Empire Of The Airmen Who Made Radio:

Anatomy of Sound Jacob Smith, Neil Verma, 2016-07-19 This collection of essays examines one of the most important yet understudied media authors of all time Norman Corwin using him as a critical lens to consider the history of multimedia authorship particularly in the realm of sound Known for seven decades as the poet laureate of radio Corwin is most famous for his radio dramas which reached tens of millions of listeners around the world and contributed to radio drama's success as a mass media form in the 1930s and 1940s But Corwin was a pioneer in multiple media including cinema theater TV public service broadcasting journalism and even cantata In each of these areas Corwin had a distinctive approach to sonic aesthetics and mastery of multiple aspects of media production relying in part on his inventive atmospheric effects in the studio both prerecorded and more impressively live in real time From the front lines of World War II to his role as Chief of Special Projects for United Nations Radio and his influence on media today the political and social aspect of Corwin's work is woven into these essays With a foreword by Michele Hilmes and contributions from Thomas Doherty Mary Ann Watson Shawn VanCour David Ossman and others this volume cements Corwin's reputation as perhaps the greatest writer in the history of radio while also showing that his long career is a neglected model of multimedia authorship Provided by publisher

Morris-Suzuki,Morris Low,Leonid Petrov,Timothy Y. Tsu,2013-01-17 East Asia is now the world s economic powerhouse but
ghosts of history continue to trouble relations between the key countries of the region particularly between Japan China and
the two Koreas Unhappy legacies of Japan s military expansion in pre war Asia prompt on going calls for apologies while
conflicts over ownership of cultural heritage cause friction between China and Korea and no peace treaty has ever been
signed to conclude the Korean War For over a decade the region s governments and non government groups have sought to
confront the ghosts of the past by developing paths to reconciliation Focusing particularly on popular culture and grassroots
action East Asia beyond the History Wars explores these East Asian approaches to historical reconciliation This book
examines how Korean historians from North and South exchange ideas about national history how Chinese film makers
reframe their views of the war with Japan and how Japanese social activists develop grassroots reconciliation projects with
counterparts from Korea and elsewhere As the volume s studies of museums monuments and memorials show East Asian
public images of modern history are changing but change is fragile and uncertain This unfinished story of East Asia s search
for historical reconciliation has important implications for the study of popular memory worldwide Presenting a fresh
perspective on reconciliation which draws on both history and cultural studies this book will be welcomed by students and
scholars working in the fields of Asian history Asian culture and society as well as those interested in war and memory
studies more generally **Nazis, Islamists, and the Making of the Modern Middle East** Barry Rubin,Wolfgang G.

Schwanitz,2014-02-01 A groundbreaking account of the Nazi Islamist alliance that changed the course of World War II and
influences the Arab world to this day During the 1930s and 1940s a unique and lasting political alliance was forged among
Third Reich leaders Arab nationalists and Muslim religious authorities From this relationship sprang a series of dramatic
events that despite their profound impact on the course of World War II remained secret until now In this groundbreaking
book esteemed Middle East scholars Barry Rubin and Wolfgang G Schwanitz uncover for the first time the complete story of
this dangerous alliance and explore its continuing impact on Arab politics in the twenty first century Rubin and Schwanitz

reveal for example the full scope of Palestinian leader Amin al Husaini's support of Hitler's genocidal plans against European and Middle Eastern Jews. In addition they expose the extent of Germany's long term promotion of Islamism and jihad. Drawing on unprecedented research in European, American and Middle East archives many recently opened and never before written about, the authors offer new insight on the intertwined development of Nazism and Islamism and its impact on the modern Middle East. Nazis, Islamists reinsert their racial ideology into the study of the desert conflict and thereby offer new insights into the Nazis' relationships with their North African and Middle Eastern partners. Mia Lee, Contemporary European History. Thoroughly researched and closely argued. David Pryce Jones, National Review. The odd couple marriage between Nazis and Arab nationalists has come under increasingly revealing scrutiny over the last decade. Here fresh research from previously unexamined archives explicitly ties that frightening nexus to today's Middle East. Gene Santoro, World War II magazine. This book tells a remarkable and to me at least little known but very important story. Marshall Poe, New Books in History.
