently dramatic Southerners lived through the breakup of basic social and economic institutions including of course slavery Northerners witnessed the reorganization of society to fight the war And citizens of the border regions grappled with elemental questions of loyalty that reached into the family itself These original essays all commissioned from established scholars based on archival research and written for a wide readership recover the stories of civilians from Natchez to New England They address the experiences of men women and children of whites slaves and free blacks and of civilians from numerous classes Not least of these stories are the on the ground experiences of slaves seeking emancipation and the actions of white Northerners who resisted the draft Many of the authors present brand new material such as the war's effect on the sounds of daily life and on reading culture Others examine the war's premiere events including the battle of Gettysburg and

the Lincoln assassination from fresh perspectives Several consider the passionate debate that broke out over how to remember the war a debate that has persisted into our own time In addition to the editor the contributors are Peter W Bardaglio William Blair W Fitzhugh Brundage Margaret S Creighton J Matthew Gallman Joseph T Glatthaar Anthony E Kaye Robert Kenzer Elizabeth D Leonard Amy E Murrell George C Rable Nina Silber Mark M Smith Mary Saracino Zboray and Ronald J Zboray Together they describe the profound transformations in community relations gender roles race relations and culture wrought by the central event in American history Men in the American Women's Rights Movement, 1830-1890 Hélène Quanquin, 2020-11-29 This book studies male activists in American feminism from the 1830s to the late 19th century using archival work on personal papers as well as public sources to demonstrate their diverse and often contradictory advocacy of women's rights as important but also cumbersome allies Focussing mainly on nine men William Lloyd Garrison Wendell Phillips James Mott Frederick Douglass Henry B Blackwell Stephen S Foster Henry Ward Beecher Robert Purvis and Thomas Wentworth Higginson the book demonstrates how their interactions influenced debates within and outside the movement marriages and friendships as well as the evolution of self definitions of masculinity throughout the 19th century Re evaluating the historical evolution of feminisms as movements for and by women as well as the meanings of identity politics before and after the Civil War this is a crucial text for the history of both American feminisms and American politics and society This is an important scholarly intervention that would be of interest to scholars in the fields of gender history women's history gender studies and modern American history **Gender, Fantasy, and Realism in American Literature** Alfred Habegger, 1982 In this study of the 19th century American novel the author demonstrates the imaginative continuity between sentimental and realistic fiction and sets out to establish that realism is the central and preeminent literary type in America a mode grounded in the tradition of women's popular fiction which shaped the nation's reading habits in the mid 19th century He examines this feminine literature with its common technique of symbolizing deeper social conflicts through patterns of courtship marriage and gender roles Contends that Howells and James owe much of their fictional domain to the often disparaged household dramas of these female precursors Eclectic Magazine, and Monthly Edition of the Living Age John Holmes Agnew, Walter Hilliard Bidwell, 1868 *Sex and Citizenship in Antebellum America* Nancy Isenberg, 2000-11-09 With this book Nancy Isenberg illuminates the origins of the women's rights movement Rather than herald the singular achievements of the 1848 Seneca Falls convention she examines the confluence of events and ideas before and after 1848 that in her view marked the real birth of feminism Drawing on a wide range of sources she demonstrates that women's rights activists of the antebellum era crafted a coherent feminist critique of church state and family In addition Isenberg shows they developed a rich theoretical tradition that influenced not only subsequent strains of feminist thought but also ideas about the nature of citizenship and rights more generally By focusing on rights discourse and political theory Isenberg moves beyond a narrow focus on suffrage Democracy was in the process of being redefined in antebellum America by controversies over such

volatile topics as fugitive slave laws temperance Sabbath laws capital punishment prostitution the Mexican War married women's property rights and labor reform all of which raised significant legal and constitutional questions These pressing concerns debated in women's rights conventions and the popular press were inseparable from the gendered meaning of nineteenth century citizenship

The Sentimental Touch: The Language of Feeling in the Age of Managerialism

Aaron Ritzenberg, 2013 The Sentimental Touch explores the strange enduring power of sentimental language in the face of a rapidly changing culture

Citizen Louise W. Knight, 2008-09-15 Jane Addams was the first American woman to receive the Nobel Peace Prize Now Citizen Louise W Knight's masterful biography reveals Addams's early development as a political activist and social philosopher In this book we observe a powerful mind grappling with the radical ideas of her age most notably the ever changing meanings of democracy Citizen covers the first half of Addams's life from 1860 to 1899 Knight recounts how Addams a child of a wealthy family in rural northern Illinois longed for a life of larger purpose She broadened her horizons through education reading and travel and after receiving an inheritance upon her father's death moved to Chicago in 1889 to co found Hull House the city's first settlement house Citizen shows vividly what the settlement house actually was a neighborhood center for education and social gatherings and describes how Addams learned of the abject working conditions in American factories the unchecked power wielded by employers the impact of corrupt local politics on city services and the intolerable limits placed on women by their lack of voting rights These experiences Knight makes clear transformed Addams Always a believer in democracy as an abstraction Addams came to understand that this national ideal was also a life philosophy and a mandate for civic activism by all As her story unfolds Knight astutely captures the enigmatic Addams's compassionate personality as well as her flawed human side Written in a strong narrative voice Citizen is an insightful portrait of the formative years of a great American leader Knight's decision to focus on Addams's early years is a stroke of genius We know a great deal about Jane Addams the public figure We know relatively little about how she made the transition from the 19th century to the 20th In Knight's book Jane Addams comes to life Citizen is written neither to make money nor to gain academic tenure it is a gift meant to enlighten and improve Jane Addams would have understood Alan Wolfe New York Times Book Review My only complaint about the book is that there wasn't more of it Knight honors Addams as an American original Kathleen Dalton Chicago Tribune

Constructing American Lives Scott E. Casper, 2018-07-25

Nineteenth century American authors critics and readers believed that biography had the power to shape individuals characters and to help define the nation's identity In an age predating radio and television biography was not simply a genre of writing says Scott Casper it was the medium that allowed people to learn about public figures and peer into the lives of strangers In this pioneering study Casper examines how Americans wrote published and read biographies and how their conceptions of the genre changed over the course of a century Campaign biographies memoirs of pious women patriotic narratives of eminent statesmen mug books that collected the lives of ordinary midwestern farmers all were labeled

biography however disparate their contents and the contexts of their creation publication and dissemination Analyzing debates over how these diverse biographies should be written and read Casper reveals larger disputes over the meaning of character the definition of American history and the place of American literary practices in a transatlantic world of letters As much a personal experience as a literary genre biography helped Americans imagine their own lives as well as the ones about which they wrote and read

The Enigmatic Realm of **Eminent Women Of The Age Being Narrative**: Unleashing the Language is Inner Magic
